Commission Approves Year-End Budget Amendments, Tiny Houses

Copyright – Tri-County Publishing 2018

HUNTINGDON (June 11) — Carroll County Commissioners approved 11 resolutions dealing with year-end budgetary transfers to balance the 2017-18 fiscal year budget before it closes June 30.

Also commissioners approved an appropriation of \$25,000 as the county's share of an industrial access road for a prospective industry for the McKenzie Industrial Park

adjacent to the Carroll County Airport. In March, the commission approved building the road. The most recent resolution provides funding for a portion of the road's costs.

Commissioners approved regulations on tiny houses in the planning region around the 1000-Acre Lake.

Tiny houses shall have a similar appearance as a site-built house, and have a

permanent foundation, same construction material as a traditional home, a pitched roof, and must connect with a public utilities – gas, electric, water, and sewer, if available and/or applicable for residential use. Tiny houses cannot exceed two stories in height. The house must also meet identical land requirements as traditional housing, one acre

McKENZIE (June 10) — Approximately 50 children attended a community Vacation Bible School event hosted by area churches.

It was an event to bring together the community's children, regardless of race, to learn about Christ, have fun, and enjoy hamburgers and hot dogs.

Churches participating were: Blooming Grove United Methodist Church, Greater Enon Baptist Church, Friendly Church of God, First United Methodist Church, Liberty UMC, and Johnson Temple C.M.E.

The children enjoyed fun activities, including the viewing of the inside of an ambulance, supplied by Carroll County EMS and an impromptu slash pad, thanks to water from a fire apparatus supplied by McKenzie Fire Department.

The children ranged in age from four years to high school.

BRUCETON (June 10) — Three persons were airlifted to Vanderbilt Hospital in Nashville following a single-car accident at the intersection of Broad Street and Rowland Mill Road on Sunday morning.

According to a report from the Tennessee Highway Patrol, Randy Luther, 30, of Huntingdon was driving a 2005 Honda Accord, owned by Jodi Kafka of Chattanooga, when he lost control while negotiating a slight curve, exited the roadway on the right side, and struck a steel utility pole. It came to an uncontrolled final stop facing south.

Three air ambulances were summoned to transport Luther, passenger Jodi Kafka, 31, of Chattanooga, and a four-year-old, who sustained extensive injuries, according to the report.

Bruceton Man Dies in Graves County Wreck

SEDALIA, Ky. (June 11, 2018) — The Kentucky State Police worked a single vehicle fatality on Kentucky Highway 97 near Burnett's Chapel Road on Sunday June 10, 2018. KSP was notified of the collision at approximately 12:53 p.m. Preliminary investigation shows William R. Morton, 90 of Bruceton, Tenn. was traveling north on KY 97, operating a 2002 Ford Ranger. For an unknown reason, Mr. Morton lost control of the vehicle and ran off the roadway striking a ditch, causing the vehicle to overturn. Mr. Morton was not wearing a seat belt and was ejected from the vehicle. Mr. Morton was pronounced deceased on the scene by the Graves County Coroner.

The investigation is continuing by Trooper Jay Dunn. KSP was assisted on the scene by the Mayfield Fire Department and EMS, Graves County Coroner's Office, Sedalia Fire Department.

Future Fishermen Have Fun in the Sun

COURTESY STEVE MCCADAMS

Catfish were on the prowl Saturday morning at McKenzie’s City Park Lake For the 18th Annual Steve McCadams “Casting For a Cure” Kids Fishing Rodeo. Ready to corral them were an eager bunch of future fishermen too.

Surrounding the shorelines on a hot summer morning were some 84 boys and girls ages 15 and under ready to test their tackle on what they hoped were hungry catfish ready for breakfast. Most of the young anglers quickly got their wish.

Once the siren sounded to kick start the event at 9 a.m. action was fast and furious. Bobbers disappeared. Poles bent. Kids and adults squealed with delight. The game was on!

Some 300-plus pounds of channel catfish were waiting with an appetite. The youngsters wasted no time in taking advantage of the opportunity. All around the little lake big smiles broke out as one fish after another tugged away, sometimes twisting up a few lines before making a blitz toward deep water.

Most of the youngsters were on the front lines of battle with channel catfish and an occasional bluegill. The fish had been stocked on Wednesday by Tennessee Wildlife Resources Agency and were sporting an appetite by Saturday morning.

Baits of choice ranged from the popular nightcrawlers and redworms to a few special concoctions such as hotdogs soaked in a special formula. Two young ladies baited with chicken livers and did well. A few youngsters used live minnows and crickets which also appealed.

“It was great to see so many youngsters tying into these aggressive catfish at the same time” said McCadams, who hosts the event every year during the first week of June. “I believe we had more kids catching fish this year and several managed to land double digit numbers on their stringers!”

