MCKENZIE (May 2) — Seniors at McKenzie High School can now complete their high school career after one semester, assuming they have the required 28 credits completed for graduation and they have definite plans for post-secondary schooling or careers.

In a unanimous decision, the board approved the new graduation policy. Board members Jon Davis and Norman French were absent.

Policy 4.6051 reads “seniors who have completed all 28 credits for graduation by the end of the fall semester of their senior year and have made post-secondary arrangements will be allowed to graduate at the end of that semester. Proof of post-secondary arrangements must be provided to the school by November 30. Students who

Carroll Commission Establishes Public Records Policy

HUNTINGDON (May 9) — Carroll County Commissioners established a Public Records Policy to govern how each department handles requests for public records.

The state of Tennessee has issued a standard form, in which all 95 counties can adopt the standard policy, which determines the cost of retrieving and photocopying public records. It also created a standard a “public records request form” for members of the public to complete in order to detail what records they are seeking.

The commission also voted to seek a grant from the Tennessee Department of Transportation for the collection of litter and trash. The county applies each year for the grant.

Commissioners approved a \$3,214,812 balance of the Carroll County Indigent Fund Trust. The trust reported income growth of \$29,962 during the latest quarter and made disbursements of \$22,048.31.

ALUMNI FOOTBALL

Rebels, Mustangs Game Moved to June 30

BY ERNIE SMOTHERS

smothers@mckenziebanner.com

To resolve a scheduling conflict with the Carroll County Relay For Life on Friday, June 23, the much-anticipated AlumniFootballUSA sanctioned "Mayo Bottom" pigskin contest between McKenzie and Huntingdon is rescheduled for June 30 at 7:30 p.m. at McKenzie's Randy Thomas Field.

The Saturday, June 24 alumni football contest between the Tigers of Hollow Rock-Bruceton and the War Eagles of West Carroll at West Carroll High School is unchanged. Kickoff is 7:00 p.m.

McKenzie High School Principal Tim Watkins said, "McKenzie and Huntingdon signed a two-year agreement with AlumniFootballUSA with McKenzie hosting this year's game on June 30th at 7:30 p.m. at Randy Thomas Field while Huntingdon hosts next year's game at Paul Ward Stadium."

He added, "The event is a big win for both schools due to our

sharing much-needed funding that will be raised in pre-sale of tickets that are available for purchase at McKenzie High School and Huntingdon High School. Ticket cost for each contest is \$10 per-person."

Watkins concluded, "We want to encourage all communities to purchase their game tickets in advance. Fifty-percent of the money derived via pre-sale goes to the schools. All proceeds collected at the gate on game day go to AlumniFootballUSA. I want to encourage everyone to come out and support former players and help each school participating raise much-needed funds."

According to AlumniFootballUSA.Com website, AlumniFootballUSA® Fundraising Program rounds up former football players, holds practices, and schedules a full contact Alumni Football Game.

Schools are responsible for providing the high school football field for the event and pre-selling tickets prior to game day for the event. In exchange for

field use, the hosting school also gets full concession, and raffle rights at the game.

Alumni Football USA® gives 50-percent of pre-sale admission tickets proceeds to the school and 100-percent of concession and raffle proceeds rights to the hosting school in exchange for the field.

Although schools pay no money, each player pays a \$25 fee for injury insurance at sign-up with \$75 due prior to participating in the event.

With over 25 years of experience, Alumni Football USA® provides all the equipment, field liability insurance, officials, security, game day personnel, emergency personnel, event planning, equipment sup- plication and medical support services.

Alumni Football USA® founder and president Bob Cazet's said his organization has put on over 1,000 games in 24 states in the past 29 years and helped raise over \$770,000 for local communities around the country.

choose to graduate early will be allowed to attend prom and graduation...Students intending to graduate at the end of the fall semester must inform the school of their intent by August 1 of their senior year...Students will not receive a diploma until after graduation ceremonies in May."

Students will receive a transcript indicating they graduated in December. Accepted post-secondary arrangements include: full-time enrollment in a two-year or four-year college or university or TCAT, enlisted in the military with a shipment date by March 15, or full-time employment (minimum 30 hours per week).

The policy prohibits students from participating in any school activities (sports, band, clubs, etc.), visiting students or staff during school hours, and be on school property during school hours except to see the guidance counselor.

Lynn Watkins, director of schools, said as many as 16 students are eligible for the 2017-18 school year. He also said the State of Tennessee no longer has a monetary penalty toward the school system in relation to early graduation.

