Hospital Land Subdivision Postponed

MCKENZIE (July 27) — A request from McKenzie Regional Hospital to subdivide a parcel of property on the medical campus was postponed due to some conflicts in records at the county level.

The hospital is working with McKenzie native Travis Russell, who will soon complete his training to be a dentist. A

new clinic is planned for the returning dentist on the hospital's medical campus. Travis is the grandson of retired dentist Harold Russell and the son of Steve and Cherry Russell, all of McKenzie.

McKenzie Municipal-Regional Planning Commission will hear the request to subdivide the property once the discrep-

ancies in records are corrected between the offices of Registrar of Deeds and the Property Assessor.

The Commission voted to change the time to 3:00 p.m. for both the monthly agenda meeting on the second Wednesday and the formal meeting on the fourth Wednesday. Previously the time was 5:00 p.m.

State Provides Rural Assistance Grant

The State of Tennessee has provided three revenue grants to governmental entities in the county.

Representative Curtis Halford and Senator John Stephens helped secure the Rural Assistance Grants for the Huntingdon Special School

District, County of Carroll and the Town of Huntingdon.

The grants include:

- \$237,211 to Town of Huntingdon
- \$257,085 to Huntingdon Special School District
- \$355,913 to Carroll County

The grants help offset the

impact of an error during the 2015 property tax reappraisal process, causing a loss of tax revenue to each entity.

A news release from the Town of Huntingdon read, "We deeply appreciate the assistance of the State of Tennessee for the award of the grants."

Unemployment Follows Upward Seasonal Trend

Area counties experienced an upward trend in unemployment for the month of June. According to the Tennessee Department of Labor and Workforce Development, Carroll County's unemployment increased to 1.7 percent from 1.5 percent in May. However, it is lower than the 8.9 percent recorded in June 2015. From a labor force of 12,360, a total of 11,480 were employed, leaving 880 unemployed in June 2016.

Henry County recorded an unemployment rate of 5.7 percent, up from 4.4 percent in May, 2016 and 6.8 percent in June 2015. From a labor force of 14,210, there were 13,400 employed and 810 unemployed.

Weakley County recorded an unemployment rate of 6.7 percent, up from 4.6 percent in May and down from 8.1 percent in June 2015. From a labor force of 15,900, there were 14,840 employed and 1,070 unemployed.

In June as compared to May, no counties experienced a lower unemployment rate. 95 counties' rates increased and zero counties remained the same.

Neighboring Benton County, with an unemployment rate of 7.2 percent, is 86th of 95 counties in unemployment and is 10th in the top 10 with the highest unemployment. It joins the West Tennessee counties of McNairy (7.6 per-

cent), Lake (7.6 percent), and Lauderdale (7.9 percent) as among the counties with the highest unemployment.

The 11-county region of Benton, Carroll, Crockett, Dyer, Gibson, Henry, Lake, Lauderdale, Obion, Tipton, and Weakley counties remain as the region with the highest rate of unemployment in the state. Overall, the rate is 6.5 percent average in these counties.

Tennessee lists the economic status of Carroll and Weakley counties as "at risk" and Henry as "transitional."

Tennessee had an average of 5.0 percent unemployment in June 2016.

Work Detail Escapee Captured; Mother Charged

MCKENZIE (July 23) — After a five-hour search, 45-year-old Carroll County Jail inmate Charles Edward Bright was captured by McKenzie Police Officers and a Henry County K-9 Unit around 8:00 p.m. as he walked along Highway 140 a half mile from Caledonia Baptist Church near the Carroll and Henry County line after his 77-year-old mother, identified as Mae Floyd, allegedly drove him away from a work detail at Bethel University.

According to Carroll County Sheriff's Department Public Information Officer Becky Keith, Bright, who was incarcerated for a period of two years for violating his probation via habitual traffic offender and evading arrest charges, managed to procure a cell phone and call

After being driven away from work detail supervisors, Bright changed from his striped jail uniform to civilian attire.

