The Rebels scored three more runs in the bottom of the fourth inning to extend the lead to 9-1. Jake McDaniel hit a two-run homer in the sixth inning to end the game with an 11-1 Rebel victory.

Ty Anderson went the distance on the mound pitching six innings giving up just two hits, one run, and striking out five War Eagles. Jackson Cassidy led the way for McKenzie at the plate with two hits driving in two runs while Jake McDaniel drove in two runs with his home run.

The Rebels advanced to the Region Championship Wednesday, May 18 against Bruceton at Bruceton. Bruceton defeated Houston County 3-2 to reach the final.

TSSAA Class A State Baseball Bracket.

State Sectional Moore County

Back home again on Friday, May 20 for the State Sectional against Moore County. It turned out to be a morning game due to scheduling conflicts and the game got underway at 11:30. The first inning went with no score Moore County scored first in the top of the second inning with a

solo run for a 1-0 lead. The Raiders made it 3-0 with a two-run homer in the top of the third inning. In the bottom of the inning, Hayden Hixson got the Rebels on the board with a solo homer. Shortly after that, Jake McDaniel got on base and scored on a passed ball to make it 3-2 in favor of the Raiders. After the fourth and fifth innings went

scoreless for both teams, Moore County scored to make it 4-2.

The Rebels exploded in the bottom of the sixth with Jackson Cassidy and Zayden McCaslin getting on base with no outs. Tate Surber smacked a triple driving in Cassidy and McCaslin to tie the game 4-4. Surber scored to give McKenzie their first lead

5-4. Renfro, along with two others scored giving the Rebels an 8-4 lead. Cassidy came back to hit again and drilled a two-run homer to make it 10-4 for the Rebels.

Moore County answered with two runs in the top of the seventh inning cutting the Rebel lead to 10-6. But the Rebels got the needed three outs to finish the game. Jake McDaniel went six innings on the mound and Ty Anderson came in the seventh inning to finish up the win and send the Rebels to the state tournament. McDaniel gave up eight hits, six runs, one walk, and four strikeouts.

Coach Wall was pleased with the team effort and the senior leadership. "Jake, Collin, and Zayden have pushed this team to be better all year. I can't say enough about Jake on the mound today. He just stayed in there and threw strikes and got his curve ball working. We had some big time hits especially Tate Surber driving in those two runs to tie the game and of course the homers from Hixson and Cassidy."

August Sales Tax Holiday Will Offer Temporary Inflation Relief

Included in a series of new Tennessee legislation announced this spring is a one-month sales-tax holiday on groceries. In August, the state will experience a temporary end to its 4% sales tax on groceries.

Lawmakers passed the new bill in response to the country's rising inflation rates, which are the highest they have been in forty years. The month-long holiday will provide direct relief for Tennes-

seans amid statewide skyrocketing costs of living and inflation rates.

The sales-tax holiday is included in Tennessee's 2022-23 \$52.8 billion spending plan.

Authorities Investigate Woman's Death

CEDAR GROVE — The Tennessee Bureau of Investigation and the Carroll County Sheriff's Department are investigating the death of a Cedar Grove woman.

According to Sheriff Andy Dickson, Carroll County Dispatch Center received a call from George Hill in Bartlett, Tennessee indicating Elizabeth Randow, 45, of 3250 Highway 70, Cedar Grove was unresponsive and needed an ambulance.

Sheriff Dickson said the

call came in around 8 to 8:30 p.m. on Thursday and deputies responded to the residence.

Hill and Randow have a six-year-old son, who was the lone person in the home with his mom. Hill had unsuccessfully attempted to phone Randow and finally spoke with his son on the phone. The boy indicated Randow was unresponsive. The dad advised the boy to go next door and tell the neighbors.

Dickson said Hill and

Randow had a prior domestic incident in December 2021, so authorities interviewed him and impounded his car. He is not charged in the case. The young boy was interviewed by the Department of Children's Services and placed in the custody of an aunt.

A preliminary report indicates there was no blunt force trauma, stab wounds, nor bullet wounds. Results of a toxicology report are not complete.

The 1970 Edition

A Look into the Archives: Part 2

Last week, I started the trek through the 1970 archive book. As I went deeper and deeper, it was amazing to see so many faces that helped make McKenzie great.