Ms. Jo Ann Elam was honored by the board upon her retirement after teaching 37 years in McKenzie. Watkins said McKenzie's English scores on achievement tests are at the top, in part because of the great teaching by Ms. Elam.

The school board also made a budget amendment to reflect \$76,992 paid by AT&T to the school system. AT&T had originally disputed a contract provider for McKenzie and some other Tennessee schools. AT&T withheld its part of the E-Rate funding due to the schools. Following litigation, MSSD received \$76,992.00. The school system plans to take those funds and perform some \$69,857 in maintenance and repairs to the school buildings over the summer. Coupled with some other funds to total \$83,203, the system will make the repairs, purchase used service vans for the maintenance department, and purchase the former (Police Chief Aaron) Pinson house adjacent to the central office for a total of \$6,211.

The board approved the Student Wellness policy, its re-

cord-keeping requirements and minimum student daily/weekly physical exercise mandates. The Carroll County Coordinated School Health assists all public schools in Carroll County with the record keeping.

Aluria Parks, seniors 2017, was recognized as this year's student liaison to the board. Emma Renfroe was recognized as the 2017-18 student representative.

Watkins announced teachers will have their end-of-year luncheon, at which retiring teachers will be honored. It is May 19 at 12:30 p.m.

The board tentatively set a budget workshop on June 6 at 5:30 p.m. at the Board Office and a meeting on June 13 to hopefully adopt a budget for the 2017-18 school year.

OPINION

Letters

The Readers Speak ...

To the 2017 Graduates,

Although we are no longer involved directly with students in their classrooms, we are still interested in education, particularly in Carroll County and want to congratulate all the graduating seniors, their families, and their teachers. We hope you feel a sense of accomplishment, enthusiasm, and fulfillment.

Teachers and parents have prepared you not only for graduation day but also for your tomorrows when you will open your next chapter-one which you will be more independently writing using the skills you have been taught.

Your lives have been touched by many people who have shared in shaping your attitudes and goals. We hope that you have been inspired to continue learning and to always believe in yourself and your abilities. We believe that the backbone of our nation is found in the halls of our schools and we are excited that as you leave one of the public schools in Carroll County, each of you has something unique and valuable to

offer to our future world as productive citizens.

Your loving families, influential teachers, and personal friends have brought you here to your graduation. What you continue to do with this external support will be your future.

We wish each of you a lifetime of happiness but know that everything worthwhile in life will not be effortless. However, if you are dependable, respectful, honest, and sincere; if you show gratitude, remember those who do more than required for you, reach down to help someone in need; if you read, study, and learn about everything important in your life; if you practice perfection, believe in yourself, never give up, and surround yourself with friends who inspire you to be a better you, you will control your satisfying destiny.

Seniors, you can celebrate your accomplishments and know that you have earned our best wishes! We are so proud of you!

The Carroll County Retired Teachers Association

On Friday night, April 28, I went to a ballgame at McKenzie City Park to watch my eight-year old son play ball. Unlike the previously published opinion (letter to editor; McKenzie Banner; May 2), what I witnessed was far from a disgrace to our community. It was a difference of opinion. This whole situation has been blown way of proportion and has been terribly misconstrued.

The summation of events provided previously is simply untrue. I always sit right by the fence and was within earshot of the entire occurrence. Yes, the umpire called the game because of two streaks of heat lightning miles and miles away. Yes, there was a confrontation. All coaches and the umpire were involved. The umpire called the game and was asked by our coaches to check the weather first. Attitude was displayed by the umpire at his questioning of the call. The umpire fired back at our coach. At that point, our coach was told that he did not have the authority to question the decision. This is when our coach mentioned that both of our coaches were board members, hence they do have the authority.

A coach from the other team said, while pointing his finger and being held back by his fellow coaches, that our coach would hear about this on Facebook. I never heard a curse word throughout this. The other team's coaches were just as involved and vocal as our coaches. Furthermore, the umpire did not just walk away, he was right in the middle of the entire thing. The only thing that "ruined the children's night" was unnecessarily calling of the ballgame.

Our coach, who is in question, is committed, knowledgeable, balanced, and tolerate. He encourages each and every boy on our team. Both of our coaches are board members, who devote time to fund raising for the league. They've worked tirelessly to build our team into what it is today. We have lost one game in two years. But his coaching is not

effective in regards to winning. He inspires the boys to do and be more and to believe in themselves. He never yells at or scolds the boys. He treats the boys equally, builds them up, and teaches them sportsmanship and how to treat others with respect.