Bright was charged with escape.

Joint Effort Cages Elusive Motorcyclist

MCKENZIE (July 25) — According to a report filed by McKenzie Police Department (MPD) Patrolman Cody Coleman, on July 25 at approximately 2:45 a.m., MPD received a call from Huntingdon Police Dispatch that officers were pursuing a motorcycle that was heading toward McKenzie. Responding, MPD Sergeant Nick Lowe drove his cruiser to the on-ramp located on Highway 22 while the officer traveled down Highway 124 South with blue lights and sirens engaged. At that time, Sergeant Lowe encountered the motorcycle near McKenzie High School as the suspect turned around and sped toward Huntingdon. After traveling approximately

one mile outside McKenzie, the suspect then turned around and traveled back into McKenzie. Following the suspect northbound on Highway 22, Patrolman Coleman advised the driver to pull over. The suspect then cut across the median at Everett Road and traveled north in the southbound lane. As Coleman traveled behind the subject, Huntingdon Police Department (HPD) and Carroll County Sheriff's Office (CCSO) officers utilized their vehicles in an attempt to box in the driver to slow or stop him. AS HPD pulled back from the chase, MPD Sergeant Lowe closed in on the motorcycle. Anticipating that the suspect was contemplating turning

onto Bells Store Road, Patrolman Coleman sped around the slowing motorcycle and cut off the lane of travel to Bell Store Road. The suspect then turned into a ditch and lost traction before laying the motorcycle on its side and attempting to crawl into the woods. As the officers advanced, the suspect, identified as Harold R. Wright, 38, Faith Circle, Lexington, put his hands up as CCSO Deputy Krouse placed him under arrest. In addition to being arrested for the listed charges, Wright faces other charges in Carroll County. Wright was then transported to Carroll County Jail by Deputy Krouse.

Carroll County Electrical Board

\$208,737 Company Insurance Plan Approved

By Ernie Smothers
smothers@mckenziebanner.com

HUNTINGDON (July 28) — During the regular monthly meeting of the Carroll County Electric Board, board members, at the recommendation of CCED General Manager Danny Brawner, approved a comprehensive, \$208,737.71 company insurance plan offered via Tennessee Valley Public Power Association and administered by Huntingdon Insurance Agency.

Addressing board members prior to the vote, Brawner said, "The insurance plan offered by Joe Smothers and Huntingdon Insurance Agency covers workman's compensation, general liability, auto, and officers and directors insurance. The plan cost us \$206,000 last year, but workman's compensation went up some. The plan includes \$13,500,000 in coverage for transformer replacement, and transformers are expensive. The plan definitely fits our company needs, and I recommend that the board approve it."

At the recommendation of Brawner, the board offered to pay one-third (\$40,000) of the approximate \$120,000 to

construct a new, 300-foot tall transmission tower behind the Carroll County Jail.

Accepting CCED's pay offer, Carroll County Mayor Kenny McBride said, "The new tower has to be up and running before Charter tears down the tower we are presently using in January, 2017. The total approximate cost of \$120,000 includes purchase and erecting of the tower with our communication equipment attached to the structure. The tower will service Carroll County Electric Department, Carroll County Sheriff's Department, and Carroll County Fire Department. We need to bid the job out by the first of August and start construction on the tower by early October. I recently found out that we can connect the tower to a power generator inside the jail, and that will save some money."

McBride said that B&E Electronics recommended placing the new tower on the hill behind Carroll County Jail.

He said, "The Charter tower that is slated for demolition is 500-foot tall. Factoring in the height of the hill behind the jail, B&E said that our new tower will only need to be 300-foot

tall. Placing the tower behind the jail is ideal for safety and security purposes. I'll make a few telephone calls after this meeting and get the ball rolling on the bid process."

Brawner informed the board that he had met with transition team members at Noranda in Huntingdon on July 25 to discuss steps relative to Granges acquisition of the Huntingdon aluminum plant.

