Joint Effort Nabs Thief, Stolen Property

On Thursday, March 30 the McKenzie Police Department and Carroll County Sheriff's Department recovered several stolen firearms and televisions from a residence located on Florida Court in McKenzie.

Carroll County Sheriff Department investigators Joel Pate and Adam Meggs, along with McKenzie Police Department Assistant Chief Rick Sawyers and investigator Ryan White attempted to serve burglary and theft warrants from Henderson County on Jeremy Dewayne Willis.

Upon locating Willis inside the residence, the subject attempted to escape but was subdued after a brief struggle. When taken into custody, he had on his possession one gran of crystal meth, a smoling pipe, 57 Xanax tablets and two Percocet tablets.

The report noted that five counterfeit $20 bills were found in Willis' vehicle.

High Straight-line Winds Cause Damage

McKENZIE (April 2) — April roared in just as March ended – high winds and rains. Wind damage reports seem to be concentrated in the McKenzie and Henry County areas on Monday following a high winds in the early morning hours.

Repair crews and emergency responders worked throughout the night in and around McKenzie. Carroll County Electric linemen were busy repairing power lines that were downed by fallen trees and worked into daylight hours of Monday restoring electrical power.

McKenzie Police Chief Craig Moates said his department brought in an additional patrol officer and himself in the early morning hours Monday as they responded to downed trees and power outages. Other than downed trees and damage to roofs and buildings from the high winds, Moates said a roll-up door at Republic Builders Products was blown in. Workers at an adjacent industry noticed the door, said the chief.

CARROLL COUNTY ELECTRIC BOARD

Letter Commends Linemen for Service

BY ERNIE SMOTHERS
smothers@mckenziebanner.com

HUNTINGDON (March 30) — During the regular monthly meeting of the Carroll County Electric Board (CCED), CCED General Manager Danny Brawner informed board members that CCED employees assisted Paris and Lexington in clean-up efforts following the March 27 thunderstorm.

He said, "Some members of our crew assisted Paris with storm damage while the entire Huntingdon crew assisted Lexington. They departed for Lexington around 7 p.m. on Monday and completed work there around noon on Tuesday."

Brawner added, "Lexington Electric Department General Manager Jeff Graves sent a letter thanking us for assisting them. I'd like to read a portion of the letter to you."

He read, "Although the Town of Lexington had over two dozen utility poles and thousands of feet of electric cable downed by the storm, power was restored much sooner that projected due to the efforts of the employees of the Carroll County Electric Department. The willingness and response of Carroll County Electric Department speaks volumes about their commitment and willingness to help others. The efforts they provided are not lost on us. We appreciated their stepping up and helping out."

Following approval of the minutes of the February 26 meeting and vouchers, the board concluded by setting its next meeting date for Thursday, April 27 at 2:30 p.m.

HUNTINGDON (March 29) — Uniting the former Carroll South and Carroll North Relay For life teams into one countywide Relay team continues to pay big dividends as the combined effort raised $10,146 at the Ninth Annual Celebrity Waiter Dinner hosted by Baptist Memorial Hospital.

Team Captain Jennifer Britt, ecstatic about the huge success of the event, thanked event workers, cooks, food donors, attendees, auctioneer Mike Foster, and celebrity waiters for their heartfelt efforts in the teams' perpetual battle to raise money to combat cancer.

Celebrity waiter Dr. Lee Butler won best waiter by collecting $1,051 of the total $4,191 generated via table tip donations at the event.

Other waiters included Carl Byars, Mike Cary, Susan Breeden, Dareth Davis, Natalie Porter, Dr. Scott Portis, Ken Folkes, Natalie Sumrok, Michael King, Sandi Roditis, Dr. Mark Smith, Darlene Kirk and Heidi Hawkins.

Cooking the meal were Carl Nolen, Harold Miller and Paul Horton. Kathy Whitehead and Johnny Beth Nolen served as food committee chairs and Donna Butler served as hostess.

Following the meal and lively auction conducted by Mike Foster, American Cancer Society community manager Ariell White praised Carroll County Relay for Life for its longstanding commitment to raise money and awareness about cancer prevention and research.

She noted that the thousands of dollars generated through the years by Carroll Countians has aided in reducing cancer deaths by 23-percent since 1991 and provided county residents and family members struggling with the disease lodging at the Memphis and Nashville-based Hope Lodges.

Huntingdon to Purchase Trucks at Auction

Courtesy Carroll County News-Leader

Huntingdon's Town Council members granted approval at the March 28 meeting for the Public Utility and Public Works departments to purchase used trucks at upcoming public auctions.

The trucks will be used for the Utility and Street departments with a maximum of $35,000 budgeted to each department.

Danny Foster was authorized to bid on behalf of the town.

"Public Works Director Randy Crossett and his assistant Ronnie Breeden will attend the auctions and determine the best purchases for the budgeted amounts," said Mayor Dale Kelley.

Options were given each department, depending on what is available at the auction.

"This is a way to save the town's money and to get vehicles that each department needs," said Kelley.

In the Utility Department, the first choice for purchase is a 450 diesel or an equal with a utility bed to replace a 1986 one-ton service truck. However, if that is not available, a truck for the meter reader could be purchased to replace a 2002 Dodge truck, which would be given to the Finance Department or a service truck could be purchased that would replace a 2001 Dodge 4 x 4. It is a possibility that more than one truck could be purchased for the $35,000.

"If the proposed vehicles are not available at auction, the authorized individuals are permitted to use the budgeted funds as they see fit for the purchase of other available trucks at auction," said the mayor.

Councilmen approved changes to the Parks and Cemeteries 2017 year budget in the amount of $20,000 for the purchase of two mowers. The amount was originally designated for the purchase of a service truck.