“Every year, when I see these kids smiling and laughing as they catch fish with their friends and family by their side, it reminds me why we do this. I recall rodeos of yesteryear at Carroll Lake when I was young with my dad and grandfather coaching me. Memories were being made one fish at a time.”

“We even had one four-generation family at this year’s rodeo as James Choate of McKenzie was there with daughter, Teresa Matlock, who had participated in rodeos with me back in the 60’s at Carroll Lake. On the banks helping guide great-grandkids were Carl Davis and his dad, Gary. Young Eli Davis kept the family fishing reputation going too as he landed eleven catfish winning the Most Fish title in the 5 and under category.”

Thanks to several people who opened their hearts and pocketbooks to support the rodeo it was another successful event. After the expenses of the rodeo, McCadams makes a donation to the Jackson office of the American Cancer Society each year.

All the anglers were winners as each participant went home with a door prize. Winning special recognition were boys and girls who landed the most or biggest fish in four separate age brackets.

Taking the top spot in the 5 and under bracket was Eli Davis of McKenzie who landed eleven fish to win Most Fish honors; Big Fish award went to Hunter Thorpe of Gleason for a dandy weighing over 2.5 pounds.

In the 6-8 year age bracket, it was Drake Thorpe, of Gleason, winning big fish and Aiden Brock of Huntingdon landing the most fish. For the 9-12 bracket, it was Dalylah Keith, of McKenzie, with the most fish, (a hefty stringer of 18), and Sammy Calderon, of McKenzie, earning big fish honors.

In the 13-15 age bracket, it was Joe Fitzgerald catching the most fish and Claudia Pineda, of Gleason, taking big fish honors. All winners were presented with a special engraved plaque plus a bicycle and additional door prizes.

“I appreciate Ricky French and Mike Beasley of McKenzie City Parks, who help make this

a success each year plus several volunteers who help with registration and weigh-in. It’s a pretty

big job but I love it and look forward to next year’s event.” A tip of the hat to area mer-

chants who donated prizes and concessions as well and to TWRA for stocking the fish.

McKenzie’s Splash Pad Opens For Second Summer Season

MCKENZIE — Hot temperatures are drawing area children to McKenzie’s splash pad, now open for its second season. The Splash Pad has water features

that spray water from overhead as well as from the concrete pad. The city has added a bridge to Waldran Street, which increases the easy accessible

parking to both Waldran and South Stonewall. Admission is free for all children. Operating hours are 10 a.m. to 8 p.m. daily.

Troop 78 Holds Court of Honor

MCKENZIE (May 31) — Boy Scout Troop 78 held its Court of Honor Thursday at First Cumberland Presbyterian Church to recognize the advancements earned by the boys of the Troop. second annual event raised \$65,000 to date.

Estella Mayhue Greer of the Mid-South Food Bank of Memphis, serving 12 west Tennessee counties, and Jaynee Day of Second Harvest Food Bank of Middle Tennessee, serving nine counties in West Tennessee, were very pleased with the event.

Mid-South serves some 200,000 people. One in five children has food insecurity, especially when school is not in session during the summer when a daily hot meal

is not available. Forty percent of adults receiving food support are working adults.

Jayne Day said some recipients are working two or three jobs and still need support to feed their families. All five of the state's food banks work cooperatively to assure food is distributed throughout the state. It takes donations from individuals, retail grocery stores, farmers, and pick and pack operations to provide food for the food needy. They provided canned food, fresh meats, and fresh produce.

Estella Greer said the donations help keep the food out of the landfills and in hungry bellies.

Randy Boyd, a Republican candidate for governor, said he was excited to participate in the event

and to see the great success of the fund-raiser. Boyd said, when he served as commissioner of Economic and Community Development, he helped secure several grants for the park. Boyd, Sheriff Monte Belew of Henry County, Doug Muench of Henry County were three of five who formed a team and shot a round of 50 clay targets.

Tyson Foods provided 600 chicken quarters for hungry attendees, and Tosh Farms of Henry provided \$10,000 toward the event.

Peppers Ford of McKenzie offered free test rides in a new truck. With each test ride, Ford Motor Company donated to the two food banks benefiting from the event.

Details Sketchy About Attempted Shooting

MCKENZIE (June 8) — McKenzie Police Department is releasing no relevant details to an attempted drive-by shooting on Friday morning, June 8.

The three-sentence official report indicates the MPD responded to Highland Drive in regards to shots being fired from vehicles. Investigators

have spoken to known individuals in regards to the incident.

The report concludes, "there were no injuries reported in conjunction with this incident. The incident is currently under investigation."

The Banner has learned from some witnesses on the scene, the gunfire involved at

least one area resident who was recently involved in an incident that resulted in the shooting death of another man, just outside the city limits of McKenzie in Weakley County. The Friday incident occurred near Melton's on South Highland Drive.

science teacher.