In just the photos this week, we have a photo of community leaders working together to address the needs of McKenzie, this included Oscar Owen and Bobby McDonald.

Of course Charles Pruneau had a successful marching band make headlines during the Fish Fry Grand Parade. I nearly forgot Jerry Wilcoxson coached baseball at Bethel; and much to my surprise there was retired McKenzie High School Coach Bruce Herrin next to him.

You never know what you are going to find until you come across it.

Social Security Matters

BY NATIONAL SOCIAL SECURITY ADVISOR AT THE AMAC FOUNDATION
The non-profit arm of the Association of Mature American Citizens

Ask Rusty — Will My Husband’s Benefits Continue After He Dies?
Dear Rusty: My husband is 65 and I am 55. He has recently been diagnosed with terminal lung cancer. My question is, will I continue receiving his full social security check every month after his passing? Will the amount decrease? **Signed: Tearful Wife**

Dear Tearful Wife: So sorry to hear of your husband’s condition. If he is now receiving Social Security benefits, when he passes your husband’s Social Security payments will stop. You will be able to keep the payment received in the month your husband dies (which is for the previous month), but any payments made thereafter must be returned to the Social Security Administration (SSA). FYI, normally the funeral director who handles arrangements sends a death certificate to Social Security, which will stop your husband’s SS benefits effective with the payment for his month of death. However, you should notify the bank which receives your husband’s SS payment of his death, and they will automatically return any later incorrect payments to the SSA.

At age 55, you are too young to collect survivor benefits from your husband (unless you are disabled, in which case you can). You will first become eligible for a survivor benefit from your husband when you are 60 years old, but if you claim it at that time, it will be cut by 28.5% from the full amount. Your maximum benefit as your husband’s survivor is 100% of the benefit he is now receiving, but you can only get the full amount by waiting until your own full retirement age (FRA) of 67 to claim it. Any SS benefit claimed before full retirement age is reduced.

If you are still working when you become eligible for your survivor benefit, you should be aware that Social Security will impose an earnings limit until you reach your FRA. The earnings limit changes annually (for 2022 it is \$19,560) but, if it is exceeded, SS will take away benefits equal to \$1 for every \$2 you are over the limit (half of what you exceed the limit by). If you work full time and your earnings are high enough, you may be disqualified from receiving survivor benefits (because your benefit amount may not offset the penalty for exceeding the earnings limit). The earnings limit applies until you reach your full retirement age, at which time your survivor benefit also reaches maximum (100% of the amount your husband was receiving at his death).

If you will also be eligible for your own SS retirement benefit (from your own lifetime work record), and your own benefit at maximum will be more than your survivor benefit, you can choose to take your survivor benefit first and delay claiming your own SS retirement benefit until it is more than your survivor benefit. Your own benefit will reach maximum at age 70 so you could, if desired, take your survivor benefit first and your own larger benefit later. Or, once you are 62 you can claim only your own reduced benefit first and allow your survivor benefit to reach maximum at your full retirement age. In other words, you have a choice of which benefit to claim, and you should try to maximize the one which will give you the highest benefit for the rest of your life. But remember, the earnings test will apply to any benefit you claim before reaching your full retirement age.

HUNKER DOWN WITH KES

I Didn’t Know Robots Were Cleanable

My first wife has left me....again. This time for a whole week! She was thoughtful enough to leave a pan of her world famous lasagna. She also cooked a passel of hamburgers so all I’ve got to do is heat them in the microwave.

She left enough hotdogs, slaw and buns to feed an entire troop of Cub Scouts. And she bought me a pack of thick baloney and a hoop and a half of cheese, three different types of cereal, a box of Hostess Cupcakes, a variety of Little Debbie Snacks AND

A Mrs. Edwards Key Lime Pie!

Cathy went to Fayetteville, Arkansas, to see our niece graduate from the University there. I don’t know if you’ve ever seen a map of Arkansas but Fayetteville is actually in Oklahoma. That’s why this trip took so long.

I didn’t go because Cathy allowed someone had to stay home and take care of her cat. I think she is afraid if we both leave, the neighbor she stole it from....might steal it back!

She left explicit instructions about Cooney. I was to make sure her food bowl was full, her water fresh and she was not to get on the kitchen counter or sleep in our bed.