Before the council members voted unanimously to award a bid to Jackson Coca-Cola as the exclusive beverage supplier for the town' s park facilities, council member Tim Tucker raised questions concerning the bids from Coca-Cola and Pepsi Mid-America.

"It looks as if we are comparing apples versus oranges instead of apples versus apples," he said.

Tucker noted a big difference was Pepsi's proposal for soft drinks to be served over ice that would amount to three times as much in revenue. However, he said he wanted to make sure that what was being done was best for everybody since he, as president of the boy's Little League and John Sanders as president of the girl's softball league, are often questioned about such matters by the public.

The mayor recommended Jackson Coca-Cola's five-year agreement over Pepsi Mid-America's 15-year agreement, mainly because of the number of years difference in the contracts. He said Coca-Cola has a monetary commitment of $5,000 up-front funding, plus $25,000 over the term in sponsorship or either that amount designated for new scoreboards. Coca-Cola also donated all of the existing scoreboards. In addition, Coca-Cola's agreement includes exclusive purchase of 20 oz. beverages, and $1 per case rebate annually if prior year purchases are exceeded by one case. The contract includes a free loan and service of all equipment necessary to support the sale of Coke products through concessions.

The mayor announced spring clean-up is April 17 – April 30. A dumpster will be placed on the lot at the corner of Beasley and Paris streets for the use of the town's residents with the leaf truck running a regular route across town.

"I would like to compliment our citizens on being proactive in cleaning up their properties and making the town look its best," said Kelley.

Before the close of the meeting, Tucker also asked about the tennis courts at Veterans Park that are in need of repair.

He questioned if a grant or partnership between the school and town could work to repair the courts.

The mayor said a solution to the situation would be sought.

Tucker said the summer league softball and baseball seasons start next week.

McKenzie Municipal Complex was also damaged, said Moates.

Johnny Mercer, McKenzie Street Department superintendent said workers from his department were dispatched to clear trees from roadways. The main areas included the following streets: Paris, Booker, Haynes, Walnut, WKTA Lane, State Route 124 – just into Weakley County and just feet outside the city limits on Tower Road. He said workers from his department will be busy over the next few weeks removing roadside debris from trees as residents stack the debris for retrieval by the city's knuckle boom truck.

McKenzie Fire Department was called to a small grass fire outside the city limits on State Route 124 west, where downed electrical service ignited the fire.

Janice Newman, director of the Carroll County Emergency Management Agency, had no reports of damage in other parts of the county.

Henry County was hit hard by straight line winds. Officials reported to WENK Radio the following information.

Henry County Emergency Management Agency Director Ron Watkins estimated the winds at 50-60 mph and said, "It's amazing we don't have more damage."

Paris Board of Public Utilities (BPU) General Manager Terry Wimberley said there were electrical outages to some 3,000 residences.

Henry County Schools closed Monday because of the proliferation of downed trees and power lines.

Watkins said the National Weather Service's wind advisory was not issued until after the wind had begun hitting Henry County. "We had no advance notice of that at all. The wind advisory said the winds would be 50 mph, but, man, I'd say they were at least 50-60 mph going through here."

All of the BPU (Board of Public Utilities) employees were brought in to fix the power lines, Wimberley said the Benton County and Lexington utility companies helped restore power.

Wimberley said the power outages occurred in Paris and many in Henry. "The northern part of the county seems to have been spared," Wimberley concluded.

Henry County was hit hard just one week earlier and was assisted, in part, by the Carroll County Electric Department at that time.

After Circuit Court Judges Donald Parish and C. Creed McGinley and 24th Judicial District Attorney Matt Stowe recused themselves from Dempsey's case in 2016, Judge Paul Summers sentenced Dempsey to six months unsupervised probation after suspending his six-month jail sentence.

In addition, Dempsey's plea agreement includes a court order requiring the Vietnam War veteran to submit to psychological testing for possible service-induced Post Traumatic Stress Disorder.

Dempsey's attorney, Steve West of Huntingdon, stated by way of press release that his client's plea agreement to settle the case via lesser plea agreement was by no means an admission of guilt, but done in the best interest of family, friends and clients.

The press release further stated that Dempsey appreciated the outpouring of love, support and encouragement he received during the legal process and expressed his enthusiasm in continuing to serve the legal needs of the people of West Tennessee.

Huntingdon Fire, Rescue Honored

On Monday evening, April 3, members of the Huntingdon Fire and Rescue were honored with a surprise barbecue meal by Mayor Dale R. Kelley. In speaking to the group prior to the meal, Mayor Kelley told them how much he, the town council and citizens appreciated the work the department does for the town. He also said many people do not know the extent of how much the department is providing in rescue efforts, not just within the city limits, but to anywhere they are dispatched.

Randy Crossett asked for God's blessing on the food. The group enjoyed the meal of barbecue, potato salad, baked beans, slaw, chips and chocolate oatmeal cookies. The potato salad, beans, and slaw were prepared by Tresa Smothers, wife of Public Safety Director Walter Smothers. The chocolate oatmeal cookies were made by Director Smothers.

After the meal we conducted training on Hazardous Materials Communications.

OPINION

HUNKER DOWN WITH KES

Fields and Fields Of Dreams!

I remember the first Major League Baseball game I ever saw like it was yesterday. Our little league team walked into the upper deck of old Bush Stadium in St. Louis in the summer of 1954...let me tell you, till this very day, I have never seen grass so green. The sun has never shone brighter; the air never more crisp, the clouds never higher...and my heart never beating with more joy and sheer excitement.