Superintendent Dexter Williams announced the Elementary school principal's position was filled from within the system. Tracy Foster, a 15-year veteran of the West Carroll school system, was selected and accepted the position. During her tenure, she has taught Special Education and high School English and is certified to teach middle school. Most recently, this past school year, Foster served as the RTI2 interventionist and data coach for grades 7-12. She is a graduate of McKenzie High School. She received her Bachelor's Degree from Bethel University and recently completed her Master's Degree from Union University. She is married to Mike Foster, a West Carroll alumnus and current member of the school board, and has three children who all have graduated from West Carroll.

Board members heard an update on the recent news that the county's special education program was shut down. Dana Carey, supervisor of Special Programs, informed the board the school system did receive a letter from the State Commissioner of Education advising them the county's program was going to be ended. Carey indicated a federal education department evaluation team came in earlier this year and evaluated all of the special education programs in each school system in the county and the county school apparently did not measure up and the decision was made to pull funding from that school. She said this affects eight special education students in the West Carroll system. They are working on IEP (Individual Education Program) for each student as they transition back to the West Carroll system. Carey noted the system will conduct meetings with the parents of all of the students affected.

The board approved the first reading of a Board Policy Update regarding school attendance. This update brings the system's attendance policy in line with the state's policies.

Board members agreed on Thursday, June 28, at 6 p.m. for a budget meeting to deal with budget amendments to the current budget and set the budget for next year's fiscal budget.

In other action, there was discussion that resulted in a motion to modify the school system's hiring procedure. The motion was to post job ads for a minimum of 5 days or continue posting until the job is filled.

Tracy Foster named West Carroll Elementary Principal.

The board approved Pre-K and Kindergarten Flexible Scheduling for 2018-2019. Approval was granted to a request to advertise for bids on a serving line for the Primary School cafeteria. Approval was also given to accept a bid of \$452 for a dish machine for the Elementary School.

Superintendent Williams provided a report of staff renewal and assignments for the coming school year. In the District Office, Dexter Williams – Director of Schools, Anne Avery – Speech/Language Teacher for all schools, Keri Hathcock-nurse for all schools, Beverly Keymon-nurse for all schools, Regina Alred-Supervisor of Instruction K-12, Lisa Ashby-Payroll and Insurance, Sheila Brawner-Technology Coordinator, Dana Carey, Supervisor of Special Programs, Shan DePriest-Accounts Payable, Angela Hartz-Secretary, John Hartz-Maintenance Supervisor, Roger Murley-Network/Hardware Administrator, Janet Winchester-FS/Support/Bookkeeping, and Mark Wright-Maintenance.

Resolution 6-12 transfers \$64,800 into various expenditure accounts for the Sheriff's Department and Carroll County Jail.

Resolution 6-13 transfers \$201,000 into expenditure accounts to balance the Highway Department budget. The funds were transferred from the reserve account.

Natalie Porter and Lucas Mercker were appointed to the Carroll County Library Board.

Also, Walter Reaster, a resident adjacent to the 1000-Acre Recreation Lake, addressed the Commission. Commissioners voted against gifting him a portion of a road at the lake during the May meeting. Reaster said he wanted the road to erect a gate to reduce crime in the area. He and another landowner have requested to construct a subdivision in the area. The gift of the dead-end road would make possible the construct of that gated community.

Reaster told commissioners that people stop on the dead-end road and they drink and trespass. One neighbor's door has been kicked in. He noted even the lake's headquarters is gated during non-business hours. He requested 500 feet of the road be gifted to him, since the road does not provide public access to the water. Commissioners did not act on his request during the meeting.

