Former Huntingdon Man Charged In Shooting Death of TBI Agent

JACKSON – (August 10, 2016) Special agents from the Tennessee Bureau of Investigation have arrested and charged a Jackson man in connection to the shooting death Tuesday afternoon of a TBI Special Agent during the course of an ongoing drug investigation.

Preliminary information indicates Special Agent De'Greaun Frazier was one of several agents working alongside the Metropolitan Narcotics Task Force during a controlled buy Tuesday around 2:00 p.m. in a vehicle in the area of Brianfield Cove. During the exchange, a subject in the backseat of the car, identified as Brenden Tyler Burns, whom the Agent met for the purposes of purchasing illicit drugs, produced a firearm in an attempt to rob the agent and an informant sitting in the front seat. During the exchange, Burns fired at least once, striking Agent Frazier, who subsequently died at Jackson-Madison County General Hospital.

Councilman Casts Lone Vote To Suspend Traffic Cameras

By Joel Washburn
washburn@mckenziebanner.com

MCKENZIE (August 11) McKenzie Councilman David Hochreiter cast the lone vote to suspend use of cameras used by the city to electronically monitor traffic and issue citations to violators. The action came Thursday, August 11 at the regular monthly meeting when council members voted five to one to continue the operation of traffic monitoring cameras.

Hochreiter requested the item be placed on the August agenda. The Mayor and Council addressed the following agenda item:

"The City of McKenzie place a temporary suspension on the use and issuance of all traffic camera citations until the contracted traffic camera company can present to the City Council a written document ensuring their review practices are in compliance with current Tennessee Code Annotated texts."

Hochreiter said the state's attorney general had opined that any review by a person, who is not POST-certified (Peace Officer Standards and Training) cannot review the videos from the traffic cameras. Hochreiter said ATS is in violation of state law by allowing non-POST certified employees to first review the video before sending it to a POST-certified officer at McKenzie Police Department for final review.

Mayor Jill Holland said Tennessee law reads, "Only POST-certified or state-commissioned law enforcement officers shall be authorized to review video evidence from a traffic light signal

Top, Councilman David Hochreiter requests to suspend the use of traffic cameras as City Attorney Laura Keeton issues a legal opinion in contradiction to Hochreiter's assertions. Above, David Mast with American Traffic Solutions told the council that no city in Tennessee has suspended the use of ATS traffic-monitoring equipment in relations to the state attorney general's opinion.

Election Qualifying Deadline is Thursday

For citizens contemplating qualifying to run for three open seats on the McKenzie City Council during the November 8 general election, time is running out.

The qualifying deadline for the November 8 general election is Thursday, August 8.

During an interview with The McKenzie Banner, Carroll County Elections Commission Assistant Director Tom Aljancic said that only one person has turned in a petition to qualify as a candidate for the McKenzie City Council.

He said, "As of this morning, only candidate Charles Pruneau of McKenzie's Ward 6 has turned in a petition to run. Randy Callahan of Ward 4 has picked up a petition, but has not turned it in yet."

As of press time, no one has petitioned for the Ward one seat in McKenzie held by Jessie Townes.

Three Carroll County Commission seats – District 1, 5, and 8 are open. Wayne Kirk died and left the vacancy in District 1; Buster Barger moved from the county and his unexpired term will be elected from District 5 voters in Huntingdon. Barger's position was temporarily filled with the appointment of Lori Nolen; and Harold Vinson died in District 8-McKenzie. His vacancy was temporarily filled with the appointment of Gaylon Sydnor.

In other municipal elections, Trezevant has five at-large aldermen seats open with only Bobby Blaylock having filed a petition. Atwood has two aldermen seats with four-year terms open with both incumbents having filed with no competitors; Bruceton has three alderman seats with four-year terms open with four competitors and two incumbents having filed; Hollow Rock has three alderman seats with four-year terms open with one petition picked up and no petitions filed; and Huntingdon has the mayor and five aldermen seats open with all incumbents having filed and no competitors.

In Carroll County several town, county and school board races are on the November 8.

In addition, balloting options statewide will be available for the presidential election, State Senate, State House of Representatives and U.S. House of Representatives.

Trezevant to Negotiate with CSX on Multiple Issues

By Brad Sam
brad@mckenziebanner.com

TREZEVANT (August 9) — The Trezevant Board of Aldermen, Mayor Dennis Mitchell, and City Attorney Charles Trotter will meet in the near future with representatives from CSX, the railroad company that owns the rails and some pieces of land in town.

Both parties, along with the state, have interest in resolving several issues. The town has had problems with a drainage system that partly runs underneath the rails. Also, many large, low-sitting trucks have difficulty getting over the crossing on Main Street/Highway 105.

The railroad and the state would like to close the crossing at Park Street, which could be done one of two ways. Simply closing the crossing would leave Park Street cut off from Highway 79. Extending the street down to the next crossing would require annexing portions of at least three properties.

After a previous conversation between town and railroad officials, Mayor Mitchell thinks that the company and the state are ready and willing to work with the town, and that an agreement can be negotiated.

A meeting of all parties will be arranged, after which CSX would like the board to make a decision on closing the crossing.