This was not, of course, the first baseball field I'd ever seen. That honor goes to the side yard at 1162 North Stonewall Street in McKenzie, Tennessee. If memory serves me correctly Leon hit the first ground ball to me. It went right between my legs. I had to run all the way to the mimosa tree to chase it down. He also hit the first fly ball in my direction. I almost got a glove on it before it bounced off my shoulder for a double.

Nobody steps out of the womb running'em down like Willie Mays!

We outgrew that yard pretty quickly. The three Colbert boys moved to the vacant lot across the street and collected players like Billy Webb, Joe and Richard Gooch, Terry Kennon and Buddy Wiggleton. We were just working that ballpark into playing shape when some men showed up and started building a house on it.

We moved up Stonewall to Paul David Campbell's backyard. And added some good players like Jackie Burns, Jim Williams and Nicky Joe Stafford. If you hit it off the wall of the garage, it was "all you could get"...up on the roof was a triple...and over the garage was a home run. It was my first taste of ground rules.

The lot between Ricky Hale's house and Jimmy Mabry was near 'bout level. Its rectangular shape was more suited for football but we fitted a baseball field "in there". You just had to be careful not to foul one off too far to the left. Mr. Arvie would have tanned our little behinds for sure if we'd broken one of his windows!

Terry Brown and I would play "sock" ball in his back yard. We'd roll up one of Mr. Rufus' dress socks into a tight "baseball", use a cut off broom handle for a bat and play for six hundred innings or until the next Tuesday—whichever came first.

We played for a while in that big side yard out at Jimmy Childress' house...until he moved. We played several "seasons" in a vacant lot over by Bethel College. I saw my first glass eye ever between innings there. I also made one of the best leaping catches of my career in that gentle sloping meadow.

But mostly, as the years rolled by, we ended up over by the Pajama Factory in the large field across from the National Guard Armory. We'd choose up sides and play all day. No adults around. No umpires. Not many rules. I can still hear Ricky Gene Stafford's constant chatter, see John Ingram running one down in deep left or Sleepy Burns delivering a game winning hit up the middle...and backing up a step or two when Bobby C. Melton came to bat.

I remember the American Legion field in Benton, Kentucky, dropped off more towards right than even the pasture over by the college. David Paschall went plum out of sight chasing a deep fly ball in that park. It was during my American Legion days that I actually played in a real stadium. It was the old Class D Minor League Park in Union City. It seated eight thousand or so, had wooden outfield fences, real bullpens down the foul lines and long, sunken dugouts like every kid living on Stonewall Street had dreamed of peering out of all of our lives.

As a freshman in college I played against Washington University in St. Louis, just a few blocks from where the old Bush Stadium had stood. I was hoping maybe Stan Musial or Bob Gibson had come out to see me hit!

Those college games also allowed me to play in Enagel Stadium. It was the home of the Chattanooga Lookouts for years. Babe Ruth and Lou Gehrig played there. As did Satchel Paige. And Harmon Killebrew, Rogers Hornsby, Hank Aaron, Jackie Robinson...The infield was so smooth you couldn't miss a ground ball. It was so far to the centerfield wall you had to squint to see it. The crack of the bat in that old stadium still rings in my ears.

April always brings me back to the game. I anxiously await the first pitch of the new season. I will follow the St. Louis Cardinals as faithfully as ever even though I won't see them in person. A hundred bucks a ticket is too rich for my blood!

I would, however, gladly fork over ten thousand dollars to see just one more contest in that pasture across from our old house. I'd pay just as much for a ticket to any game we ever played over by the college. And I'd give you about all I had to see Leon take an extra base on a shot up the right field alley in that magnificent park across from the Pajama Factory...

Respectfully,
Kes

WLJT Expects Adverse Effect from Budget Cuts

Day-to-day operations at public television stations across the nation continue even after President Trump recently proposed eliminating federal funding for the Corporation for Public Broadcasting (CPB). However, for many of the stations, the tension and concern of what will happen if this succeeds is always in the back of the staff member's minds.

Locally, WLJT is entering a busy production season with five local productions scheduled over the next 90 days – some fourteen hours of local programming that no other station would step in and provide if WLJT did not exist.

"WLJT is a small community-owned public television station serving rural west Tennessee." stated General Manager and CEO, Monica Reese. "WLJT's viewers are typically low to middle income – relying, in many cases, on over the air television programming rather than cable or satellite. The majority of our schools are Title One and the students are in need of additional learning resources that WLJT provides through programming, outreach services, free books and other resources. We also bring community events, collegiate and high school sports, a community affairs program and a gospel music series to our viewers every year – in addition to other local programs. This is part of what your local PBS station does best – serve the local communities. "

The President's proposal to eliminate federal funding for the CPB, and thus public television stations, goes against the desires of the majority of Americans. A recent study by the bipartisan team of Linda DiVall at American Viewpoint and Geoff Garin of Hart Research found that three out of four voters want funding for public television maintained or increased – including 66 percent of those who voted for President Trump. One of the things that concerns Americans most is the concern about the loss of educational programs and services that help America's children prepare for success in school. Another concern is the public safety communications capabilities that the local stations provide to their communities.

For $1.35 per citizen per year (one-hundredth of one percent of the federal budget), America's public television stations:
• Have helped 90 million kids get ready to learn in school and succeed in life.
• Help bridge the achievement gap between children from low-income families and their more affluent peers through resources for teachers and families and on the ground outreach.
• Serve as the backbone of the Emergency Alert System through which the President of the United States can alert the American people to national emergencies.
• Produce far more local public affairs programming than anyone else along with hundreds of hours of local history and cultural programming which no one else produces.