Bethel Women's Track, Field Team Awarded National Honor

Courtesy Bethel SID

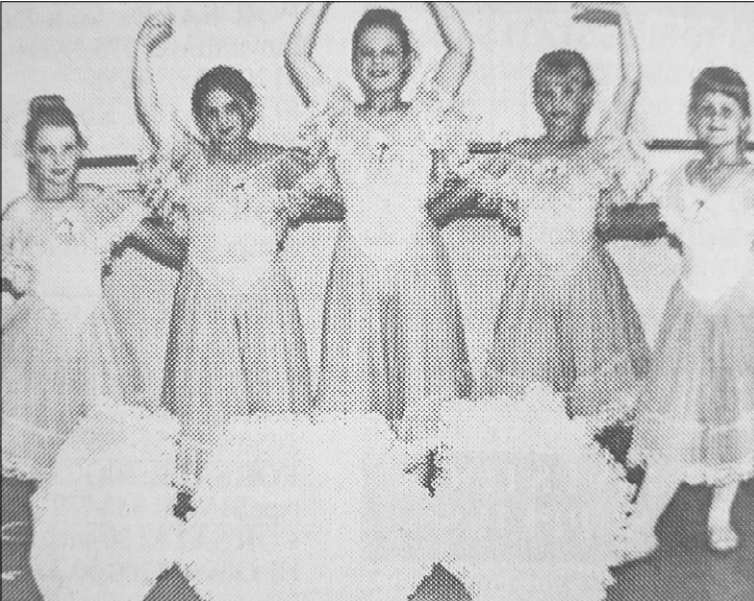

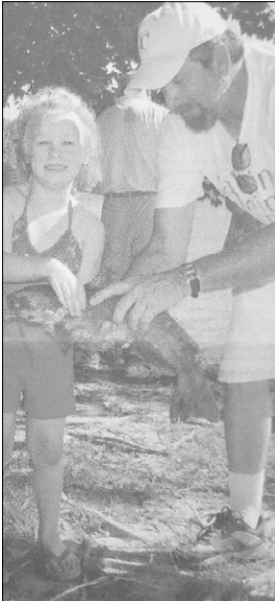

MCKENZIE — The Bethel University Women's Track and Field team was recognized by the NAIA as the NAIA Female Track and Field National Champions of Character Team of the Year recently. The Lady Wildcats beat out every school in the nation who has an outdoor track and field program. The champions of character initiative recognize five core values: integrity, respect, responsibility, sportsmanship and servant leadership.

Bethel Coach Brandon Kilburn expressed his thoughts about the prestigious award. "I am beyond proud of this group of ladies for what they have accomplished. We

participated in several small community outreach activities and one large activity. The ladies took part in an event at Eastview Baptist Church in Huntingdon, Tennessee. The event is called the Backpack Ministry in which they basically take various food items and put them in backpacks to give out to students at local elementary schools who are in need of these products. The church was able to give out over 150 backpacks with the assistance of the ladies on the track team." Kilburn added, "The impressive part of all this to me is that they do these activities and never ask why or have any complaints. They generally find a way to have fun in whatever they are do-

ing and I think that speaks to their character as much as anything. I can't say enough how happy I am for them to be recognized nationally for what they have done."

Bethel Associate Athletic Director Brad Chappell stated, "To be recognized across the NAIA as a team of character is a tremendous honor and point of distinction not only for Coach Kilburn and women's track but also for Bethel University. It presents a snapshot of the type of people that chose to come to Bethel to further their academic and athletic careers. This type of recognition gives us a tangible goal to strive for each year in regards to character education and demonstration."

Shepherd's Table to Host Dinner

HUNTINGDON — The Shepherd's Table, the community kitchen created by the volunteers at the First Presbyterian Church, is having a cookout on Tuesday, June 19 at 19835 E. Main Street, Huntingdon. Dining begins promptly at 5:15 p.m., and the kitchen will be open until 6:45 p.m. Anyone hungry or seeking fellowship for a meal is invited.

Jason Vandiver, Chairman of The Shepherd's Table Executive Committee, says they will be grilling hamburgers on the lawn in front of the

church. Mary Lodge, a volunteer in the kitchen, said they will also serve taco salads, watermelon along with cookies and ice cream.

Everyone that attends The Shepherd's Table is treated as a guest and served restaurant style. They also do the entire cleanup, as well. The guests are asked to simply enjoy the delicious meal compliments of the hard-working kitchen staff.

The mission of the community kitchen is to serve at least one person in need a hot meal. The community kitchen's success

is dependent upon guests, volunteers and donations. If any knows of someone that needs a hot meal or would just prefer to not eat alone please inform them about The Shepherd's Table. More information about volunteering or donating to the Shepherd's Table may be obtained by calling The First Presbyterian Church of Huntingdon at (731) 986-5642. If no answer, please leave a message, someone will return your call as soon as possible.

Silver Threads Quilt Guild Hold June Meeting

Members of the Silver Threads Quilt Guild enjoyed their annual Picnic in the Veterans Park.

A short business meeting with Vice President Jean Winger going over a brief itinerary of old business and discussing future events including a Trunk Show, being presented to the club by the New Johnsonville Quilters. Everyone is looking forward to this.

Members of the club will be sponsoring an auction with funds going to support the club. This will be a member's only event held on July 17.

The awesome cooks in the club provided a wonderful array

of side dishes to go with the roasted hotdogs. The desert table was a nice complement to the meal.

Members displayed a beautiful assortment of quilts, table toppers and place mats for Show & Tell, followed by a fun game of Bingo complete with prizes.

Silver Threads meets on the third Tuesday of each month in the quilt room in the Carroll County Complex on High Street in Huntingdon starting at 10 a.m. For more info, contact Jean (731) 415 7889 or Tammy (731) 694-0602.

Mayor Holland Proclaims National Garden Week

MCKENZIE (June 5) — Mayor Jill Holland presented a proclamation on Tuesday, June 5 to members of the Morning Glory Garden Club declaring the week of June 3-9 as National Garden Week.