He said, "We talked about formulating an adequate letter of credit with CCED and other variables associated with an acquisition of this magnitude. We look forward to working with the new ownership to ensure that all their needs are met presently and in the future."

Brawner congratulated Marty Hurley for being re-appointed to the Carroll County Electrical Board.

The board approved retaining of officers to the following positions: Chairman-John Mann; Secretary-Dr. Jerry F. Atkins; and Treasurer-Marty Hurley.

Following approval of June vouchers, the next board meeting date was set for August 25 at 2: 30 p.m.

HOLLOW ROCK (July 22) — A storage shed behind the residence of Lynn Lowe, 1340 Hebron Church Road near Hollow Rock, was destroyed by a mid-afternoon fire when a ground-shaking lightning strike shattered a tree standing beside the structure and engulfed the

building with flames. The force of the lightning strike hurled pieces of the impacted tree over the home and into Lowe's front yard.

Firefighters from Hollow Rock quickly responded and utilized Fire Engine 15, Fire Engine Unit Two, and Engine 8 to extinguish the blaze.

Responding to the fire, Lowe said that he was thankful his

home was spared from devastation.

He said, "The contents of the storage shed were three riding saddles, a deep freezer, a few weed eaters, lawnmower batteries, and some miscellaneous items. Nothing substantial was lost. I'm thankful the lightning didn't hit the house. This could have been a whole lot worse."

and services anyone needs in either community.

Susan will remain, working Tuesday through Thursday each week. Store associates Cindy Floyd and Marilyn Anderson will continue full time. Danny will fully retire.

Susan Arnold said the family thanks their many loyal customers who have patronized them for years. She encourages their customers to continue shopping with the new owner, Seth Bennett.

Bennett said he looks forward to working in the two communities and continuing the great service that Arnold's has provided for years. Nothing will change at Arnold's in the near future.

About the Arnolds

Arnold's started in downtown McKenzie on Lee Street in 1979. It was a mobile home supply company Danny worked at Champion Homes at the time. The store relocated to the corner of Broadway and Cedar in the building now known as Lulu Belle's Florist. In 1990, the store relocated and expanded to 16030 Highland Drive in the former Tennessee Pipe and Supply building. In 1992, a second building was erected next door for a carpet store. Through the years, two sons, Brian and Jason also worked in the family-owned store.

Arnold's was selected as the Best Overall Business for 2015 in the McKenzie Banner's "Best of Carroll County" contest. They also earned top honors by the readers of The Banner for "best paint store" and "best construction company," and finalists in "Best Building Supplies" and Best Flooring

Dealer." Danny and Susan and staff were always eager to assist their customers. If they did not have the merchandise, they were quick to recommend local suppliers who might have the item in inventory.

About the Bennetts

Bennett said he and his wife, Jill are life-long residents of Huntingdon and Carroll County. Jill is a nurse practitioner at Huntingdon Medical Associates. The couple has three children: Jax, 10; Broox, 8; and Knox, 6. Seth worked at Watson's Lumber and Hardware House for 10 years with owner Jimmy Watson before purchasing the business in 2012. Watson's started in 1929 with Tobe Watson, then it was owned by his son, Crocker Watson, and later, Jimmy Watson. The Bennetts also own Wilson Place Apartments in downtown Huntingdon. It is the former Wilson Clinic.

station that was destroyed by fire on September 8, 2014.

He said, "In the aftermath of the freak fire that gutted the Bruceton Volunteer Fire Department, our town firefighters kept working to protect our community. Operating with whatever equipment they could salvage from the blaze, they responded to fire calls just days after losing their firehouse. They never missed a step. That speaks volumes regarding their unselfish and dedicated service to our community. Our volunteer firefighters mean a great deal to us, and we are proud to be a part of the rebuilding of their fire station."