Coaching is a difficult task, one in which you are exposed to public scrutiny and evaluation. This coach is under fire over one night, where he stood up for our team. This situation showed the passion and sincere interest that he has for the game and for our team.

A coach's most valuable teaching tool is modeling. Instead of blaming him alone, the integrity of all coaches and the umpire should be questioned and should be accountable for what occurred on the field that night. Our children's safety was never in jeopardy. If this was true, the softball game going on next to ours would have also ceased – but it didn't.

The coach in question has coached my son since t-ball. He is an excellent coach and a great person. My son looks up to him. This same coach has patted my son on the ball after striking out, shown empathy when he has been down on himself, and has gone so far as to reach out to my son after games to check on him. Does this sound like an unfit coach?

Not for one second have I ever questioned my son's safety under the direction or judgment of his coaches. Not once have I heard our coaches speak inappropriately to or in front of any of our boys. Not once have I ever questioned our coaches ability or character. To say that our coach does not need to be coaching is absurd, outrageous, and shameful. He deserves an apology for such a statement.

To our coach, thanks for always caring about the safety of all of precious gifts, for standing up for our team when a game was injudiciously called off, and for building up and nurturing our boys into ball players of integrity and good sportsmanship.

HUNKER DOWN WITH KES

Some Have Entertained Angels Unaware

I don't have to hustle to get flowers up to West Tennessee for this Mother's Day. Mom ascended into the presence of Almighty God seven years ago. She wasn't big on flowers anyhow.

She'd mostly look a little embarrassed that someone had done something for her. She didn't care one whit about self accolades, awards or recognition. It might have had to do with her humble upbringing down on Sugar Creek. You've got to figure some of that goodness that abounded in Pa and Gran just naturally rubbed off on her. Or maybe she had read that verse where the "meek shall inherit the earth".

My first memory of her was the face. She looked at me with such a pleased expression...like I was pretty special! You have no idea what that does for a young body. She often talked about what a good boy I was going to be! Her voice would rise a little when she spoke of how much life had to offer to those who fear God and walk circumspectly in His path.

She willed us to do right; or loved it into us; or prayed for Divine intervention. And let me tell you, she didn't hesitate to bring out the rod if we weren't getting the message by reasonable means!

She read Aesop fables to me after supper like both our lives depended on it. She was pointing out words and explaining that "only a selfish dog would bark at his own reflection and drop his bone into the water" before I could make a complete sentence.

She read to us every night. Without fail! Her consistency and patience knew no bounds. She was talking about the importance of education, the need for her three sons to have a college degree....before we

learned to walk!

I think personal history was at play here. She only made it through the eighth grade at the one room schoolhouse at Mt. Zion. From her little spot on Sugar Creek, the nearest high school was fourteen miles away. There were no school busses. There was no family automobile. She married Daddy in 1934 and turned her attention to becoming the best wife and mother she could be.

Me and David Mark always accused her of liking Leon more than she did us. She'd smile at such a preposterous proposal and say, "Your older brother needs more attention most days." That statement was so universally true as to leave us with no rebuttal.

I remember the tears sliding silently down her face as she pulled the small shards of rock out of my bleeding hands and knees after a particular rough spill running down the Como Road. She sat up with Leon all night after he rolled the car off the high bank along Highway 22. She doubled up on David's reading when he had a little trouble with high school literature.

Mom was the Den Mother of our Cub Scout Troop. She was the president of the P.T.A. She was our personal chauffeur. She was our doctor, lawyer, psychiatrist, cook, maid, referee, confidant, mentor, first love...and when there was absolutely no one else to play pitch with, she'd pull off that checkered apron, slip on an old Revelation baseball glove and toss with you "till the cows came home".

I will tell you one other great baseball story. When I was eight and started Little League we couldn't afford baseball cleats. I had to "make do" with my old tennis shoes. I complained long and loud about the embarrassment of being "the only one without real

cleats". Mom went to work almost immediately selling Avon products. Within a week I had a brand new pair of baseball shoes. I think about those shoes today...and the tears slide silently down my face.

She would stand at the back door and yell "Be careful" every time you backed out of the driveway. She was sitting at the kitchen table, no mater how late you came in, to ask how your evening went and to give you a goodnight hug.