In other business, Attorney Trotter will look into options for the city to sell a piece of property to an individual interested in opening a business.

Mayor Mitchell offered a reminder that the November meeting will be held on the 15th instead of the 8th, which is Election Day. He also took the opportunity to clarify what will likely happen after that election. As the board already has one vacancy and thus far not enough petitions have been submitted to the Election Commission to fill the board, the current sitting aldermen will retain their seats until the positions can be filled through appointments.

It was announced that improvements will be made to the community center, including flooring, cabinets, and a handicap-accessible restroom. Also, the board approved the sale of old chairs from city hall and the community center so new chairs can be sought. All of the upgrades are in budget.

Mitchell also informed the board that the American Legion will place a sign at the center, where the organization meets.

Thanks were offered to Janice Kennedy for donating curtains to the center.

The mayor commended the board and town officials for the state of the town's finances, saying that everyone has "worked well together and gotten the town in really good shape in our time as a board."

He added that the police department made budget for the first time last year. He noted that he often receives comments on the number of people being pulled over and that citizens fear that the town has become a speed trap. He defended the department as being very fair, noting that the highway averages 6,000 vehicles per day of traffic, and that the officers average five citations a day. He further noted that the overwhelming majority of tickets are for violations of at least 16 miles per hour over the limit.

Official records show that in July, 97 citations were written, 79 of which were for speeding. Among those, the average overage was 15.96 miles per hour.

The meeting adjourned after an hour.

Bethel University President, Dr. Walter Butler speaks to guests auditioning for the Lights|Camera|Fashion 2017 program. Bethel University hosted the organization on campus on Tuesday, July 26.

Bethel University Hosts Lights|Camera|Fashion

MCKENZIE — Bethel University once again hosted the Lights|Camera|Fashion organization on its McKenzie campus, Tuesday, July 26.

According to Tina Hodges, Dean of Enrollment for Bethel's College of Arts and Sciences, Bethel served as the location for the Lights|Camera|Fashion program 2017 auditions.

"Lights|Camera|Fashion came to our campus to hold auditions that would give these young women an opportunity to be a fashion model for a fashion show on Feb. 4, 2017," Hodges said.

Lights|Camera|Fashion, owned and produced by FrozenZen Photography and My Best Friend Jenna Boutique, is a year-long program focused on enriching the lives of Tennessee's young women and dedicated to raising funds for the children of St. Jude Children's Research Hospital through its yearly fashion show.

Each year, 100s of girls from high schools throughout Tennessee apply to be part of the Lights|Camera|Fashion Model Program with a limited number selected to participate. During their year in the program, these high school junior and senior girls receive instruction on modeling, walking the runway, posing for the camera, applying makeup and raising philanthropic funds. They participate in fun photography fashion shoots modeling the latest designer gowns from My Best Friend Jenna Boutique.

Through the Lights|Camera|Fashion model program, these young women become confident of their own self-worth and their inner beauty. This enables them to have a deeper, more abiding belief in their own abilities to achieve their dreams.

The February Prom Runway Fashion Show is patterned after New York Fashion Week. This Lights|Camera|Fashion Prom Runway Fashion Show is the largest of its kind in Tennessee, and it is the only one focused entirely on Junior and Senior High School students. Bethel University is a premiere Sponsor of the Show.

Hollow Rock-Bruceton Special School District

New Teachers Recognized, Unmanned Aircraft Policy Approved

By Ernie Smothers
smothers@mckenziebanner.com

BRUCETON (August 8) — During the regular monthly meeting of the Hollow Rock-Bruceton Special School District, Central High School Principal Joe Norval and Central Elementary School Principal Deborah Martin introduced new teachers to school board members.

Addressing the board, Norval said, "I am pleased to introduce the following new middle school and high school staff members to you. Cary Bivens is teaching eighth grade Language Arts; Megan Birdwell is teaching high school Biology and Science; Jacob Edwards is teaching sixth grade math as well as assisting as coach of the football and baseball teams; Patience Radcliff is teaching seventh grade Language Arts; and Cathy Spears is teaching Upper Level One Math. I look forward to working with them as we strive to enhance the educational experiences of our students."

Martin said, "I am pleased to announce Tammy Crews as fifth grade teacher; Tori Young as third grade teacher; Haden Williams as Physical Education teacher; Alec Meddings as third through fifth grade Computer Lab instructor, and Stacey Phelps as Library Assistant.

HRBSSD Director of Schools David Duncan told school board members that he was pleased with the new teachers and felt confident that they would add to the continual efforts by educators to provide consistent, quality educational foundations for all Central students.

Reiterating Duncan's thoughts, HRBSSD Vice-Chairman Randy Kelley said, "I know that all of our new teachers will do an outstanding job for our school system. We are family here at Hollow Rock-Bruceton, so welcome to the family."

At the recommendation of Duncan, the board approved Policy 3.219-use of unmanned aircraft system (drone) by visitors at school sporting events.

Prior to approval, Duncan said, "TSBA added language to Policy 3.219 stating that visitors on the school campus can operate a drone during ball games and so forth if given approval to do so by the director. "

In other business, Duncan praised Principals Norval and Martin for seamlessly planning excellent teacher in-service programs and open house events.