If federal funding is cut, WLJT – like most small stations – will find it very difficult to replace that funding. A recent non-partisan study found there to likely be no viable substitution. This would immediately mean a cut in personnel, programming hours, programming choices, local productions and outreach services to West Tennessee. "WLJT is focused on providing services that educate, entertain, and inspire and would hate to decrease services that are desperately needed to our viewers when the cost is so insignificant in the overall federal budget. We urge our viewers and supporters to let their voices be heard by contacting their representatives in Washington DC (Senator Lamar Alexander 202-224-4944; Senator Bob Corker 202-224-3344; Congressman David Kustoff 202-225-4714; and, Congressman Marsha Blackburn 202-225-2811) and ask them to respect the clear will of the American people and continue the federal government's investment in the essential missions of education, public safety and civic leadership of our local stations." stated Reese.

The Readers Speak ...

TWO THUMBS UP

Like all grandparents, we are always tickled when our grandchildren find time to pay us a visit. It is a joy to hear about their successes in school. We also listen sympathetically as they explain the times they fall short of their expectations. Of course, we take credit for their victories, while blaming some unknown other for their failures. Sadly, these talks last but a while. Without fail, the conversation grows silent and the gadgets appear. Where just a minute ago there was happy talk, now the only sound is the tapping of a fingernail on the board of a smartphone of iPad. While admitting that we are technological Neanderthals, this sound of silence is disheartening. As card-carrying members of those who sometime ago crossed north of the 50-yard line, we long for the days when a lunch date required one phone call rather than four text messages.

Thankfully, there is one fellow in our midst who reminds us that what makes us human is the love, hope and caring for others that fill our souls. Our little gadgets with their "gigawhatever" and keypad are but tools of our ever-increasing impersonal world. We think his name is Mr. Frank McGee and he occasionally works traffic control at McKenzie High School. He greets every vehicle with a bright smile, two thumbs-up and a "have a nice day." He takes a dreary morning and adds a big splash of sunshine. A hurried afternoon becomes a pleasant diversion from the hustle and bustle. So, Mr. McGee — here's back at you — a big smile, two thumbs-up and a hearty "have a nice day." Thank you very much.

UNITED WAY HELPING IN CARROLL COUNTY

While United Way in partnership with many members of our community have taken important steps to improve the health of our community, the County Health Rankings make it clear that there is much more we can do to help Carroll County residents lead healthier lives.

The Rankings, released every year by United Way in partnership with the Robert Wood Johnson Foundation and the University of Wisconsin Population Health Institute, show us that where we live matters to our health and not everyone has the chance to reach their full health potential. The Rankings show us that good health is influenced by many factors beyond medical care including jobs, housing, education, poverty and more.

We know there are areas where we can improve. For example, unemployment has risen to 8.6% and 31% of our children are living in poverty.

The good news is we are doing something about it. By partnering with programs like McKenzie – Carroll County United Neighbors, we are working to keep people in their homes and their utilities turned on when income gaps occur. No one should lose their home or have their utilities shut off, because of the loss of a job, especially if it is out of their control. By partnering with Carroll Academy we working to minimize the number of at-risk youths entering state custody. By providing the highly structured day services, Carroll Academy is helping those students break the behavioral cycles that will lead to future troubles and empowering them to become productive students and citizens.

We were encouraged by improvements we've made in a number of factors areas, including the reduced number of preventable hospital stays and the increased high school graduation rate of 93%. Preventable hospital stays data is derived from Medicare claims data, which means that the population evaluated was mostly individuals 65 and older. This reduced number could be attributed, in part, to our partnership with the Office on Aging's Meals on Wheels program. By providing seniors with limited mobility nutritious meals, they are getting the nourishment they need while getting that much needed social interaction with the meal deliverers.

United Way understands that continued action is needed and that no single sector can tackle the barriers to health without leveraging the knowledge, talents, and resources of others. It takes everyone—nonprofits, businesses, policymakers and individuals—working together to improve health and ensure people in Carroll County and West Tennessee thrive. To live better, we must Live United.

Scott Conger
CEO United Way of West Tennessee

Silver Threads Quilt Guild February Meeting

Tammy Host and Silver Threads members welcomed back Richard and Linda Hanna of Holladay at the February meeting.

Silver Threads Quilt Guild opened with a new pattern of the month from Tammy Host consisting of a lovely spring kite wall hanging. She also included a list of wonderful quilt labels.

Members planned and took a fabric-buying trip to Kentucky that included lunch. Nothing quilters like better than cloth and food. Everyone had a good time.

The winter months have not slowed members from stitching some beautiful quilts, wall hangings and lap robes. Betty, who lived in Huntingdon and was a member for ten years, was always a pleasure to be around. She made many beautiful quilts, and will always be remembered in our hearts.

Silver Threads meets in Huntingdon at the Carroll County Office complex on High Street at 10:00 a.m. on the third Tuesday of each month. Everyone is welcome.

Six-year Silver Thread Quilt Guild members Linda and Richard Hanna presented the club with a mini-quilt show including a variety of pieced quilts and lovely selections of place mats depicting numerous wildlife specimens.

Silver Threads Quilt Guild March Meeting

Silver Threads Quilt Guild March meeting jumped into spring by welcoming three new members including Joyce Fratrini of McKenzie, Nancy Murray of Lexington and Ann Harmon of Waynesboro and guest Octavia Roberts of McKenzie.

Club president Tammy Host shared several patterns with members including a big bunny rabbit. In response, club members asked to include the rabbit in a project of their choosing for next month's meeting. Members also received a "disappearing hour glass" pattern that is very interesting.

Club librarian Mary Towater presented a review of the library rules for using the very extensive quilt book library. Silver Threads is grateful for the many books donated to its library. Club members appreciate the wonderful job Mary does in taking care of the library.