He continued, "I am thankful for the generous donation of two acres of land provided by Apex Bruceton-Branch via the resolve of branch president and

Bruceton resident Rod Sturdivant. Apex has been very good to our community, and we simply cannot thank them enough. I also want to thank Community Developmental Partners Senior Project Consultant Lynn Manning for writing and administering the grant on behalf of the town. Thank you Kent Archer with Economic Community Development for providing the town with a \$175,000 grant that we will apply along with insurance collections, firefighting fundraiser funds, and community donations to pay for the construction of the new fire hall."

Following the groundbreaking, BVFD Chief James Sloan said he was pleased that construction of the new Fire Hall was imminent.

He said, "Today represents one more step toward restoring our fire station. We will receive the architectural plans on August 26 and hopefully commence construction thereafter. Bargier Construction from Yuma is heading the construction, and

we hope to have the building shell completed by the first of the year before we receive our new fire truck. I appreciate the patience and support of our townspeople as we strive to return things to a more normal state. We could not ask for a better location to build on, and being able to drive vehicles through the building as opposed to backing in is great. We have unobstructed access to the highway, and that will provide us with quicker dispatch times. I am thankful that things are moving in the right direction. It has been a struggle, but the support of the community and other fire departments throughout the county, state, and nation has been appreciated by all of us."

Town Recorder Annie Hand said, in addition to the town's securing a 12-year, \$200,000 Capital Outlay Note, most of the \$431,971 total cost of the fire hall will be paid for by fire department fundraisers, citizen donations, and insurance received via the burned fire hall.

Weakley County Schools to Hold Orientation

Weakley County Schools will host a Kindergarten Parent-Student Orientation in each of the elementary schools on August 8 and 9. The orientation will allow parents and students to become acquainted with the classroom on a daily basis.

Parents are urged to make every effort to be a part of this special Kindergarten Parent-Student Orientation. Topics to

be discussed at the session include the schedule for alternate attendance, materials, and supplies that each student needs, and other information pertinent to a successful kindergarten experience.

The Weakley County School System recognizes that in order to be successful, parental involvement is essential. Therefore, it is critical that every kin-

dergarten student be represented by a parent or guardian at the Kindergarten Parent-Student Orientation.

Parents who have a child of kindergarten age (five years old by August 15) who has not been formally registered for kindergarten in the Weakley County Schools should contact their school as soon as possible to discuss the registration process.

Smiths Presented Pinnacle of Excellence Award

Courtesy Carroll County News-Leader

HUNTINGDON (July 26) — Huntingdon residents Ray and Wilma Smith were presented the Pinnacle of Excellence award by Mayor Dale Kelley during the Huntingdon Town Council meeting on July 26. The Pinnacle of Excellence award represents the highest honor presented by the mayor and council.

"Ray and Wilma Smith are pillars and role models for our community," said the mayor. "Both are family oriented, instrumental and supportive of their church activities and both are civic minded individuals."

The Pinnacle of Excellence award is given to individuals who do the town proud and exemplifies extraordinary achievement, exceptional performance and exemplary standards.

The mayor said that as a couple, the Smiths have raised a wonderful family, have served their community, and been

very successful in the business world.

The Smiths are very supportive of the town of Huntingdon and were in on the ground floor of making The Dixie become a reality. The mayor recalled they graciously donated their building, the former National Store building, to the project and have continued their financial support to The Dixie throughout the years.

"We're most appreciative of Mr. Ray's dedication and his 30 years service and dedication to the Huntingdon Industrial Development Board," said the mayor.

Ray Smith began as a successful entrepreneur at a very young age working at Priest Dry Goods Store. On the side, he bought cars, which he repaired and cleaned before selling them in the alley during his down time at the store.

He also worked for Ms. Ivy Williams Teachout, who was the owner of the east end portion of City Hall at that time. She had a candy house on the property and it was his job to pack and ship the candy that went all over the country.

"Mr. Ray's working experience as a young man led to

his and Ms. Wilma's success in later years, building the successful car dealership known as Ray Smith Chevrolet.

Ray Smith noted that Carroll County and Huntingdon have been good to him over the years.