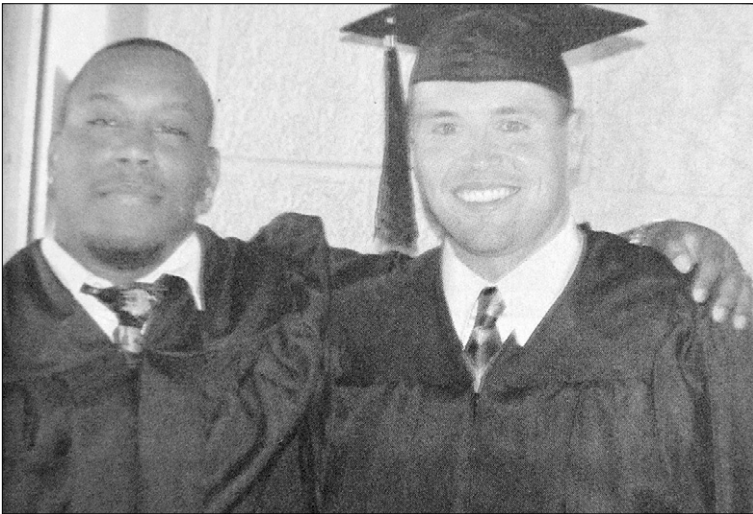

I was a little surprised when I was leaving for college; Dad gave the "do right" speech. Mom said nothing. I realized years later that she had spent "every waking moment of my whole life" getting me ready for that day. There was nothing more she could give.

And please allow me a small personal postscript to today's story. In the fall of 1954, at the age of thirty-four, when her youngest son entered the first grade and she found herself home alone, Mom enrolled at the local high school in the ninth grade. There were no high school equivalency programs back then. In 1965, the year I graduated from McKenzie High School, she graduated with honors from Bethel College. She got her Masters Degree from Murray State University. She taught special education classes for fifteen years. She was taking Seminary courses at Union University in her late sixties.

You talk about an indomitable spirit! And she was reminding me, Dave and Leon to be good husbands, fathers and citizens with her last breath.

As first loves go, she was about as good as they come.

‘Walk 4 Water’ Event Planned to Help Haiti

A walk is planned in McKenzie to help the people of Haiti to obtain cleaning drinking water. The Walk4Water event is May 20 on the grounds at Bethel University at 10 a.m. Registration begins at 9:15 a.m. People of all ages are welcome. The walk is four miles (broken into 1 mile routes) so people can stop if needed. No fee to register and donations greatly appreciated. For more information, go to https://www.hhi.org/walk4water/mckenzie-

tn-2017
Did you know most water sources are contaminated with human waste because of the absence of a sewage sanitation system. Still, that dirty water is often used for cooking and drinking – exposing men, women, and children to the germs that cause cholera, typhoid, hepatitis, chronic diarrhea, and other waterborne diseases that are carried in water. Americans take clean water

for granted every day because we’ve never had to know what it’s like to go without it. Can you imagine having to walk miles to retrieve water, much less not have clean water for cooking or bathing? Help us raise awareness and funds to get the people of Haiti the clean water we have access to, and they deserve. Walk4Water.org is part of Healing Hands International. The event is hosted by the McKenzie Church of Christ.

Kiwanis K-Kids Support Ronald McDonald House

The McKenzie Kiwanis K-Kids recently sponsored the collection of aluminum can tab tops for the Ronald McDonald House "home away from home" service project. Over 200 pounds of tabs was collected from the elementary school. Additional collections helping this project were from individuals and groups from the community. Dale's Recycling assists generously with this project.

The little tab one pulls to

open an aluminum can (food or beverage) makes a significant impact on the Memphis Ronald McDonald House. The aluminum can is valuable, but the tab is made of more pure, high grade aluminum. Approximately 1,264 tabs equals one pound, 63,360 tabs equals one mile, and 36 tabs equals one yard?

The Ronald McDonald House provides a "home-away-from-home" for children and their families who come to Memphis

for treatment at St. Jude's Children's Research Hospital and other nearby medical facilities. It is referred to as the "House that Love Built". Here, families can sleep in a warm bed, take a shower in their private bathroom and prepare and eat a meal in a spacious, cheerful kitchen. Even more important, families find the support and comfort of others who share the experience of having a very sick child.

McKenzie Teen Health Council Supports Carl Perkins Center

MCKENZIE (May 5) — The McKenzie High School Teen Health Council recognized April as Child Abuse Prevention Month with a special donation to the Carroll County Carl Perkins Center.