A beautiful exhibit of quilts was provided by Joyce Fratini, an accomplished quilter who resides in McKenzie.

Joyce's awesome display included many pieced and appliqued quilts. One outstanding quilt was wool appliqued with fabulous flowers on a black background. Joyce does all of her long arm quilting. The Club thanked her for her wonderful show.

Silver Thread Guild meets the third Tuesday of each month at the Carrol County Office Complex located on High Street in Huntingdon. The meeting starts at 10:00 a.m.

For more information, call Tammy at 1-731-694-0602 or Jean at 1-731-415-7889.

Joyce Fratini displays a beautiful cowgirl boot quilt to Silver Thread club members. Joyce resides in McKenzie and is an avid quilter. Joyce's joy of quilting shows in all aspects of her work.

McKenzie Garden Club Meets

The McKenzie Garden Club met March 24, 2017 for the annual luncheon at the Cumberland Presbyterian Church Fellowship Hall. The club was organized in 1927 and is celebrating its 90th anniversary year. President Donna Ward welcomed members and special guests: June Perritt and McKenzie Mayor Jill Holland. Donna gave the devotional based on 2 Corinthians 10:12 "Those who measure themselves by themselves, and compare themselves among themselves, are not wise!. She stated that like plants in a garden we have been placed here for a reason and should strive to be the best that we can be. Members then ate the delicious add-a-dish luncheon.

President Ward thanked the officers for hosting the luncheon and asked for the reading of the minutes of the last meeting. They were read by Secretary Linda Howton and approved. Treasurer Cynthia Summers gave her report and reminded members that their dues were payable for the year. Her report was approved.

Donna announced that Glenda Rich's husband had died and members discussed a memorial to be made in his memory. Triangle Park/Hillcrest Park was reported to be in good order.

Mayor Jill Holland thanked members for the luncheon and the opportunity to speak to the group. She added that her grandmother had been a founding member of the garden club. The Mayor was encouraged to look at the scrapbooks Willie Mae Forester has kept of the groups' members and their activities. She spoke about many changes made in the city in recent years and new projects to be completed. Members were encouraged to ask questions and Cynthia Summers mentioned how nice it would be to have a power source in Triangle/Hillcrest Park especially during the holiday decorating times.

Members answered the roll call with selections from the Spice of Life and were told that the CP church crafters had some items on display for sale. Drawings were held for centerpieces and members sang to those who had birthdays since the December meeting: Cynthia Summers: January 20; Judy McCadams: January 26 and Myra Sasser: February 21.

The April meeting will be held at the CP church and will have a speaker talking about butterflies. Willie Mae Forester made a motion for adjournment and Susan Lawrence seconded it. Members then read The Collect in unison.

'Ragtime, The Musical' Coming This Weekend to The Dixie

After more than ten years and 32 theatre productions for audiences across west Tennessee, the renowned Bethel University Renaissance Theatre takes the stage at The Dixie on April 7 and 8 to present "RAGTIME."

The stories of an upper-class wife, a determined Jewish immigrant and a daring young Harlem musician unfold, all three united by their desire and belief in a brighter tomorrow. Set in the volatile turn-of-the-century New York, these three Americans confront history's timeless contradictions of wealth and poverty, freedom and prejudice, hope and despair, and what it means to live in America. Their compelling stories are set to the most glorious Tony Award®-winning score by Stephen Flaherty and Lynn Ahrens. The musical is a timeless celebration of life – what it could and should be!

"When we select a show to produce, we look for scripts that challenge people, provide incredible performance opportunities for our students, and storylines that audiences will enjoy. This show fits what we do and why we do it perfectly," said Brian Hill, director of Renaissance Theatre.

Featuring over 75 actors and actresses, a full orchestra, and backstage students, this show is a grand event to remember for years to come.

McKenzie Sixth Graders Present 'Wax Museum'

McKENZIE (March 24) — Sixth grade students at McKenzie Middle School recently completed a unique take on research projects by becoming their subjects in a "wax museum" on Friday.

Each student chose a historical figure, entertainer or professional athlete and completed a research paper for Reading/Language Arts teachers Sherrie Austin and Savannah Merchant, who led the project. Then, on Friday morning, the sixth grade classrooms were turned into museums where students portrayed their subjects as "wax figures."

Entertainers were on display in Austin and Merchant's rooms, while historical figures stood in the rooms of Josephine Wright and Lesley Davidson and athletes in Josh Kee's classroom.

The rest of the school's students and teachers, as well as parents and other guests, toured the museums, where they could push a "button" and hear a short biographical speech from each wax figure.

This was a first-time project for the school, but the teachers hope it becomes an annual tradition.

Subjects in the project included Presidents Lincoln, Kennedy and Obama, Rosa Parks, Billy the Kid, Clara Barton, Tom Brady, Babe Ruth, Michael Jackson, Sojourner Truth, Mahatma Gandhi, Taylor Swift, Alan Jackson and Beyonce.

HUNTINGDON (April 3) — The 2016-17 Huntingdon High School Fillies and Mustang basketball teams joined with team coaches, school administrators, family and friends to celebrate the school's annual basketball awards banquet inside the Church of Christ activities room.

Following welcoming comments by Huntingdon High School Principal and boys basketball head coach Jonathan Kee and invocation by HHS basketball coach and educator Clint Ezell, attendees dined on a delicious buffet meal.

At meal's conclusion, HHS Basketball Cheerleading Squad Coach Julia Orr recognized the following team members: Anna Kate Arnold, Katie Bennett, Haidyn McLemore, Tori Townsend, Lakia Moore, Kaylee Taylor, De'Ja Williams, Elijah Wilkerson, Kaitlynn Batey, Maggie Guess, Alayna Smith, Corbin Sullivan, Kaitlyn Williams, Abby Ballard, Katie Coleman and Katie Simpson.