She wrote this stuff down like somehow I might forget these simple directions. And I had to water the plant on the deck and “make sure Mavis didn’t get stuck.”

Mavis is our robot vacuum cleaner. It careens around on the floor picking up dirt, Little Debbie crumbs and cat hair. Cooney will sometimes attack Mavis. Cathy will separate

them. I move the furniture back, set the chairs up on the table and let them “have at it”.....

I ate Mrs. Edwards’s pie before Cathy’s plane landed in Memphis. At my age there ain’t no sound reason to put something like that off. Well, I ate it all except for one small piece. Cooney climbed upon the counter and demanded a slice. At least I didn’t have to dirty up another fork.

You know, you have a heap of time to think when you are home alone.... I don’t ever remember my Mother taking a trip. Dad was gone a lot, working. But Mom was just always there. If she left for some place, which was most always her parents over in Lawrenceburg, she took the whole family with her.

For her to have gone off by herself to Oklahoma would have been unthinkable. Me and David Mark were so little. And she couldn’t have left Leon in charge! I wondered as Mavis whirled around the kitchen table and started down the hall if Mom ever felt trapped; a captive in her own home. Doing the same routine over and over.... like she was on one of those hamster treadmill things.

If she did, she never let on. Mother was one of the happiest, most content, “comfortable in her own skin” people that I have ever known. Oh, she would show us places on the map, talk about the Egyptian pyramids, the Grand Canyon, the Washington Monument, her ancestor home in Ireland....

Maybe there was more to her than we understood as children.

I was pondering on the

depths of a mother’s love when the cat jumped in bed with me. I pulled the cover up over both of us and dreamed of that old house out at the end of Stonewall Street.....and how one mother singlehandedly turned it into a home.

The lasagna went next. You can bet Cooney got her share. And Mavis cleaned up after both of us.

You’d think all three of us were living large. But it was a bit too quiet. And lonely. I’d seen every single movie on the Western channel a dozen times. And that darn cat and a robot clean up machine were the worst two conversationalists I’d ever been left alone with!

I ate the Hostess cupcakes in one sitting. And I didn’t share a one of them. On the fifth day, I tuned on Mavis a second time just to hear her hum.....

It was a pretty long week. Cathy would call from Oklahoma to tell me the latest on the graduation proceedings. I’d lie and say we were all doing ok.

Mother died before I could take her to the Grand Canyon or to see the Pyramids or get her over to Ireland....

Cathy got home yesterday. The first thing she asked was if I watered the plant. “Ah, uh, well, it rained one day.”

She wanted to know how the cat hair got on the kitchen counter. “Ah, uh, I opened the windows to let in some fresh air.”

“Did you clean out Mavis every day?”

“Ah, uh, uh....cleanable?...uh....was that on the list?”

Respectfully,
Kes

Tennessee Legislators to Waive Vehicle Registration Fees for a Year

NASHVILLE — Using their \$52.8 billion spending plan for 2022-23, Tennessee lawmakers approved a bill that will use \$121 million to waive the state portion of vehicle registration tag fees over the next year.

Currently, there is a \$16.75 renewal fee for Class A vehicles, which includes motorcycles. Class B vehicles, including regular vehicles, require a \$23.75 renewal fee. Beginning July 1, 2022, Tennessee residents' vehicle registration tag fees for Class A and Class B motor vehicles will be waived.

The bill does not affect the \$100 registration fee for electric vehicles.

Lawmakers assure the state departments affected by the \$121 million fee cut will receive general fund surpluses to replace the lost revenue.

Tennessee residents' vehicle registration tag fees will be waived until June 30, 2023.

LIFELINE Blood Services Announces Critical Appeal for O Positive, O Negative

JACKSON — LIFELINE Blood Services announced today that we have issued a Critical Appeal for types O positive and O negative blood.

"Our blood supply has reached critically low levels," said Melinda Reid, Marketing Manager with LIFELINE. "We have a local patient that has depleted our supply. With type O being the foundation of the blood supply, it is imperative that we be able to build our supply back to a safe level."

West Tennessee requires an average of 500 units per week to have enough blood to meet local needs. To put it in perspective, if there were any kind of trauma at area hospitals, there would not be enough blood available for the patient. LIFELINE does not

currently have enough O type blood in its community blood supply to sustain normal usage from hospitals, much less a trauma.