The Morning Glory Garden Club celebrated the week by designing beautiful floral arrangements with Hays Brummitt sharing his wonderful expertise and guidance using flowers and greenery grown in their gardens. The arrangements were delivered to City Hall, McKenzie Hospital, Lakeside Senior Center, Christian Care Center and McKenzie Health Care Center. Garden Club members who participated were Robbie Barker, Lois Brazie, Judy Davis, Donna Hodge, Joan Gibson, Leslie Lewis, Zia Locke, Sandi McMahan, Diane Stafford, Kay Wilson and Judy Winters.

National Garden Week Proclamation from Mayor Holland reads as follows:

Whereas, Gardeners have a passion for nurturing the beauty and resources of the earth through the planting of seeds, the care of all plants and

the riches of their efforts; and whereas, Gardeners seek to add beauty, splendor, fragrance and nutrition to our lives through the growing of herbs, vegetables, foliage and flowers; and whereas, Gardeners work to preserve our country's traditional spirit of independence and initiative through innovation and hard work; and whereas, Gardeners advocate the importance of all creatures, large and small, that share our world and their roles in a balanced and productive ecology; and whereas, Gardening furnishes a challenging and productive activity for our citizens, for those just learning as well as those having years of experience; and whereas, Gardening promotes a healthy lifestyle that lasts a lifetime, helps reduce stress from other areas of our life, teaches that rewards can come from diligent efforts; and whereas, Gardening enables members of Garden Clubs across the nation and the world to make a world of difference in the communities where they reside and work; now, therefore be it resolved that in an effort to acknowledge the

importance of Gardening and the numerous contributions of Gardeners, National Garden Clubs, Inc. designates the week of June 3-9, 2018 as National Garden Week.

The week of June 3 is celebrated all over the nation, with hundreds of garden clubs participating in activities from encouraging young people to start a garden, to helping seniors in nursing homes have fun in a garden.

McKenzie Police Reports

Domestic Assault — Officer Jeff Winberry arrested Jefferson G. Crowe, 27, and Laura Perrigo, 39, both of Walnut Street for domestic assault after an incident on June 5 during the afternoon. According to the report, Crowe entered the home and assaulted Perrigo as she lay on the sofa. The report indicates Perrigo came at Crowe with a knife. Officers were unable to determine a primary aggressor so both were arrested. Perrigo was charged with aggravated domestic assault for threatening Crowe with a knife.

Driving on Suspended License — Officer Brandon Leek charged Nicole Moore, 26, of 1190 N. Main Street with driving on a suspended license on the afternoon of June 9. Officer Leek was investigating a report of a child playing in the street when Ms. Moore pulled her vehicle into the residence where Officer Leek was parked. A check of license indicated the suspended status.

Driving On Suspended License — Officer Kyle Beauchamp charged Ramon Marque Lopez, 21, Forrest Avenue, McKenzie with driving on a suspended license and following too closely on June 10. Leek witnessed Lopez almost collide with a truck and then accelerated quickly to closely follow the pickup truck. Officer Leek stopped Lopez and charged him with following too closely and driving on a suspended license. He was cited into court and has ten days to report.

Evading Arrest — Officer Kyle Beauchamp charged Brandon Leach, 31, of Radford Lake Road, Henry for evading arrest after he fled from officers on June 8 at around 7:12 p.m. The officer witnessed the window tint was too dark on the GMC Yukon driven by Leach. When the SUV came to a stop, Leach exited the vehicle and fled on foot as he carried something in his hand. Patrolman Scott chased the suspect through some woods and into Walnut Circle where Patrolman Jeremy Brooks was able to join in the chase. Brooks got in front of the suspect and was able to assist Scott in his capture. Leach claimed he dropped a bag of marijuana in the bushes. Officers never found the bag. Leach was transported to Carroll County Jail.

Drug Paraphernalia, Public Intoxication — Officer Jeff Winberry charged Donna Marie McDaniel, 37, of Scotts Hill with public intoxication and possession of drug paraphernalia after an incident on June 9 on Highland Drive. McDaniel was riding with a man, with whom she had stayed a couple of days. He was driving her home, stopped for fuel when she started acting strange. Officers were called, who learned she had smoked meth the previous night. A glass pipe was found on her person. She was charged as noted.

Carroll County Sheriff's Reports

Assault — A Huntingdon man was arrested June 3.

Deputy Ethan Parham charged Chad Allen Hall, 44, of 1530 Green Valley Rd. with aggravated burglary and simple assault. According to Parham's report, deputies responded to a residence in Bruceton. Hall had allegedly been at the home of Sherryl Ingram, threatening her and her neighbors. According to Ingram, he came into her home uninvited and spent approximately 15 minutes ranting and threatening her.