She said, "I want to thank Ms. Penny Smith and the AB Club, HHSD Director Pat Dillahunty and school board members, our cheerleaders, basketball coaches, players, parents, and Point Guard Club for a great year. We had a lot of exciting games to cheer at this year, and we really enjoyed it."

Fillies Head Coach Farris Lowery and Mustang Head Coach Jonathan Kee thanked school administrators, the community, and newspapers The Banner and Carroll Newsleader for their support throughout the season. In addition, the coaches thanked their wives and assistant coaches for their dedication and hard work.

During his presentation, Coach Lowery presented several awards to players, managers and scorekeeper. Each Fillies player received a certificate of participation and letter for their school jacket.

Prior to presenting individual awards, Coach Lowery presented personal plaques of appreciation to his wife and team statistician, Jane, and son and Fillies assistant basketball coach, Jay Lowery.

Addressing attendees, Lowery said, "Our team had a great year. We won the district championship for the first time since 2004, placed runner-up in the region for the first time in 13 years, and won our first sectional game since 2004. We made it to the state tournament, and made memories that will last a lifetime. I am very proud of what we accomplished and look forward to working hard to get back to state next year."

Fillies award winners included: Most Improved Alli Jones; Best Defense Cheyenne Childress; Best Field Goal Percentage Marissa Belew (50-percent); Best Free Throw Percentage Grace Angelos (80-percent); Fillies Award (best hustle, hard work and representation of team) Leann Webb; Scout Team Award Jasmine Dupree; Co-Most Valuable Players Taylor Smith (11.6 points per game, 70-percent free throw percentage, 43 field goals) and Jesica Keith (1,142 career points, 49-percent field goal, 66-percent free throw, eight rebounds per game).

Addressing his team, he said, "At the start of the season, I purposely scheduled strong competition in order to help us grow. We started the year at 0-4, but you did not hang your head and doubt each other. We went on to win the next 15 of 18 games we played and won the regular season district championship and came up just short in the region tourney."

He added, "We were picked third in the district before the start of the season, but you stayed together and worked for your coaches and for each other. I am so proud of you."

Pausing, he said, "I am really going to miss this senior class. I started back coaching these guys when they were in the eighth grade. This group averaged 19 wins all four years of high school. They are exceptional people and players."

He concluded, "Our team will be young next year, but we have a lot of players coming back that I am excited about coaching. Thank you for allowing me the opportunity to coach you."

Carroll County Sheriff's Reports

Assault — A Lavinia man was arrested March 16 for allegedly attacking his wife. Deputy Kenny Tucker charged Christopher Michael Wright, 39, of 4060 Spring Creek Road with simple assault. According to Tucker's report, deputies were dispatched to Wright's address on a domestic call. Wright had already left when deputies arrived, but was later brought to the Carroll County Jail by Jackson police officers. Christopher Wright had allegedly struck his wife twice with a closed fist, causing lacerations, bruising, and a knot around her eye. On March 28 DCS workers did a surprise visit at the Wright residence, and found Christopher Wright there, which was a violation of an order granting bail since his wife was also there. A warrant was then issued for his arrest.

Public Intoxication — A Bruceton man was arrested March 25. Deputy Terry Dickey charged Robert Thomas Morton, 56, of 90 Poplar Lane with public intoxication. According to Dickey's report, Morton would not leave a neighbor's house. When deputies arrived, they found Morton on his knees, holding onto a mailbox post. His eyes were bloodshot and he smelled of alcohol.

Drug Possession — A Trezevant man was arrested February 24 for allegedly trying to bring drugs to jail. Sergeant Lee Bates charged Greg Laudermilk, 55, of 5105 Broad St with introduction of drugs into a penal facility. Bates reported that Laudermilk arrived at the Carroll County Jail to serve weekend time. When he was searched, a plastic bag with a substance believed to be methamphetamine was found on him.

Theft — Deputies are investigating a case of theft. Deputies received a report that a black 6x12 two wheel trailer with a mesh bottom and a gorilla lift on the back was stolen from 1180 West Main St in Atwood between March 14 and 27. Neighbors told deputies that two weeks prior to the March 27 report that they had seen an older model army green Jeep leaving the driveway with the trailer. Value of the trailer and lift is $1,200.

Animals Running at Large — A Cedar Grove man was cited into court on March 27 for an animal control violation. Deputy Jackie Edwards charged Thomas O'Bryant, 60, of 329 Parker Store Road with allowing animals to run at large. Edwards reported that Timothy Stansell contacted deputies after two dogs had been in his goat pen when he arrived home. When the dogs ran off and he checked his goats, he found that two of them had dog bites. Stansell told deputies he believed O'Bryant was the owner of the dogs. When deputies went to the O'Bryant residence, they found several dogs running at large. Stansell was able to identify two of them as the dogs that had been in his goat pen.

MATTER OF RECORD

McKenzie Police Reports

Public intoxication — According to a report filed by MPD Patrolman Brandon Leek, on March 30 at approximately 11:18 p.m., the officer was patrolling Forrest Avenue when he observed a man lying on the sidewalk and almost in the street. Upon stopping his patrol vehicle to check on the man, identified as Thomas Earl Winslow, 54, Garland Street, McKenzie, the man stated that he had been assaulted. After observing Winslow's glassy eyes smelling the strong smell of alcoholic beverage coming from Winslow, the officer determined that the man fell, gashing his left forehead and scraping his chin as he did so. McKenzie Emergency Medical Services was called to evaluate Winslow's condition. The report noted that an unopened beer was observed in Winslow's front right pants pocket.