A parent donated about a dozen copies of Dr. Seuss' Oh, The Places You'll Go!, which the Center uses in its Trauma-Focused Cognitive Behavior Therapy program.

Victims of child abuse take

part in the program for approximately 16 weeks. Upon completion, the classic book is read and presented to each child, with a special message from each employee and therapist involved with his or her therapy.

Members of the McKenzie Teen Health Council added their own personal messages to the books before turning them over to Carroll County Carl Perkins Center Director Tee-Jay Glidwell on Friday.

MHS Nurse and club sponsor Jamie Brown told The Banner that the Council focuses on awareness of a different aspect of health each month.

According to Glidwell, the Exchange Club-Carl Perkins Center for the Prevention of Child Abuse served over 16,000 individuals last year at 22 locations, including over 1,200 at the Carroll County Center.

McKenzie Elementary Thanks Sonic, Over \$5,600 Raised

BY BRAD SAM
brad@mckenziebanner.com

McKENZIE (May 3) — McKenzie Elementary students, staff and PTO members gathered at Sonic Drive-In Wednesday to show their appreciation for the restaurant's contributions to the school.

For the past several years, Wednesday nights have been MES Night at the local drive-in. From 5-8 p.m., ten percent of Sonic's sales are donated to the McKenzie Elementary PTO, which uses the funds for various activities and improvements at the school.

According to PTO Treasurer Melissa Herris, in the last twelve months, MES Night has raised over \$5,600. She says that amount will more than cover the cost of new fourth grade playground equipment.

Sonic has also donated slushes as rewards for students at various times during the school year and saved the day at last year's Fall Festival with a last-minute donation of ketchup.

PTO President Kristin Klonowski led those gathered Wednesday in thanking Manager Greg Dickinson for his restaurant's service to children and education. She expressed special appreciation that Dickinson was carrying on the torch of his predecessor with the continued dedication to the school.

MES Night at Sonic will continue through the summer and into the next school year.

Huntingdon Students Honored at Academic Banquet

BY ERNIE SMOTHERS
smothers@mckenziebanner.com

HUNTINGDON (May 4) — Huntingdon Middle School (HMS) seventh and eighth grade students who attained principal's honor roll and honor roll for three of three report card periods were honored at the Partners in Education Academic Banquet at Baptist Memorial Hospital cafeteria.

The principal's honor includes students who have made all A's, and honor roll students have made A's and B's.

During welcoming comments, Nina Smothers, director of Ancillary Services at the hospital, spoke to the students about the benefits and responsibilities of pursuing a career in health services.

Smothers told students that a job in health care provides job security, compensation, flexible staffing, geographic mobility, educational choices, intellectual challenges and personal satisfaction.

She advised that nursing is the fastest-growing vocation in the medical field.

She said, "Data reveals that between 2017 and 2024, 2,400 nurses will be needed to fill the myriad of positions available in the ever-expanding medical field. Technology and new advances in medicine have spawned numerous opportunities for service, especially in the specialized medical field."

She added, "For those of you interested in pursuing a career in health services, I would advise you to focus on math and science courses in high school. Job shadowing is offered at Baptist Hospital three days a week. If you are interested to see if the health field is for you, job shadowing will provide an opportunity for you to experience the inner workings of the medical profession."

She concluded, "You create a path wherever you go in life, and what you do today could impact you tomorrow. Everything you do will follow you. When Baptist hires someone, they are seeking people with life skills and attributes such as empathy, honesty, respectfulness, and dependability."

Introducing guest speaker Cindy Cole, R.N., Smothers said, "Ms. Cole is a graduate of Huntingdon High School and Union University and has spent the last 28 years as a nurse and entrepreneur. We are proud to have her on our staff here at Baptist Memorial Hospital-Huntingdon."

She began, "When I was in high school, I wanted to be a school teacher. I have the greatest respect for teachers and the differences they make in the lives of students. My mom, however, encouraged me to pursue a nursing career. Still, I chose to pursue teaching and took a few semesters of instruction in college before realizing teaching wasn't for me. So, I chose to pursue nursing mom suggested, and I am glad I did."

She said, "Medicine has changed significantly during my 28 years in nursing. Multiple medical specialties have emerged, and with that emerged the need for nurses to work in those specialized fields. By 2018, 581,000 new nurses

will be needed to fill positions within the positions available in the United States."