During Principal's Comments, Martin said, "I want to commend CES teachers for doing an excellent job in making the first of the year run so smoothly. The teacher's enjoyed the in-service program dealing with best practice in usage of technology. The program was very informative."

She added, "148 students were represented at the recent CES Open House. That number is half of CES' student population. I am very pleased with the turnout of parents and guardians."

Norval thanked Martin for diligently working with him to prepare and implement the in-service programs. He said, "Principal Martin and I worked a lot of long hours putting the in-service program for teachers together. I am thankful for her efforts in making the program a success."

Norval informed board members that all school system teachers pre-k through grade 12 have received state-mandated cardiopulmonary resuscitation (CPR) training.

monitoring system and make a determination as to whether a violation has occurred. If a determination is made that a violation has occurred, a notice of violation or citation shall be sent by first-class mail to the registered owner of the vehicle."

The mayor noted MPD officers are the ones who make the determination whether or not to issue the citation.

David Mast, account manager for ATS, said the ATS personnel are not POST certified, however, it is the MPD officers who make the final determination of a violation. Sometimes the MPD officers' decisions do not concur with the initial assessment of ATS employees.

ATS gathers the video, attaches the vehicle registration information, and forwards it to MPD for final review and determination, according to City Attorney Laura Keeton.

Hochreiter said he was concerned that citations issued by the camera in McKenzie could be part of a class action lawsuit in which the city would have to defend.

Mast said no city in Tennessee using ATS equipment has suspended its use of traffic cameras in regard to the state's attorney general's opinion. He said both Memphis and Knoxville continue to use ATS traffic cameras. Both cities have legal teams which have not encouraged the city to suspend traffic camera operations.

City Attorney Laura Keeton said the contract with ATS requires the company to meet state law. If the city suspends the contract, then it would be in breach of contract with ATS and opens the city to a lawsuit. Keeton offered that advice as her legal opinion.

On roll call vote, Gene Hale, Cassie Allen, Jessie Townes, Kevin Gallimore, and Charles Pruneau voted against Hochreiter's motion to suspend use of the cameras. Hochreiter voted for the suspension of cameras.

The city told The Banner following the meeting that the three traffic cameras- two at signal lights and one along the 40 mph zone on North Highland, provide a low-cost solution to enforcing traffic speeds and control at signal lights. Alternatively, one officer to monitor any one of the locations around the clock would be $44,616 annually, not counting the vehicle, radar, or fuel, according to the city's calculations. A citation issued from data collected from the camera is $50 compared to an officer-issued citation which nets a fine and court costs totaling $163.75 plus penalties on one's driving record and insurance. The city allows a variance of 10 miles per hour over the speed limit for the camera-monitored enforcement.

In other business, Mayor Holland announced McKenzie Industrial Board and the State of Tennessee signed a lease for a period of one year for the Department of Human Services to remain in the non-descript former J&J Supermarket/E.W. James building on Cedar Avenue. The facility is a call center operated by the state of Tennessee. Greg Blackburn owns the building and has agreed to add some more sidewalks and picnic tables for the employees.

In Council reports, Cassie Allen and Gene Hale the Parks Department and Street Department are mowing. Hale said the city is working to reduce the number of grown-up lots.

Hochreiter said the Fire Department was busy during the month of July and even made a water rescue on Monday of that week. Mayor Holland said the department is also caring for the landscaping at city hall.

Jessie Townes said the city is preparing for the Fried and Sweet Tea Festival and the Farmers Market is looking good.

Jennifer Waldrup, Economic Director for the city, said Beta Sigma Phi donated funds for the improvement of the recently opened Farmers Market.

Councilman Charles Pruneau said the Police Department was busy during July.

Mayor Holland reported the city held condemnation hearings for six properties in McKenzie.

Those included: Ronald Pillay, 585 Magnolia Street and 705 Forrest Avenue; Christy Luben, 103 May Street; Richard Hays, 924 West Magnolia Street; Jose Becerra, 23 Broadway; Linda Lewis, 207 Forrest Avenue; and a mobile home located on East Walnut.

Agent

...From Front Page

Burns was a former resident of Huntingdon.

Shortly after the shooting, law enforcement officers apprehended Burns (DOB 3-10-93) a short distance away in the area of Tinker Hill Cove. This morning, TBI agents charged him with one count of Murder in the Perpetration of Attempted Aggravated Robbery. He is being held in the Madison County Jail without bond.

According to a report by WBBJ-TV, "Brenden Burns was to secure an ounce of cocaine for $975," Jackson City Court Judge Blake Anderson said.

Police said instead of returning with drugs, Burns got in the back seat, pulled a gun on Agent Frazier and a confidential informant and said, "You know what time it is?" and "If I have to pop you, I'll pop you," which was reportedly directed at Agent Frazier.

Officers said when Agent Frazier tried to get out of the vehicle, Burns shot him in the back. Investigators said Agent Frazier returned fire even though he was wounded.

According to WNWS radio in Jackson, in March 2012 Burns was arrested in Carroll County for burglary. He has since had numerous charges in courts from Carroll County Sheriff's Office, Huntingdon Police Department, Madison County Sheriff's Office, and the Jackson Police Department. Most of his additional charges are driving and drug related.