"We are begging people of O positive and O negative to come in and donate as soon as possible," said Reid. "We need people to respond now. Personal disasters are going on in people's lives every day and many of these require blood transfusions. Please donate blood now!"

Lifeline Blood Services has two fixed site locations where donors can give whole blood, plasma, and platelets. The Jackson Center is located at 183 Sterling Farms Drive and is open Monday through Saturday from 9 a.m.-6 p.m. The Dyersburg Center is located at 1130 Highway 51 Bypass

Suite 19 and 20 across from Lowes and is open Sunday, Monday, and Tuesday from 10 a.m.-6 p.m. and Saturday from 8 a.m.-4 p.m. Walk-ins are welcome. To speak with someone about donating blood, call 731.427.4431, ext. 0.

LIFELINE provides blood services to 20 West Tennessee counties and 13 emergency helicopter service locations. Annually, the Center collects approximately 26,000 blood products (red cell units, platelets, plasma, etc.) to meet the needs of patients. Of that total, 75% of those products are collected on the bloodmobiles across West Tennessee. LIFELINE also provides reference lab and cross-matching services to healthcare facilities.

Lifeline Blood Services has two fixed site locations where donors can give whole blood, plasma, and platelets. The Jackson Center is located at 183 Sterling Farms Drive and is open Monday through Saturday from 9 a.m.-6 p.m. The Dyersburg Center is located at 1130 Highway 51 Bypass

Natchez Trace Park to Salvage Tornado-Damaged Forest

NASHVILLE — The Tennessee Department of Agriculture's Division of Forestry is issuing a public advisory for a salvage operation in Natchez Trace State Forest.

On December 10, 2021, a tornado passed through central Henderson County damaging homes and severely affecting several thousand acres of timberland. The tornado made a path approximately six miles long through Natchez Trace State Forest, causing heavy damage to roughly 1,400 acres of

forest land on state property.

Beginning this week, forest salvage operations in the state forest will be conducted to rehabilitate this public land by clearing woody debris to allow public access and improve forest health of the affected acres. The operation provides the opportunity to capture value from dead, dying, and severely damaged trees, add additional jobs to the timber and forest industry, and generate revenue for the local economy.

The salvage operation is

projected to continue until December 2022. During this time, public roads in the area will experience increased traffic from logging and equipment trucks. Additional timber harvesting operations will also occur on Natchez Trace State Forest land for the duration of the operation. The Division asks forest visitors to be patient as these operations are being conducted.

A portion of Natchez Trace State Park is located in southern Carroll County.

Fun By The Numbers
Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Carroll County Sheriff’s Reports

Multiple Charges — Cory Dale Alspaugh, 31, of 221 Marie Street, Hollow Rock, was charged with aggravated assault, domestic assault, and reckless endangerment following a May 12 incident at his home.

According to the report by Deputy Cody Coleman, deputies responded to Alspaugh’s residence after receiving an anonymous call about an individual shooting a dog at that address. Upon arrival, deputies made contact with Alspaugh, who appeared to have blood on his shoes and pants. When questioned, Alspaugh told deputies that he shot his dog in the living room with a .22 caliber rifle. Alspaugh’s wife told deputies that her husband had gotten mad at the dog and shot it while it was in its kennel. She said this put her in fear for her safety and she took her teenage son and left the residence. Deputies found a deceased dog in a trash can outside the home, and Alspaugh said he put the dog there after shooting it. A loaded .22 rifle was found in a bedroom closet. Alspaugh was transported to the Carroll County Jail and his bond was set at \$8,500.

Man Found Dead — The body of a deceased McKenzie man was found outside on Winston Road on May 5.

According to the report by Deputy Frank McGee, he went to Winston Road and made contact with a woman who said she was the girlfriend of the deceased man, Jason Wayne Bryant, 35. The woman showed McGee where Bryant’s body was located. McGee noted that it was evident Bryant was deceased and a coroner arrived on the scene shortly thereafter. The woman told McGee, Bryant had been living in a car behind a nearby house, and she had dropped him off at that location on the previous evening and had been looking for him. The report does not give a cause of death.

Public Intoxication — Anthony Dalton Grant Young, 28, of 55 Hames Street, Trezevant, was charged with public intoxication on May 5 in Trezevant.