Multiple Charges — A Huntingdon man and a McKenzie man were arrested June 5.

Deputy Michael Taylor charged Tristan John Roberts, 18, of 3655 Westport Rd. and James Kelly, 18, of 4575 Highway 423 with aggravated burglary and theft over \$2,500 and less than \$10,000. According to Taylor's report, Kelly and Roberts were seen walking on Highway 114 carrying several

long guns. When officers investigated, the two were also found to be carrying a pistol, a backpack containing ammo, two bottles of wine, a camera, a gold chain, and several small knives. Later three pill bottles were found near where the two men had been. Deputies contacted the person whose name was on the bottles. She checked her home and found items missing that matched the description of what Kelly and Roberts had been carrying. Her bathroom window had been pried open. Deputies found a footprint matching Roberts' shoe inside the bathtub next to the window used to break into the residence.

Driving on Revoked — A Huntingdon man was arrested June 2.

Deputy Eric Sawyers charged Shemile Adams, 34, of 1770 Smyrna Rd. with driving on a revoked license. According to Sawyers, he had prior knowl-

edge that Adams did not have a valid license. When Adams was stopped while driving near the intersection of Cotham and Veterans' Drive, it was confirmed that his license was revoked.

Driving Unlicensed — A Westport man was cited into court June 3.

Deputy Michael Krause charged Jaden Phillips, 18, of 5345 Westport Rd. with driving without a license. According to Krause's report, Phillips was stopped for driving a vehicle that had a headlight out. He did not have a driver's license.

Violation of Financial Responsibility — A Huntingdon woman was cited into court June 5.

Deputy Michael Smith charged Sandra Lynn Lott of 2880 Renfrore Rd. with violation of financial responsibility and driving on a suspended license. Lott was stopped while driving due to Smith having prior knowledge that her license was suspended.

BY NIKKI CUNNINGHAM

The Carroll County Library Summer Reading Program is in full swing!

PBS character Martha Speaks visited the Library this past Friday as part of her Summer Library Tour hosted by WLJT. This annual Library Tour is only made possible through donations and support from local communities. The Town of Huntingdon donated \$100 to help make this possible. In addition to bringing Martha Speaks, WLJT's Jennifer Shell brought posters, book marks, reading logs and activity booklets to bring awareness to the resources available through and the educational value of PBS Kids.

Coming this Wednesday at 10:30 a.m., Sarge of the Jackson Generals and his friends will be here to demonstrate how libraries rock and to show us how to be good friends and good sports. Sarge usually has some goodies to giveaway as well, so you will not want to miss him!

The Library will close the week out with our Annual Train Tour on Friday, June 15 at 1 p.m. Join

us as we tour the County Complex and meet the workers who keep our county running smoothly and then hop on the train as we ride the streets of Huntingdon!

The Library would like to shed light on how our patrons use the Library in their day-to-day lives. This week we are spotlighting Scarlett Barger. Scarlett is very talented with her handiworks of embroidery, weaving, needlework and flower arranging. Scarlett has used the Library to get books on Swedish weaving and Huck embroidery to advance her skill and find designs. Scarlett is a wonderful example of how your boundaries are only as limited as your imagination when you use the Library!

The Library appreciates Mayor Dale Kelley and the Town of Huntingdon for support of the Library's Summer Reading Program. The Library also appreciates McKenzie Head Start for providing snacks to the children during this year's Summer Reading Program events, and the Library would like to offer a special thanks to Kaitlin Phillips for her role in volunteering during the Library's Martha Speaks program.

Fahls Celebrate 50th Anniversary

Rev. and Mrs. Fred Fahl of Fulton recently celebrated their 50th wedding anniversary. He married the former Ruth Ann Burnette June 8, 1968, at Union Church, by Rev. James Moreland.

She is the daughter of the late W. P. and Corinne Burnette of Fulton. He is the son of the late DeVon Walton and Ruth Fahl of Media, Pennsylvania.

He is the pastor of Rozzell Chapel Cumberland Presbyterian Church in Mayfield, Kentucky.

They have three daughters: Amie Andre of Rockford, Illinois, and Christie and Chris Rodgers and Bonnie and Tom Hamilton of Meridian, Idaho.

They have seven grandchildren: Pierce and Collette Andre, Hannah and Caleb Hamilton and Owen, Edie and Foster Rodgers.

As a gift, their daughters and sons-in-law are sending them on a second honeymoon.

Cancer Survivors Feted at Dinner

HUNTINGDON — Approximately 111 survivors of cancer and their caregivers were the guests of honor during the 2018 Relay For Life Survivors Dinner held at the Carroll County Civic Center.

Each of the cancer survivors remember when they first heard the words “you have cancer.” Each one’s experience is different, but, thanks to research on the disease, the survival rates have improved: 25 percent reduction in cancer deaths since 1991.