"Agent Frazier was exactly what we look for in a TBI Agent: hard-working, enthusiastic, and dedicated to making Tennessee a better place to live," said TBI Director Mark Gwyn. "We are deeply saddened by his death and will work aggressively to investigate this case to its fullest. His commitment to our agency and public service will not be forgotten."

Those wishing to make donations for Special Agent Frazier's family, may do so to the following address: Memorial Park Funeral Home 5668 Poplar Avenue Memphis, TN 38119.

Gleason to Repair Streets

By Jason Martin
jmartin@mckenziebanner.com

GLEASON (August 11) — For the second meeting in a row, the topic of street repair was the main point of discussion by the Gleason City Mayor and Board of Alderman. Six quotes were submitted from four paving companies to the Public Works Department ranging from $74,500 for resurfacing to $19,800 for patching of the streets.

After examination of the city's financials, the question of a third and possibly less expensive option was approached. Alderman Jerry Connell asked if a hot mix repair was feasible. Dale Stephens of the Public Works Department said that method has been used in the past for patch work. A cold mix was recommended due to the ease of use and compacting. The board voted unanimously to use a cold mix and have the city make repairs.

In old business, the tabled debate to amend Ordinance No. 2006-072 (policy and procedure on splitting adjoining water and sewer lines) was reopened for discussion. In the last meeting the board questioned the fairness of the ordinance on the forced split; for example, can a person be denied water or sewer service because the homeowner cannot afford the fees; what are the owner's responsibilities in regards to the split; and would the city be willing to divide the fees into a payment plan?

With little debated, it was decided to leave the ordinance in place with no amendments.

In new business, the board asked about property clean ups. Some residences are failing to meet code under the city's ordinance. City Recorder Angela Hunt stated letters were sent to owners with a copy of the ordinance requesting action to be taken. A property on West St. was the focus of concern as ownership could not be determined due to a pending foreclosure. It was noted the city had mowed the property on prior occasions.

Chief of Police Jeff Hazelwood brought to the board's attention a concern from citizens dealing with the triangle intersection near the Little General. Hazelwood recommend engineers to examine the area to improve safety. An increasing number of motorists are not stopping at the posted stops, and he worried a serious accident could occur.

Gleason resident, Charles Anderson, was commended for his help to the city and fire department for the painting of fire hydrants within the city limits.

The meeting adjourned after 40 minutes.