According to the report by Deputy Dakota Meier, he went to an address on Hames Street, and upon arrival, he observed Young on the front porch yelling for a female relative to open the door because her children were in danger and he was going to save them. When Meier called Young by name, Young said that was not his name and that he was Jesus Christ. Young walked across the street to the home of another relative and tried to enter the residence. Deputies told Young to stay outside, but he ignored them. Young was handcuffed and taken into custody.

License Violation — Jarriid Dewayne Sterling, 36, of 148 Adell Street, Hollow Rock, was charged with driving while license revoked during a May 6 traffic stop in Bruceton.

Deputy Dakota Meier reported he pulled over a 2001 Volkswagen Jetta driven by Sterling at Highway 70 and Old Bruceton Road. A computer check showed Sterling’s license was revoked with seven prior license violations. Sterling was transported to Carroll County Jail.

License Violation — Satori Elawn Watson, 35, of 321 Armory Street, Huntingdon, was cited for driving on a suspended license during a May 7 traffic stop in Huntingdon.

Deputy Michael Sevarns reported he pulled over a black Chrysler driven by Watson westbound on Highway 70 due to failure to maintain the lane. Watson gave Sevarns her driver’s license and told the deputy that she had just paid off her fines and reinstatement fees to the state. A computer check showed that Watson’s license was suspended with no prior offenses.

License Violation — Jeremy Carlton, 24, of 3184 Highway 77, Trezevant, was cited for driving on a suspended license during a May 9 traffic stop in Atwood.

Deputy Michael Sevarns reported he pulled over a red Chevrolet Cobalt driven by Carlton near the intersection of Highways 79 and 77 due to the lack of a light illuminating the license plate. A computer check showed Carlton’s driver’s license was suspended.

Warrant, License Violation — Denetria Maria Shaw, 48, of 95 Elane Street, Atwood, was arrested for an outstanding warrant and on a charge of driving on a revoked license during a May 9 traffic stop in Atwood.

Deputy Cody Coleman reported he pulled over a red Dodge Avenger driven by Shaw on Highway 79 due to a display of plate violation. Shaw told Coleman her license was suspended and a computer check showed that it was revoked for a DUI conviction in Dyer County. Coleman also found Shaw had an outstanding warrant out of Haywood County for failure to appear. Shaw was transported to Carroll County Jail.

Domestic Assault — Steve Jackson, 75, of 1035 Newton Road, McKenzie, was charged with domestic assault following a May 17 incident at his residence.

According to the report by Deputy Ryan Hamilton, Mr. Jackson’s wife, Linda, called the Sheriff’s Department and said that her husband had threatened her with a gun. Upon arrival, Hamilton spoke with Mrs. Jackson and she told him

Mr. Jackson had told her to get her belongings and get out. After contacting a representative with the District Attorney’s Office, Hamilton placed Mr. Jackson under arrest and transported him to the Carroll County Jail. Ms. Jackson was advised about how to obtain an order of protection against Mr. Jackson.

License Violation — Belinda Butler Evans, 56, of 459 College Street, Bruceton, was charged with driving on a revoked license following a May 17 traffic accident on Bruceton-Vale Road.

Deputy Michael Sevarns reported he responded to the scene of the accident and spoke with Evans, who was the driver. Evans told Sevarns her tire blew out, causing the vehicle to wreck and become disabled. A computer check showed Evans’ license was revoked with no prior offenses.

Felony Evading — Laura Darnell, 48, of 1171 Highway 190, McKenzie, was charged with felony evading and driving on a revoked license (second offense) on May 13 following a pursuit and traffic stop near Lavinia.

According to the report by Deputy Dakota Meier, he was traveling on Highway 220 when he witnessed a white Chevrolet pickup parked in a gravel lot at the intersection of 220 and Highway 104. Meier observed the brake lights were illuminated and a woman was hunched over in the driver’s seat. Meier stopped and went to check on the woman (later identified as Darnell) and saw she was asleep. Meier tried to wake Darnell by knocking on the window and shining his flashlight in her face. When she woke, Darnell told Meier she didn’t have a driver’s license, said something about calling her daughter, put the truck in drive, and drove off. Meier got back in his patrol car and pursued, initiating his blue lights and siren. Darnell continued driving on the wrong side of the road but finally pulled over near Cunningham Road. When asked why she fled, Darnell said she had a joint and wanted to throw it out. Meier found no narcotics inside Darnell’s vehicle. A computer check showed Darnell’s license was revoked.