The meal was catered by Mallard’s Restaurant of Huntingdon, desserts were made by members of the churches Davis Chapel and First United Methodist of McKenzie, Mt. Zion Methodist Church, and Bethel Baptist.

Survivors were each given a gift and a t-shirt to wear during the annual Relay For Life event on June 22 at the Carroll County Civic Center. For the second year, it is a single Relay For Life event, a combination of Carroll North and Carroll South Relay teams. That reflects a return to the inaugural event held in McKenzie when the Relay was one event for the entire county.

On Friday, June 22, survivors will again be honored during opening ceremonies and by leading the first lap around the walking track at the Civic Center/Fairgrounds.

Honorary Survivors for the Relay include:

Aline Sullivan of Huntingdon, who was first diagnosed with uterine cancer in June 2005. She said she thought her world had come to an end, but her faith in God helped her keep a positive attitude. She said she prayed to God to let her live to see her grandson, Jacob, grow, and later her other grandchildren Finn and Cora grow. She wanted to be around for her husband and

three sons.

David and Brenda Johnson of McKenzie are both survivors. Brenda was diagnosed with breast cancer and David with prostate cancer.

Brenda had 31 rounds of radiation and David had surgery.

David and Brenda said they thanked God for their blessings, but did recall the shock with the initial diagnosis.

Brenda said she kept a positive attitude and lived one day at a time. David said adopted a warrior’s mindset and focused on the present, because its all we have.

Preston Yarbrough of Huntingdon was diagnosed with prostate cancer in 2006. He had surgery to remove the prostate.

He said he maintained his daily activities and did not let the diagnosis consume him. He put it all in God’s hands.

Charles Leslie of Westport was diagnosed with colon cancer in 2002. He underwent 16 chemotherapy treatments and was hospitalized for a week. He said he tried to stay occupied by doing enjoyable things, reading books and magazines, and watching Cardinal baseball. After receiving the news of the diagnosis, his first thoughts were “when do we start treatment? Let’s fix this!” His advice is to tell others that God is in control of the results and a lot of us have made it.

Jack Smith of the West Carroll area was diagnosed with non-Hodgkin B type lymphoma in October 2017 and colon cancer in 2015. He had surgery for the colon cancer and chemotherapy for the lymphoma.

“I called out to Jesus and He was there. He kept me positive. When he first received the diagnosis, he thought “oh no!” Then I gave it to the Lord and did not dwell on it. He concluded, “There is hope!”

Frank Hopper of Hollow Rock was diagnosed with colorectal cancer in 2017. He had surgery in Nashville and a portion of his colon was removed.

He said he did not worry too much about the diagnosis since he had faith in the Lord, and knew He would take care of “me.”

He said he is thankful for the fecal occult blood test, a screening that saved his life. He was also very thankful for the support of his church.

GENERAL

An Ounce of Prevention Is Worth of a Pound of Cure

Nobody likes being sick. What if there was a way you could help prevent being sick? Well, there is! It is called a Wellness Visit. It focuses on preventative health care. In the same way that you regularly take your car to get its oil changed to prevent the engine from being over worked or destroyed, your wellness visit is done once a year to help prevent illness based on your current health and risk factors. Most insurance companies recognize the value of the well-ness visit and cover the costs for patients to have it done once a year. The wellness visit helps address gaps in care and enhances the quality of care for the patient. It focuses on screening and prevention to help detect medical problems early to keep the patient well.

McKenzie Medical Center (MMC)'s Dr. Merrick comments, "The annual wellness visit helps to preserve your quality of life and reduces health care costs in the future."

It may seem like "one more thing" that you have to take care of but in reality it can help you take control of your health care. You get to work with your doctor and develop a personalized strategy to help you manage your health care. Instead of waiting until you are sick, you can take steps right now to help prevent illness.

"I believe the wellness visit saved my life," noted an MMC patient. By having a wellness visit done once a year, medical providers are able to address health risks that the patient may not be aware of and, then, encourage the appropriate preventative care that can keep those risks from becoming a real issue.

Wellness visits can be done at routine follow up office visits, so you do not have to schedule a separate appointment. MMC can provide your office visit, well-ness visit, screenings and labs within the same facility making it very convenient for our patients. MMC also has satellite locations in Bruceton, Dresden and Gleason to help make it more convenient for you.

If you have questions or would like to schedule your wellness visit today contact McKenzie Medical Center at 731-352-7907 or visit our website at www.mckenzie-medicalcenter.com.

McKenzie Water Department Water Quality Report for 2017

Is my drinking water safe?

Yes, our water meets all of EPA's health standards. We have conducted numerous tests for over 80 contaminants that may be in drinking water. As you'll see in the chart, we only detected five of these contaminants. We found all of these contaminants at safe levels.

What is the source of my water?