"I've enjoyed seeing the progress that's been made," he said. "I give thanks to the mayor for making that progress happen. Huntingdon and Carroll County is a good place to work, raise a family and go to church."

Several friends from Huntingdon Missionary Baptist Church, including the pastor and his wife, Rev. Lynn and Nan Stapleton, were present for the presentation.

Rebels Battle Lions

By Jason Martin
jmartin@mckenziebanner.com

MCKENZIE (July 29) — The McKenzie Rebels squared off with the Dresden Lions in a Friday night scrimmage. With nothing to prove, both teams worked on techniques offensively and defensively.

Early in the exhibition, the Lions were able to move down the field quickly as they picked up large chunks of yardage. Dresden Quarterback Dresser Winn targeted receivers when an air assault was needed. Jacob Brackett led the ground attack finding seams and holes to advance to the end zone.

The Rebels start was a little shaky. After an opening fum-

ble recovered by the offense, McKenzie picked up substantial yardage with a pass from Zack Jarrett to Lucas Waddell. Eric Robinson tried to find the end zone but was unable after a second fumble on the series.

Shortly after Dresden took the field on offense with their second offensive series, the McKenzie defense stepped up forcing a turnover.

After multiple series, the scrimmage looked increasingly more like a real football game. Jarrett took better command of the offense, and the offensive line created better gaps for Robinson.

Dresden's offense was hard to stop, but Julius Owens along with Lorenzo Haynes worked

their way into the Lion backfield. The defensive line held strong forcing Brackett and Rico Taylor to bounce more plays outside to the waiting cornerbacks.

By the end of the scrimmage substitutions were made allowing others a little experience on the field.

The Rebels and Lions were experimenting with plays and fine tuning their system. Both teams were making adjustment throughout the evening.

Regardless of a being an exhibition scrimmage instead of a regular season game, parents and fans from both teams circled the practice field. As the season grows near, West Tenn. is ready for football season.

Bethel Bass Hosts Prep Bassmaster Championships August 2-6

Event Returns to Kentucky Lake

Bethel Bass Head Coach

BIRMINGHAM, ALABAMA. (July 30) — B.A.S.S. has set the date for the third annual Costa Bassmaster High School National Championship, as well as the Junior Bassmaster Championship.

The 2016 Bassmaster High School Championship will return to Kentucky Lake out of Paris, Tenn., Aug. 4-6, in conjunction with the Junior Bassmaster Championship held on Carroll County 1000 Acre Recreational Lake, Aug. 2-3.

“Returning to Kentucky Lake for the third straight year was a very easy decision,” said Hank Weldon, B.A.S.S. High School Series tournament manager. “From the hosts, to the fishery

and facilities, it is very hard to find a more ideal place than Paris and Huntingdon, Tenn.”

After the largest Bassmaster High School Open field in history — a total of 322 boats — weighed in on Lake Gunterstown April 16, Weldon expects the championship to be even larger than it was in 2015. One place at the championship is made available for every 10 teams competing in the Opens.

The week's events will be hosted by three organizations very familiar with tournament fishing — Carroll County Chamber of Commerce, Paris-Henry County Alliance and Bethel University.

“After such successful past events, we are even more excited to once again be working with our great partners at B.A.S.S., Henry County Alliance and Bethel University to bring the 2016 Costa Bassmaster High School Championship

back to North West Tennessee,” said Brad Hurley, president of Carroll County Chamber of Commerce.

Festivities begin Monday at Bethel University with a kickoff dinner and guest speaker.

This is the third year in a row that the national championship will be held on Kentucky Lake.

“We are thrilled to host the Costa Bassmaster High School Championship at Paris Landing on beautiful Kentucky Lake,” said David Hamilton, CEO of the Henry County Alliance. “Kentucky Lake is one of the top lakes for bass fishing, and we're proud to be able to showcase this fishery and what it has to offer the national championship contenders.”

The full field will compete on Days 1 and 2 with the weigh-ins at Paris Lake State Park, after which the field will be cut to the Top 12.