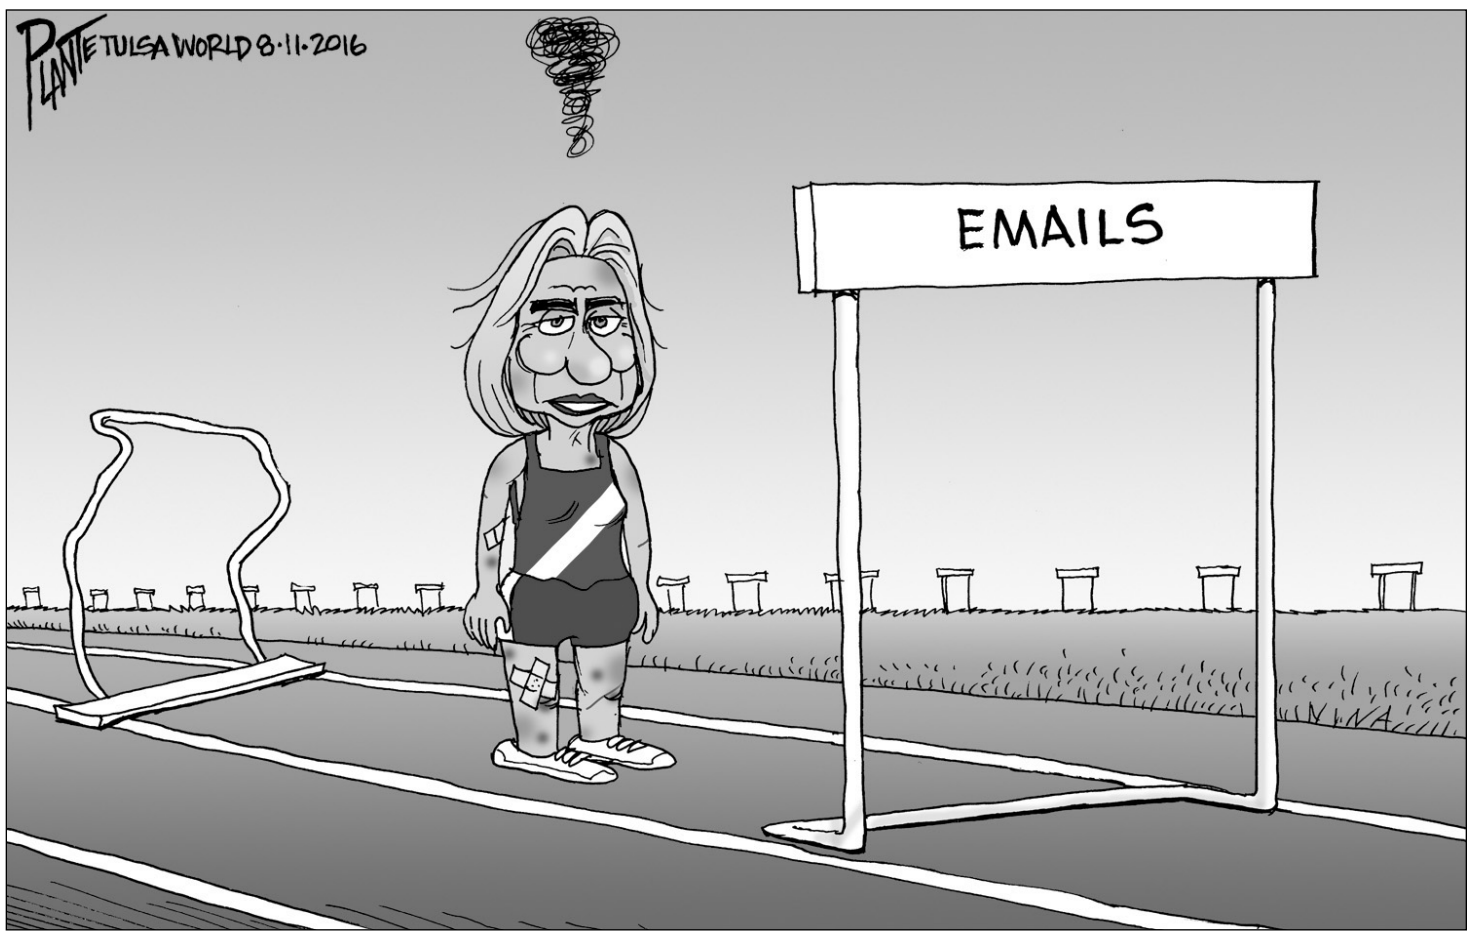

AAA: Higher Oil Prices Increase Gasoline Rates

TAMPA, Fla. (August 14) — Oil prices rose $3 last week, pushing retail gas prices 3-4 cents higher in Florida, Georgia, and Tennessee. This snapped a 62-day streak of gas price declines in Florida, for a total discount of 30 cents. Current state averages remain 5-10 cents less than a month ago, 35-40 cents less than a year ago, and $1.30-$1.50 less than two years ago.

"More expensive oil prices caused wholesale gas prices to rise 6 cents, directly leading to the increases at the pump," said Mark Jenkins, spokesman, AAA - The Auto Club Group. "However, wholesale prices slipped 3 cents mid-week, allowing retail prices to stabilize over the weekend. Gas prices are likely to remain volatile through the rest of the month, but stay low through the rest of the year."

Gas prices remain at the lowest level for this time of year since 2004. Motorists currently save an average of $20 for a full tank of gas - compared to this time two years ago - when pump prices averaged $3.47 nationwide.

The weekly average for a barrel of WTI crude oil ($43.10) is $2.27 more than a week ago, and the highest in three weeks. Oil prices rose after the International Energy Agency forecast crude markets would tighten in the second half of 2016. According to the EIA, the global oversupply of crude will clear out during the second half of the year. This is due to deep output cuts by producer outside of OPEC, and healthy global demand for crude oil. Also putting upward pressure on oil prices is news that OPEC members and non-members agreed to an informal meeting in September to discuss the market situation and possible action to stabilize prices. Analysts believe oil prices could reach as high as $45 in the near term.

Hunker Down with Kes

We Played The National Anthem In Our Heads

I've enjoyed watching the Summer Olympics. It brings back lots of memories of when I was competing in the games. You wouldn't believe the number of gold medals I've come home with!

Of course, you can collect some hardware when you hold the Olympics every summer like we did. Ricky Gene Stafford summed it up for us, "Why in the world would you do all that practicing and then wait three years to put it to use?"

"And besides," his older brother, Nicky Joe, might have been more to the point, "we ain't got nothing else to do."

We participated in more games than most because we didn't break for commercials. We didn't have to hug a coach after every run, dance, twirl, hop, dive or shot. The action never stopped for a Bob Costas interview. And no way would we have stood still for three national anthems after each little contest!

My best sport was the Walking Run. A group of us would start to town. We'd be just strolling along. There certainly wasn't anything in town that was worth rushing up there for. Terry Kennon would speed up just enough to take the lead. Without a word or a fuss, Joe Gooch would quicken his pace. Well, shucks to goodness, I wasn't letting those turkeys get ahead of me!

Somewhere about Richard Gregg's house we'd all be stepping it up a notch. Of course, we were still talking about the upcoming St. Louis Cardinals series with the Brooklyn Dodgers. Or the latest Raymond White weather report.....but our thoughts had moved to the front of the pack!

By the time we reached the elementary school we were setting a fairly good pace, though still pretending to just be ambling along. As soon as we cleared the crossroads where Magnolia and Stonewall met, someone would break and run for town. All talk came to a screeching halt and the race was on!

The finish line was the railroad tracks by the City Café. And I'm telling you with my hand up, I crossed it first most every time.....if Terry slipped on the last turn in front of the Baptist Church.....and Leon and Nicky Joe and Jackie and Bobby C. all stayed home that day!

You've got to have a little luck to win a gold medal.

I wasn't bad in the Crabapple Throw. We'd gather up a handful of those too hard to eat missiles and pick teams. A crabapple up side the head knocked you out of the competition.