Vandalism — Deputies are investigating the recent vandalism of a church near Huntingdon.

According to the report by Deputy Christopher Adams, he went to Liberty All Methodist Church on May 13, and a parishioner showed him where a red brick had been thrown through a back window of the church. Adams noted that it did not appear anyone had entered the building.

No Road Construction Delays For Memorial Day Travelers

TDOT to Suspend All Lane Closure Activity for the Holiday Weekend

NASHVILLE — Road Construction will not delay motorists as they travel Tennessee's highways this Memorial Day weekend. The Tennessee Department of Transportation will suspend all construction-related lane closures on interstates and state routes beginning at noon on Friday, May 27 through 6:00 a.m. on Tuesday, May 31. This will provide maximum roadway capacity for motorists expected to travel in the state this Memorial Day weekend.

"Suspending construction-related lane closures during the Memorial Day weekend will lessen congestion and delays on Tennessee's major highways," said Interim Commission-

er Joe Galbato. "We want to do our part to help everyone have an enjoyable and safe holiday weekend and keep traffic flowing as smoothly and efficiently as possible."

Motorists may still encounter some lane closures or restrictions while traveling through long-term construction projects. In addition, drivers should know reduced speed limits will be in effect in work zones. Drivers convicted of speeding through work zones where workers are present face a fine of up to \$500, plus court fees and possible increased insurance premiums.

Despite historically high gas prices, nearly 87% of Tennessee Memorial Day

travelers plan to drive. AAA predicts 698,000 Tennesseans are forecast to take a holiday road trip. That's 4.1% more than last year's holiday weekend.

From your desktop or mobile device, get the latest construction activity and live streaming SmartWay traffic cameras at www.TNSmartWay.com/Traffic. Travelers can also dial 511 from any landline or cellular phone for travel information, or follow us on Twitter at [www.twitter.com/TN511](https://twitter.com/TN511) for statewide travel. As always, drivers are reminded to use all motorist information tools wisely and Know Before You Go! by checking travel conditions before leaving for your destination. Drivers should never tweet, text, or talk on a cell phone while behind the wheel.

New Event at 2022 Henry County Fair: Shamrock's Ultimate Bullfighters

In a press conference Thursday morning at the Chamber of Commerce, representatives from the Henry County Fair Association, the Chamber of Commerce, and Cody and Korie Nance, of Nance Productions, announced plans to partner on an event to kick off the 2022 Henry County Fair, August 20th at the Henry County Fairgrounds.

"Shamrock's Ultimate Bullfighters" will be the title of the event and it will feature freestyle bullfighting and a mutton busting competition. Ultimate Bullfighters or UBF was created over a decade ago to promote the sport of freestyle bullfighting, a derivative of the western sports & rodeo. Shamrock comes from the locally owned business, Shamrock Dirt and Forestry, which will serve as the title sponsor.

"These guys are incredi-

ble athletes and I am excited to support this growing element of our western sports industry," commented Cody Nance. "Paris welcomed us with open arms for the PBR in Paris, and I think they will find this event just as entertaining."

"It's a perfect situation for us to grow our relationship with the Nance's, contribute to the extraordinary effort that the Henry County Fair puts behind their events, and create an opportunity for us to bring people to this community," commented Travis McLeese, CEO of the Paris-Henry County Chamber of Commerce.

In freestyle bullfighting, a bullfighter competes for 60 seconds against a fighting bull predominantly of Spanish descent to score points for maneuvers performed during the 1-minute competition. Unlike traditional bullfighting, the animals are not harmed

or killed. Bullfighters are judged solely on their ability to perform dangerous stunts as close to the bull as possible without getting hit.

With a rapidly gaining fan base due to the high action of the sport itself, the UBF is positioned to become a huge phenomenon in the western sports world and beyond.

"On behalf of all of the members of the HC Fair Board, we are excited to be able to join together and help bring such a unique event to West Tennessee and specifically to the Henry County Fairgrounds in Paris, TN," commented Michelle Hopkins, Fair Board Member.

The event will be nationally televised on Pluto TV. More information on tickets, sponsorships, and other details will be available later this summer.