Vandalism — According to a report filed by MPD Sergeant Jeff Winberry, on March 30, the officer responded to a call stating vandalism had occurred at the Auto Clinic located on Highland Drive. The call stated damage had occurred to a vehicle parked at the business that was scheduled for repair service. Upon arrival, the officer observed a broken window on the driver's side of a 1991 Isuzu pickup truck and was told by a store employee that he observed the broken window when he went to drive the vehicle into the shop for repairs at approximately 9:40 a.m. The employee stated the window of the vehicle belonging to James S. Todd, 39, Blaylock Store Road, McKenzie was intact the night before at shop closing time and that the owner was notified when the damage was discovered. The report noted that the driver side door was locked and the vehicle did not appear to have been rummaged through and no visible prints were observed on the vehicle. The Auto Clinic advised Todd that they would replace his window.

During on suspended / revoked license, one-way street usage violation, unlawful possession of a weapon — According to a report filed by MPD Patrolman Cody Coleman, on April 2 at approximately 1:55 a.m., the officer was employing radar on Stonewall Avenue when he observed a red-colored, 2005 Ford Mustang traveling down Woodrow Avenue in the wrong direction. Upon stopping the vehicle on Cherry Avenue, a computer check of the license of driver Marcus Montrel Jackson, 23, Hodges Street, Memphis revealed they were suspended for failure to pay fines in Memphis City Court on July 25, 2013. The report further noted that Jackson had three prior driving while suspended offenses. Responding to the officer's asking if any weapons were inside the vehicle, Jackson said he had a pair of brass knuckles with a taser attached to them. Jackson was charged with possession of a prohibited weapon, placed under arrest for the listed offenses and transported to Carroll County Jail.

Driving on suspended / revoked license, muffler law violation — According to a report filed by MPD Patrolman Austin Jones, on April 2 at approximately 2:15 a.m., the officer, while conducting a traffic stop with MPD Patrolman Cody Coleman, observed a red-colored, 2007 Ford Mustang crossing from Stonewall Avenue to Cherry Avenue and emitted a very loud exhaust noise large after it was out of sight. Finding the vehicle in the rear parking lot of Heritage Hall on Bethel Court, the officer received the license of the driver identified as William Cole Patterson, 19, Greenpark Cove, Jackson. A computer check of Patterson's license revealed that they were suspended out of Carroll County General Sessions Court for failure to pay fines / costs. Patterson was then charged with the listed offenses.

Criminal trespass — According to a report filed by MPD Patrolman Kyle Beauchamp, on April 1 at approximately 8:27 p.m., MPD received a call from an alarm company stating that a burglar alarm had activated on the backdoor of AutoZone. The officer, accompanied by MPD Patrolmen Cody Coleman and Austin Jones, responded to the scene. Upon arrival the officer checked the back store of the store and found it to be secure. Turning the corner, the officer observed a man dressed in shorts and tennis shoes holding a tee-shirt in his hands while seated on the ground behind a dumpster near the store. After observing that the man, identified as Steven T. Hobock, 32, Couchville Pike, Mount Juliet, was sweating and breathing heavily, the officer handcuffed and placed the person of interest in the patrol vehicle. The store manager arrived and a search of the building revealed nothing was out of place. Patrolman Coleman, upon reviewing store surveillance video footage, determined that the man came close to the building but never touched the structure. After reading Hobock his Miranda rights, the officer asked him what he was doing and where he was going. Hobock stated that he is currently homeless and that some friends had dropped him off in the parking lot of AutoZone. After entering the store during business hours, Hobock said he saw an abandoned building next to the store and entered the building to sleep. At that time, the AutoZone security alarm activated. He stated that he ran out of the building in fear and waited on the police to arrive. After Hobock told the officer he did not have permission to enter the abandoned building, the officer arrested the defendant and transported him to Carroll County Jail where he was assigned a $1,000 bond.

Driving on suspended / revoked license, simple possession or casual exchange — According to a report filed by MPD Patrolman Austin Jones, on March 31 at approximately 7:58 p.m., the officer was dispatched to Maverick Store to respond to a man having passed out behind the wheel of his vehicle in front of the store for about one hour. After observing a brown-colored, 1988 Chevrolet Silverado pickup truck registered to James Adkisson, Highway 79, Trezevant, the officer made contact with the driver, identified as Christopher L. Williamson Jr, 34, Highway 79, Trezevant. A computer check of the subject's license revealed they were suspended out of Carroll County General Sessions Court for driving on canceled. After conducting field sobriety testing to determine if Williamson was capable of driving, the officer placed the subject into custody. A search of William's clothing revealed a small plastic bag in his right front pocket containing a green leafy substance recognized as marijuana.

Driving on suspended / revoked license, driving on roadways marked with traffic lanes — According to a report filed by MPD Patrolman Cody Coleman, on April 1 at approximately 12:23 a.m., the officer was patrolling on Forrest Avenue when he observed a brown-colored, 1988 Chevrolet Silverado pickup truck registered to James Adkisson, Highway 79, Trezevant cross the center line. At that time, the officer stopped the vehicle at the intersection of Forrest Avenue and Allen Street. As the vehicle stopped, two men exited the passenger side of the vehicle and were instructed to re-enter the vehicle. At that time, MPD Sergeant Trey Beauchamp arrived on the scene and also instructed the men to re-enter the vehicle. Both men complied with the requests. Upon approaching the vehicle, the officer identified via identification cards the driver, Christopher L. Williamson Jr, 34, Highway 79, Trezevant, and passenger, Timothy L. Gilbert, 51, Florida Court, McKenzie. A computer check by dispatch revealed that Gilbert had an active warrant for violation of probation out of Carroll County. The report noted that Williamson had been arrested only a few hours earlier in the same vehicle for driving on suspended #2. Both men were placed under arrest and transported to Carroll County Jail. The vehicle was transported from the scene by D&D Wrecker Service of McKenzie.