We didn't waste time in the Swimming events with all that diving, butterfly racing or freestyle relays. And you can bet the torch we didn't synchronize nothing! We mostly tried to see who could hold the opponent under the water the longest. Sometimes our swimming and wrestling events spilled over on each other.

We'd take sticks and Sword fight like we were back in Sherwood Forest. We tried a few times to poke the end of the stick into an opponent's belly. But usually it turned into a clubbing contest. We didn't need fancy sensors in the end of the stick or judges to mull over a difficult point system. When a contestant dropped his stick, went to his knees or the blood got into his eyes so bad he couldn't continue, the other guy was declared the winner. I've seen boxing matches breakout right in the middle of the Fencing games!

The Tire Roll was another of my favorite events. Two contestants would curl up in the middle of a couple of old tires we'd borrowed from Bill Agro's Gulf Station. We'd line them up and roll both down the highest hill we could find. The winner was the one who stayed upright and rolling the longest. We added Puking to our Olympic games when Millicent Blackburn blew her lunch all over Main Street after a particularly long ride down that hill in front of the Mitchum house.

The Tree Climbing medal was awarded to the guy who went the highest, the fastest; Bareback Riding was seeing who could stay on Prince the longest; the key to the Raccoon Run was to draw an old coon; Mumbley Peg was more about NOT sticking the knife in your own foot; if someone could think up a contest, we'd give it a try!

And sadly, we also had our doping problems. Underhanded contestants were always "seeking" an edge by tanking up on Wheaties every morning. They washed it down with chocolate milk delivered daily by the Pure Milk Company out of South Fulton. And they wolfed down sandwiches fortified with Wonder Bread, known to build strong bodies twelve ways.

We took our training seriously—as we did the games. And maybe our awards weren't made out of expensive metals. But a pat on the back from one of the older guys was pure gold to us! An admiring glance or nod from a worthy opponent was manna from Heaven. And the satisfaction of beating your best friend lasted long after the cheering stopped.

Respectfully,
Kesley Colbert

'Taste of Carroll County' Debut a Great Success

By Brad Sam
brad@mckenziebanner.com

McKENZIE (August 11) — Dozens gathered in the student activities room at Bethel University's Vera Low Center for the inaugural Taste of Carroll County, which brought in more than $1,100 to benefit the Carroll County Humane Society.

The event featured over 20 entries of the best food the county has to offer, entertainment by local band Flashback, a silent auction, and book signing by local novelist David Johnson.

Admission to the event totaled $420, which will go to the group's general fund. The silent auction raised $590 for the Low Cost Spay/Neuter Program for dogs. A portion of the sale of Johnson's books at the signing table, including the "Tucker" series and his new release, "Toby," will go to the Humane Society as well. (That total was not available at press time.)

Donations totaling $150 were also collected during the event for the medical expenses of Finn, a puppy who was found in dire condition. He was severely malnourished, riddled with parasites, and suffering from multiple fractures, including a hind leg with the bone protruding from the skin. The leg had been injured for an extended period and will require amputation, which can't be performed until Finn's overall condition improves while in foster care.

Guests at the event voted and awards were presented in five categories. Winners were:

Best Sandwich - Catherine Clark's cheeseburger sliders.

Best Side Dish - Billy Gene Stafford's potato salad.

Best BBQ - Jinnifer Bates and Lyllyn Huff's BBQ chicken.

Best Dessert - Ashley Renfroe's blueberry cobbler.

Best Overall (tie) - Linda Schaffer's sweet and sour meatballs and Catherine Clark's Mississippi Sin Dip.

Carroll County Humane Society thanks Bethel University, Flashback's Glynn Mebane, Dale Garrett, Peggy Kee, Dennis Kee, Steve Bomar and Randy Delaney, David Johnson, silent auction donors, and food contributors, including businesses Chick-fil-A, Maria's Mexican Restaurant, and Hometown Grocery and Deli.

McKenzie Ties, West Carroll Wins in Jamboree Action

PARIS (August 12) — Two high school varsity football teams from Carroll County participated in a pre-season jamboree at the Henry County Patriots stadium in Paris. West Carroll War Eagles competed against the Stewart County Rebels in the opening contest and the McKenzie Rebels competed in the nightcap against Murray (Kentucky) High School in the McDonald's Football Challenge.

West Carroll posted the lone score in the game at the 2:27 minute mark in the first of two periods. Trace Fuller punched in the touchdown after a 16-yard rush.

West Carroll experimented with the passing and running game in this pre-season contest. The arsenal of Tristen Fuller, PJ Odom, Trace Fuller and Patrick Becker controlled the tempo of the game and kept Stewart County at bay.

West Carroll travels to Hollow Rock-Bruceton on Friday to meet their in-county single A opponents.

The McKenzie Rebels had the benefit of cooler temperatures than West Carroll War Eagles, who played in nearly 100 degree temperatures. The nightcap game featured the Rebels and Murray. The Rebels were shaky at first, allowing Murray to score twice before the Rebels launched a come-from-behind effort to tie the 14-14 at the 10:28 mark in the second of two periods.