Your water, which is ground water, comes from the Memphis Sand Aquifer. Our goal is to protect our water from contaminants and we are working with the State to determine the vulnerability of our water source to *potential* contamination. The Tennessee Department of Environment and Conservation (TDEC) has prepared a Source Water Assessment Program (SWAP) Report for the untreated water sources serving water to this water system. The SWAP Report assesses the susceptibility of untreated water sources to *potential* contamination. To ensure safe drinking water, all public water systems treat and routinely test their water. Water sources have been rated as reasonably susceptible, moderately susceptible or slightly susceptible based on geologic factors and human activities in the vicinity of the water source. The McKenzie Water Dept. sources rated as reasonably susceptible to potential contamination.

An explanation of Tennessee's Source Water Assessment Program, the Source Water Assessment summaries, susceptibility scorings and the overall TDEC report to EPA can be viewed online at <https://www.tn.gov/environment/program-areas/wr-water-resources/water-quality/source-water-assessment>. html or you may contact the Water Dept. to obtain copies of specific assessments.

A wellhead protection plan is available for your review by contacting Earnest Umstead at the McKenzie Water Dept. between 7:00 a.m. to 5:00 p.m. weekdays.

Why are there contaminants in my water?

Drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline (800-426-4791).

Este informe contiene información muy importante. Tradúscalo o hable con alguien que lo entienda bien.

For more information about your drinking water, please call Earnest Umstead or Billy Wood at 351-3114.

How can I get involved?

Our City Council meets on the second Thursday of each month at 7:00 p.m. at the City Hall. Please feel free to participate in these meetings.

Is our water system meeting other rules that govern our operations?

The State and EPA require us to test and report on our water on a regular basis to ensure its safety. We have met all of these requirements. Results of unregulated contaminant analysis are available upon request. We want you to know that we pay attention to all the rules.

Other information

The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.

Contaminants that may be present in source water:

- Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems,

agricultural livestock operations, and wildlife.

- Inorganic contaminants, such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial, or domestic wastewater discharges, oil and gas production, mining, or farming.

- Pesticides and herbicides, which may come from a variety of sources such as agriculture, urban stormwater runoff, and residential uses.

- Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems.

- Radioactive contaminants, which can be naturally-occurring or be the result of oil and gas production and mining activities.

In order to ensure that tap water is safe to drink, EPA and the Tennessee Department of Environment and Conservation prescribe regulations which limit the amount of certain contaminants in water provided by public water systems. FDA regulations establish limits for contaminants in bottled water which must provide the same protection for public health.

Do I Need To Take Special Precautions?

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about not only their drinking water, but food preparation, personal hygiene, and precautions in handling infants and pets from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by *Cryptosporidium* and other microbiological contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Lead in Drinking Water

If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. The McKenzie Water Dept. is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/lead/protect-your-family%23water%23water>.

Water System Security

Following the events of September 2001, we realize that our customers are concerned about the security of their drinking water. We urge the public to report any suspicious activities at any utility facilities, including treatment plants, tanks, fire hydrants, etc. to the police dispatcher at 351-2264.

Think before you flush!

Flushing unused or expired medicines can be harmful to your drinking water. Properly disposing of unused or expired medications helps protect you and the environment. Keep medications out of Tennessee's waterways by disposing in one of our permanent pharmaceutical take back bins. There are nearly 100 take back bins located across the state, to find a convenient location please visit: <https://tdeonline.tn.gov/rtakeback/>.

Water Quality Data

What does this chart mean?

- **MCLG** - Maximum Contaminant Level Goal, or the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
- **MCL** - Maximum Contaminant Level, or the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology. To understand the possible health effects described for many regulated constituents, a person would have to drink 2 liters of water every day at the MCL level for a lifetime to have a one-in-a-million chance of having the described health effect.
- **MRDL** - Maximum Residual Disinfectant Level or MRDL: The highest level of a disinfectant allowed in drinking water. There is convincing evidence that addition of a disinfectant is necessary for the control of microbial contaminants.
- **MRDLG** - Maximum residual disinfectant level goal. The level of a drinking water disinfectant below which there is no known or expected risk to health. MRDLGs do not reflect the benefits of the use of disinfectants to control microbial contaminants.
- **AL** - Action Level, or the concentration of a contaminant which, when exceeded, triggers treatment or other requirements which a water system must follow.
- **Below Detection Level (BDL)** - Laboratory analysis indicates that the contaminant is not present at a level that can be detected.
- **Non-Defects (ND)** - Laboratory analysis indicates that the contaminant is not present.
- **Parts per million (ppm) or Milligrams per liter (mg/l)** - Explained as a relation to time and money as one part per million corresponds to one minute in two years or a single penny in \$10,000.
- **Parts per billion (ppb) or Micrograms per liter** - Explained as a relation to time and money as one part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.