Huntingdon Police Reports

Assault — A Huntingdon man was arrested March 26 following an incident at a local hospital. Investigator Joey Hedge charged Bobby D. Jenkins, 45, with domestic assault. According to Hedge's report, officers were dispatched to Baptist Memorial Hospital in regard to a domestic problem. Jenkins had been in an argument with a woman at the hospital. She told officers that Jenkins had made threats toward her and made her fear for her safety. Jenkins had a prior domestic charge that occurred with the same woman.

Drug Possession — A Huntingdon man was arrested during a March 25 traffic stop. Sergeant Chris Cole charged Christopher Medlock, 28, with simple possession schedule II, possession of drug paraphernalia, driving while revoked, and violation of registration. According to Cole's report, Medlock was stopped for driving a vehicle with tags registered to another vehicle. A check of Medlock's driver's license showed it to be revoked unless he was operating a vehicle with an interlock ignition device, which he was not. When Medlock was asked to step out of the vehicle, an open beer can fell out of the vehicle. After receiving consent to search the vehicle, officers found plastic baggies, digital scales, a glass pipe, and a small baggie containing methamphetamine.

Drug Possession — A Huntingdon woman was cited into court during a March 24 traffic stop. Patrolman Brian Bennett charged Kimberly Clark, 31, with simple possession schedule VI, lights required on a motor vehicle, and unlawful drug paraphernalia. According to Bennett's report, Clark was stopped for having a tail light out. Clark gave Bennett permission to search the vehicle, and he found a glass pipe containing marijuana and baggies in her purse.

Theft — A Camden woman and a Bruceton man were cited into court March 21 for allegedly trying to steal items from a local department store. Investigator Joey Hedge charged Teri F. Jennings, 41, of Camden with theft under $1,000 and Shannon R. Butler of 1070 Hebron Church Road with theft under $1,000. According to Hedge's report, Walmart security contacted officers in reference to shoplifters. Jennings and Butler had allegedly used the self-check out to avoid paying for several things. Jennings also had two flashlights in her purse.

Theft — A McKenzie woman was cited into court March 24 for allegedly trying to steal items from a local department store. Sergeant Chris Cole charged Nicole Lynn Will, 38, with theft under $1,000. According to Cole's report, officers were dispatched to Walmart in regard to a shoplifter. Store security had allegedly caught Will intentionally not scanning items at the self-checkout. Officers also found that she had removed the tags from the jacket she was wearing without paying for it.

Theft — A Texas man was arrested March 28 for allegedly stealing from a local department store. Patrolman Randy Kelley charged Jon Christopher Jameton, 29, of Spring, Texas with theft under $1,000. According to Kelley's report, Jameton took $175.39 worth of items from Walmart without paying.

Failure to Appear — A Huntingdon woman was arrested March 25 for allegedly violating a court order. Patrolman Randy Kelley charged Sarah M. Rumley, 22, with contempt of court-violation order granting bail and failure to appear. According to Kelley's report, Rumley had an active order granting bail for domestic assault against a Huntingdon man, but was found at the same residence he was in, which is contempt of court.

Theft — A McKenzie man was arrested March 24 for allegedly shoplifting at a local department store. Patrolman Randy Kelley charged Jonathan Ray Chittenden, 36, with theft under $1,000. According to Kelley's report, Chittenden took several items from Walmart without paying.

Driving on Revoked License — A Wildersville man was arrested during a March 22 traffic stop. Lieutenant Angie Barker charged Gregory Mashburn, 61, with driving on a revoked license #4. According to Barker's report, officers received reports of a truck swerving on the road. When the truck was stopped by officers, he told officers he was tired. City Begins Budget Process

McKenzie city officials began the annual budget-making process on Monday, April 3. During three work sessions with department supervisors, the mayor and council will hear the wants and needs of each department. The new fiscal year budget begins July 1, 2017.

On Monday, The Banner sat in the workshops for the Street Department and the Police Department. Johnny Mercer, supervisor of the Street Department explained as the expenses for each of the budget categories was discussed. He said the department saved money by performing some of their own repairs and explained why the heating expense increase as the city's oil-burning heater was used less, forcing the garage to be heated with natural gas. The shop has a burner for used motor oil, however, Mercer said much of the motor oil today is synthetic and doesn't work as well because of its higher flash point. He noted he can mix diesel fuel with synthetic oil to make it burn at a lower temperature.

The city discussed allocating funds for paving city streets, depending on how local and state grant funds can be allocated.

Mercer said the LED lighting installed on University Drive is failing and needs replacing. There are no replacement parts for the light fixtures, said Mercer. The city can purchase replacement fixtures for approximately $500 each. He also recommended selling the pavement repair machine, because it is ineffective. The machine is approximately 11 years old.

During discussions about the Police Department budget, Chief Moates said the department has five full-time dispatchers and has one full-time position available. That position can be filled once state-mandated training is available in June.

He said the law enforcement patrol staff has also had a shortage of certified officers. Much of last year, the department was short two to three certified officers, which created some overtime situations for the force. One of the biggest challenges of operating a police officer is the required training for dispatchers and patrolmen, said Moates. They have to receive the mandatory training, which requires time away from their shifts. For instance, he said he is sending two officers to two-day training for certification to conduct driving school, for those offenders who choose to attend the four-hour school instead of a speeding citation adversely affecting their automobile insurance premiums.

Additional department supervisors will present their budgets at noon on Wednesday, April 5 and Thursday, April 6 at the McKenzie Municipal Complex.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