TSSAA Board of Control

Courtesy Kenneth Coker
Dresden Enterprise Sports Editor

It will be more of the same for basketball, baseball and softball teams in Tennessee.

The TSSAA Board of Control – by a vote of 7-5 – elected to keep the number of classes for the three sports in Division I at three for the classification period beginning with the 2017-18 school year running through 2020-21.

On the table was a proposal to split participating schools in the three sports into six classes.

In regard to West Tennessee representative casting ballots, Board of Control members Greg Scott (Milan) and Scott Gatlin (Jackson Christian School) voted for the six-class proposal. Ricky Catlett of Chester County

voted against the six-class plan.

Other news coming out of the Board of Control meeting was the approval of a new plan in regards to high school football.

Under the new classification system, Division II (private schools) will be split into three classes.

As a result of the three classes in Division II, a change will be made to the TSSAA Football Championships in Cookeville. The current plan has both of Division II's title games on Thursday of championship week with Class A, 3A and 5A in Division I playing their championship contests on Friday. The title games of Class 2A, 4A and 6A are all on Saturday of high school football's final weekend.

Starting next year, the championship days will be rotated

each year.

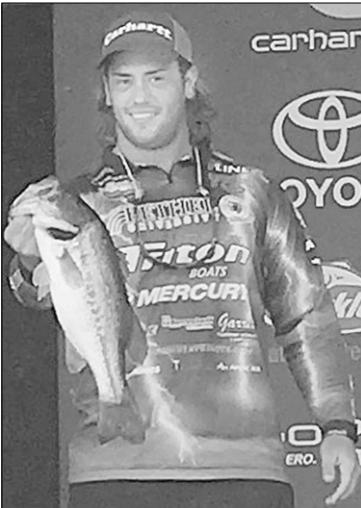

Meanwhile, Division I (public schools and private schools with a multiplier applied to their enrollment number) will remain at six classes although Class 6A will no longer be limited to the 32 schools with the highest enrollment in the state.

Instead, the classes will be divided evenly by enrollment across the board. Thus, the larger schools in a classification could receive a bump upward.

In other rulings from the Board of Control, soccer will expand to three classes to be split evenly while cross country, golf, tennis and track will remain at two classes with schools split evenly based upon enrollment.

Bethel Bass Cats Second in Nation

Bethel Bass Head Coach

CAMPBELLSVILLE, KENTUCKY (July 30) — The Bethel University Bass team finished second in the Carhartt Bass Masters College National Championship held at Green River Lake in Campbellsville Kentucky. Bethel placed three teams in the top ten boats in the tournament. Eighty-nine boats competed in the three day event. The Cats finished just ounces behind first place Kansas State.

Brian Pahl and John Garrett finished second while Hunter Louden was seventh. K.J. Queen and Evan Owrey finished tenth.

Pahl and Garrett will join the other top four teams in the head to head competition on Kentucky Lake Aug 4-6 in the Bass Masters College Bracket Series for the chance at a berth to fish the Bass Masters Classic to be held in 2017. The four teams that will compete include Bethel University, Kansas State, LSU and Texas State. For more information go to www.bassmasters.com

“The Bethel University Bass team has a long standing tradition of winning fishing tournaments and being in the top ten in almost every competition,” said Head Bass Fishing Coach Garry Mason.

National second-place finishers Brian Pahl and John Garrett.

“This team is continuing to carry on the tradition. We could not be any prouder of our team and our program here at Bethel University. To have three boats and five anglers finish in the top ten in the prestigious Carhartt Bass Masters National Championship and then to have two Bethel Bass Cat anglers going

into competition for a chance to fish in the world's biggest Bass fishing event is huge for our team and our University,” said Mason.

He concluded, “Kentucky Lake is our home waters and we feel we have a great chance for one of our team's anglers to be headed to the 2017 Bass Masters Classic.”

Fun By The Numbers
Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

See solution in next week's edition.