Zack Jarrett, a junior, is in his first year as starting quarterback. The six-foot, five-inch junior started scrimmage from their own 30 yard line. The first play from scrimmage ended on a fumble and Murray recovered. Murray made good on the recovery and scored to bring the score to 14-0 with 6:09 remaining in the first period.

The Rebels found their rythmn and blazed up field with both an aerial attack and rushing game. Eric Robinson found pay dirt with 1:49 remaining in the first period. Lucas Waddell added the PAT to earn seven points for the Rebels.

In the second period, the Rebels successfully advanced the ball allowing Robinson to move from mid-field to the end zone with 10:28 remaining to play. Waddell added the extra point to tie the game at 14-14.

The Rebels weren't done. Deaaron Diggs landed a quarterback sack, and Julius Owen and Keegan Millsap made a big stop that led to the Rebels gaining possession with 3:49 remaining.

Eric Robinson advanced the Rebels down the turf and landed the Rebels in the end zone for the apparent go-ahead touchdown, however, a penalty negated the score.

Mustang Squads Take Two of Three

By Ernie Smothers

HUNTINGDON (August 12) — As rain receded and a brilliant rainbow formed over Paul Ward Stadium, Huntingdon's middle, junior varsity, and high school squads engaged in respective two-quarter showcases against Henderson North Junior High and Lexington's high school and JV teams.

Henderson North Junior High 14, Huntingdon 6

Less than 24 hours removed from a tough, physical loss to Milan Middle School, Huntingdon's Middle School Mustangs showed determined resilience in its battle with Henderson North Junior High.

After exchanging possessions to start the opening frame, Huntingdon utilized the rushing of Haden Sullivan, Jagar Taylor and Blane Fields to march the football to the Tigers' one-yard line before surrendering possession at the :37 second mark.

On the next play, Tiger Reshaun Jones bounced outside and outran Mustang defenders 99 yards to paydirt. Battling back, Mustang D'Allen McCord tackled Jones as Henderson North's two-point conversion failed and the Tigers led the Mustangs, 6-0.

Resuming play in the second quarter, Huntingdon's offense methodically marched past midfield via chain-moving first down jaunts by Taylor and Sullivan.

At the 2:21 mark of the final frame, Fields swerved around Tiger defenders to race 27 yards to score. Field's two-point conversion rush was stopped short of the goal line as the Tigers and Mustangs were tied, 6-6.

Answering quickly, Tiger Radarius Transour burst through the gap in the right side of the Mustang line at the 1:41 mark and sped 67 yards to the house and added the two-point conversion as Henderson Junior High defeated Huntingdon Middle School, 14-6.

Huntingdon High School JV 8, Lexington 0

In the second contest of the night, Huntingdon High School's Junior Varsity took on Lexington's JV in a fast and physical two-quarter exhibition. In a defensive battle, neither team's offense was able to maneuver into its opponent's red zone as the scoreless first quarter expired.

Continuing to stalemate each other, Huntingdon JV and Lexington exchanged possessions

Rebels Fall to Lions, 36-16

MCKENZIE (August 11) — In season-opening middle school football action, McKenzie Middle School (MMS) took an early, 8-0 lead via its game-opening 11-play, 79-yard scoring drive before Dresden Middle School (DMS) tallied 36 unanswered points to defeat the Rebels, 36-16.

Throughout the contest, McKenzie runningback Will Latimer led the Rebels ground attack with long gains and tough inside totes. Rebel quarterback Eli Surber's first quarter touchdown pass to Jaden Currie followed by Jake McDaniel's two-point conversion tote and Jaden Johnson's 40-yard touchdown dash and two-point conversion late in the fourth frame accounted for all of McKenzie's points.

In a dominating performance, Dresden quarterback Zach Crawford's combined scoring rushes of 1, 23, 41, and 46 yards and 49-yard touchdown spiral to Jaden Jones secured his team's win.

Lions 36, Rebels 16

DMS won the opening coin toss and deferred possession to the second half. Lion kicker Crawford's careening opening boot was returned by Rebel Jake McDaniel to the MMS 21. Racing through a gap in the right side, Rebel Will Latimer moved the chains at the MMS 31.

Responding, Crawford tackled Latimer for no gain before Latimer battled to the MMS 40. An encroachment penalty against DMS prior to the ensuing play gave MMS a first down at their 46. Jetting through a gap in the Rebel line, Latimer raced right side to the DMS 31.

Battling back, Lion Trevor Moore dropped Latimer in the backfield for a loss of two. After Surber's deep pass attempt sailed over receiver Zayden McCaslin. McKenzie faced third and eleven at the Lions 32. Racing left side, Latimer weaved through DMS defenders to dial up a fresh set of downs at the Lions 15. Taking the pitch from Surber, Rebel Zayden McCaslin swept right side for a gain of three before being tackled by Matthew Parker.

After Rebel quarterback Surber's short pass to Elijah Seivers was snuffed for no gain and Lion Nolan Bracket tackled Latimer at the line, McKenzie faced fourth and 12 inside the DMS red zone. Taking the snap via shotgun, Surber rolled right side and fired a touchdown strike to Jaden Currie. Jake McDaniel powered left side for the two-point conversion as MMS led Dresden at the 2:15 mark of the first frame, 8-0.