She stated that, due to advances in technology, people are living longer.

Cole added, "Nurses, both male and female, can travel anywhere and do what they want to do. They will always have job stability and the option of pursuing numerous job possibilities to maintain interest and enthusiasm. I wholeheartedly recommend that you consider a career in nursing. I love my job, and that is a wonderful thing to say about one's vocation."

In closing, middle school principal Scott Carter encouraged students to continue making wise choices.

He said, "I am thankful for the support Baptist Memorial Hospital shows to our school each year via its Partners in Education initiative. Thank you for providing us a great meal and venue to enlighten our academic achievers to the excellent career opportunities that exist for those willing to apply themselves educationally."

WEST CARROLL SPECIAL SCHOOL DISTRICT

Initial Plans for Baseball, Softball Facilities Presented

Courtesy Carroll County News-Leader

If all goes as planned, West Carroll baseball and softball players, coaches, and fans will be enjoying new facilities when the 2018 season rolls around.

Jev Vaughan with Vaughan Associates Architects, Inc. presented some initial spec drawings for new press box/concession stand facilities for both the baseball and softball fields to the West Carroll Board of Education at their Thursday night meeting.

As Vaughan detailed, the two buildings will have walls made of split face block and metal roofs.

"I like the layout," said Board Chairman Jimmy Halford after viewing the drawings. "Have the coaches seen these yet?"

Vaughan said that the coaches have not seen the plans, but he added that he would be willing to schedule a meeting with the baseball and softball coaches to go over the plans with them.

Interim Director of Schools Betty Wallace asked Vaughan when he would have a ballpark figure as to how much the construction project will cost the school district.

Vaughan said he could probably get her an estimate some time next week.

Vaughan added that extending utility service to these buildings would probably be a considerable expense.

As far as a time frame, Vaughn said the project could probably be completed in three months, depending on the weather.

Money for FCCLA considered Several student members of the West Carroll High School Family, Career, and Community Leaders of America (FCCLA) addressed the board, requesting financial help in taking two student teams to the National FCCLA Conference July 2-6 in Nashville.

FCCLA WINNERS — West Carroll High School FCCLA students tell members of the Board of Education about the culinary projects that won them top awards at the State FCCLA Conference and earned them the right to compete at nationals. The students include (standing, from left) Zoey Cook, Alayna Murphy, Aleisha Annis, Elizabeth Hudgins, Emily Hudgins, and Susie Waters.

As FCCLA sponsor Linda Black detailed, two student teams from West Carroll placed first at the State FCCLA Conference earlier this year, qualifying them to participate in national competition.

Ninth graders Zoey Cook, Aleisha Annis, and Susie Waters qualified in the Junior Food Innovations competition with a breakfast smoothie they invented.

Juniors Alayna Murphy, Elizabeth Hudgins, and Emily Hudgins qualified for nationals in the Occupational Food Innovations category with their Hawaiian chicken entrée.

"This is the first time ever that we've had this many qualify for nationals," said Black. "I'm very excited."

Black said that taking all six girls to the conference would cost around \$6,740. She added that they have raised approximately \$2,000 so far through fundraising activities.

"I'm proud of these teams

and the effort they have put in, and I feel like we need to help out," said Halford, who recommended that they continue fundraising efforts and then come back before the board during their June meeting. "You should have a better idea of how much you will need by then."

The students showed off their culinary skills by treating the board and visitors to a full meal after the meeting.

...

In other business, the board: •Approved yearbook supplements for Lee Ann Edwards, Shanna Pafford, and Jeanne Hooper in the amount of \$750 each.

•Approved the 2017-18 school supply lists.

•Approved a trip to Washington D.C. for 7th and 8th grade social studies students during spring break of 2018 on a second reading.

•Voted to go with TEC and Verizon Wireless for local and

long distance phone services and to apply for e-rate reimbursements for these services during the 2017-18 fiscal year.

•Gave second reading approval to a board policy amendment regarding faculty use of social media and text messaging.

•Approved a board policy regarding employee vacations and holidays on a first reading. The new policy limits the number of vacation days that can be rolled over from one year to the next to ten — to go into effect in June of 2018.

•Authorized Wallace to advertise for bids for new student Chromebooks — with the stipulation that the board may choose to reject all bids.

•Heard Wallace express her gratitude to the board for their patience during her year as interim director. "You've done well and handled yourself well," said Halford. "We appreciate all that you have done."

INVITATION TO BID

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