Gambling, MMS's McDaniel's onside kick was recovered by Lion Derek Johnson at the Rebel 48. Keeping the ball, Crawford battled right side for a gain of three before being brought down by Rebel Jordan Woods. Lion Trevor Moore added a tote to the 41 to bring up third and three. An ineligible receiver penalty against DMS on the ensuing play moved the ball back to the 46.

Rolling right side in the pocket, Crawford connected with Moore to move the chains at the MMS 29. Crawford advanced the ball via keeper to the Rebel 24 as time expired in the first canto with MMS leading DMS, 8-0.

Resuming play in the second quarter, DMS quarterback Crawford recovered his fumble to bring up fourth and four. Taking the deep snap, Crawford spiraled a first down strike to an outstretched Ryeson Greer at the one. At the 6:36 mark of the second frame, DMS lit the scoreboard as Crawford powered right side to paydirt. Crawford's two-point pass attempt fell incomplete as DMS trailed MMS, 8-6.

Rebel Jaden Johnson recovered Lion Crawford's squib kick at the MMS 40. On the next play, DMS recovered a MMS fumble to take possession at the 6:27 mark of the second square.

Taking to the air, Crawford fired two deep passes that were dropped by a wide-open Logan Lyles. On third and ten, Crawford kept for a gain of eight before being tackled by Rebel Chris Barnett. On fourth and eight, Crawford connected with Trevor Moore for a first down at the MMS 23. Rebel Connor McReynolds dropped Crawford for no gain, the DMS signal caller erupted left side at the 4:23 mark to score. Crawford added the two-point conversion as the Lions led the Rebels at the half, 14-6.

Lion Tatum Oliver pounced on McKenzie second half-opening onside kick at the MMS 49. On the first play of the second half, Crawford unleashed a 49-yard, left side scoring strike to Jones. Crawford's two-point conversion rush was no good as DMS increased its lead over the Rebels, 20-8.

Disaster struck on the next drive as DMS recovered a Rebel fumble at the Lions 45.

At the 4:45 mark of the third quarter, Crawford bootlegged left side behind a wall of blockers to score from 41-yards out and Moore added the two-point conversion as Dresden widened its lead over McKenzie, 28-8.

Forcing MMS to turn the ball over on downs, DMS turned over possession on their ensuing drive as McCaslin intercepted Crawford's pass at the MMS 13. Dresden then forced MMS to punt on the fourth and 19 with the ball being downed at the Rebel 39 as time expired in the fourth frame with Dresden up, 28-8.

At the 7:01 mark of the final quarter, DMS logged its final points of the contest as Crawford weaved through Rebel defenders 46 yards to score and converted a two-point conversion pass to Moore as the Lions grew its lead over McKenzie, 36-8.

Down but determined, McKenzie lit the scoreboard with 1:47 remaining in the game as Jaden Johnson broke free from Lion defenders and sailed 43 yards to paydirt and added the two-point conversion as the Rebels fell to the Lions, 36-16.

On August 18, McKenzie hosts Huntingdon at Randy Thomas Field. Game time is 6:30 p.m.

Mustang

From Sports Front

throughout the second quarter.

With 3:06 remaining in the second quarter, the Mustang JV stopped Lexington and forced a turnover on downs at the Mustang 15.

Ramping up, Huntingdon Brandon Lawton accelerated through a gap in the Lexington line right side to net a first down at the 47. On the next play, Huntingdon's Connor Pearson erupted right side 53 yards to score and Hunter Ensley added the two-point conversion as the JV Mustangs claimed a hard-fought, 8-0 win over Lexington.

Huntingdon Mustangs 8, Lexington Tigers 7

In the nightcap, Huntingdon and Lexington's high school squads battled under the lights.

Early in the first quarter, Lexington jumped out to an 8-0 lead as Tiger receiver Parker raced behind Mustang defenders and caught a 30-yard scoring strike mid-stride down the right sideline. Lexington kicker Luke Lawler split the uprights with his point-after boot as the Tigers forced the Mustangs to punt away on its ensuing drive and led at the end of the first canto, 7-0.

The second quarter gravitated into a defensive showcase as both teams struggled to move the ball offensively.

The tide of the contest seemed to change at the 3:42 mark of the second stanza as Huntingdon punter Tyrese Mebane employed a rugby-style punting technique to pin Lexington down at its own three.

Powering up behind its big offensive line, Lexington methodically marched across midfield and into Mustang territory before turning the ball over on downs at the Huntingdon 27 with 2:14 remaining in the contest.

Responding, Mustang Kade Pearson picked up eight yards before Dylan Johnson moved the chains at the Huntingdon 45. With 56 seconds remaining, Johnson took the snap and rumbled right side before receiving a strong lead block from Pearson and darting toward the right sideline. Benefitting from a strong downfield block by Kyle Lutz, Johnson sped 55 yards to paydirt.

Going for the win, Johnson battled right side to score as Huntingdon defeated Lexington, 8-7.

On Thursday, August 18, Huntingdon Middle School travels to McKenzie for a 6:30 p.m. inter-county clash while Huntingdon High School is idle for week one of the 2016 grid season.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

See solution in next week's edition.
