McKenzie City Florist Honored With Rising Star Award

BY JASON R. MARTIN
jmartin@mckenziebanner.com

MCKENZIE (March 25) — In 2018, David and Michele Jarrett put their entrepreneurial spirit in high gear as they opened McKenzie City Florist & More. Fast forward four years, the Jarretts are celebrating their successful endeavors and were recently presented the Rising Star Award from the Regional Tennessee Small Business Development Center. The Jarretts were joined by family members, city officials as Landy Fuqua, director of the TSBDC at the UT Martin REED Center, made the presentation.

In celebration of National SBDC Day, Fuqua explained the significance of the award, “The Rising Star Award is given annually to a business that best exemplifies not only business success, but an outstanding working relationship with our center and the utilization of the services it provides. In presenting the award, we recognize the entrepreneurial spirit of

the business owners and their tenacity in growing and developing their business, while engaging the community to create a positive economic impact in the region. It is with great pleasure, we are presenting David and Michele Jarrett, owners of McKenzie City Florist & More, LLC, with the 2020 SBDC Rising Star Award.”

On receiving the award, McKenzie City Florist published the following comment, “We are so honored to accept the 2020 Rising Star Award from the Small Business Development Center. This shop has been a vision brought to life by our owners, David and Michele. They have put their heart and soul into building up this business along with the help of their staff and family. Huge thank you to everyone who believed in us and supported us on this journey. Our hearts are humbled and full of gratitude.”

After 30 years of full-time service in the Tennessee National Guard and retiring with the rank of master sergeant, David began looking

for another outlet. This led the Jarrett family to meet with TSBC at the REED Center. David and Michele worked for months building a viable business plan and model. Throughout the planning stages, Director Fuqua learned David has “tenacity” but also the heart of a warrior. She asked why a retired military man would want to open a floral/boutique; David’s answer was simple, “My wife loves flowers,” which showed his true love for Michele.

Since early 2020, David has battled against a brain tumor. There have been many highs and lows in his fight. While Michele and David have been away from their business for treatments and surgeries their three children, Morgan, Zach and Evan have worked in their parents’ stead. The Jarretts’ family business is a true representation of David’s warrior spirit and heart but Michele’s too. The Banner Staff congratulates them on their success and hopes for many more years to come.

The agenda includes bud-

get amendments,

The annual consideration of whether or not to allow varsity basketball practice during the school day for the 2021-2022 school year as recommended by Kelly Spivey,

High School Principal.

Also, the school is considering eliminating the daily temperature checks.

The meeting will conclude with the director’s report.

Electric Board Explores New Retirement Program

New Customer Portal to Launch Soon

HUNTINGDON (March 25) — Carroll County Electric’s Board of Directors voted Thursday to change the retirement program to a state-run Tennessee Consolidated Retirement System (TCRS), assuming a survey of the current employees is favorable toward the change.

Presently, CCED provides 100 percent of the 12 percent of the employees’ regular wages toward a 403B plan, which has no cost-of-living adjustments (COLA) and is invested in public investment markets.

The motion made by Chris Gurley, concerning TCRS reads as follows, “Motion to have TCRS evaluate Plan 2 up to 5 years of service with COLA for Employees.” Motion was seconded by Lori Nolen and approved. Once available, the TCRS data for this scenario will be shared with employees and survey taken to gauge interest level. The Board will then make a decision

to participate or not based upon employee interest and financials. CCED Board began reviewing TCRS options by employee request.

Unlike the current plan, participating employees would be required to pay five percent of their regular wages into the plan. If approved, employees can buy back as much as five years of prior to service to front-end invest in the program. If all eligible employees buy back five years, the total out-of-pocket for employees could be \$833,631 matched by the company’s \$840,490 share.

The employees will be surveyed as to whether or not to switch to TCRS.

Ryan Drewry, office manager, said the average tenure of employees is 21 years.

If the new TCRS plan is implemented, the system’s contribution will be 10.63 percent matched by the employees’ five percent.

Local county and school employees are enrolled in the TCRS.

While more lucrative plans were available, the board cautioned the system maintains only adequate

reserves to cover major emergencies. A major capital expenditure recently was the countywide replacement of self-reading electric meters. The expenditure was paid by cash, which drew down the reserves to approximately \$1 million. The next major project is a new substation in the 1000-Acre Lake area to handle the new demand.

Danny Brawner, general manager, said the TEC is completing its fiber-optic expansion in Carroll County. It will provide high-speed internet to the rural areas of McLemoresville to Huntingdon and in the Buena Vista area. Other areas will also be added in the near future with new grant funding. Brawner said TEC is interconnecting with CCED’s fiber and the interface is located in the server room at the CCED headquarters in Huntingdon.

Drewry said a new customer service app will be available soon to allow CCED customers to pay over the internet. That is in addition to paying by phone, mail or in person. Customers can check their usage

Carroll County Watershed Authority Grants Approval for Private Boat Docks

HUNTINGDON (March 23) — The Carroll County Watershed Authority, the authority of the Carroll County 1000-Acre Recreation Lake, granted approval for the construction of three private boat docks on the water of the lake.

Meeting at Huntingdon City Hall, the board approved the requests of Thomas C. Smith on Southern Shores Point, Lot 107; Lanne and Regina Bradley of Sportsman Cove, Lot 20; and Wes and Kelli Bradley of 395 Sportsmans Cove, Lot 19.

The board approved the renewal of a contract with

ATA to perform the annual fiscal year audit at a price of \$6,900.

Tina Shands, doing business as Sunset Grill, was approved to operate the concession area for the 2021 season. She is to pay the CCWA five percent of sales not to exceed a total of \$500. Sourcewell, a Minnesota-based buying group was approved as the agency to which the CCWA could procure equipment, such as benches, pavilions, etc.

Two lake-area citizens attended the meeting and registered their concerns about the lake. Walter Reaster complained about

the boats speeding in the no-wake area of the lake. He said he has complained for six years with no relief. He said the county could pass a county law and then the sheriff could enforce the lake.

Dale Kelley, secretary/treasurer of the CCWA, said the lake is a separate government entity from the county of Carroll.

Rick Jahnke expressed concern about the siltation entering the lake. One of the sources was traced. Kelley said the Tennessee Department of Environment and Conservation contacted the perpetrators.

Indiana Man Arrested After Shooting Car

Nicholas James West, 41, of Zionsville, Indiana was charged with two counts of aggravated assault with a deadly weapon following a March 20 shooting incident near McKenzie.

According to the report by Carroll County Deputy Chance Townes, he responded to the intersection of Rochell Road and Highway 22 regarding a call about

a vehicle being shot multiple times. Upon arrival, Townes spoke with Jolene Shaltis and Dennis Wright, who said that West fired five shots into the engine of their car and then drove off toward McKenzie. Shaltis said that she and Wright had been following West in order to talk to him about an incident involving Wright’s girlfriend. Shaltis said that

at one point they got West to stop, and when they got out to talk to him, he rolled down his window and started shooting toward their Toyota Prius, hitting it five times. Deputies later located West parked at the entrance to a field off Veterans Drive in Huntingdon. Two firearms and 800 rounds of ammunition were found in West’s possession.

Huffman

...From Front Page

interview and public forum March 11. TBR Chancellor Flora W. Tydings recommended Huffman’s appointment to the board after reviewing input from the campus community and conducting final interviews. The board unanimously approved and Huffman will assume office as president April 1.

Huffman earned a master of professional studies degree in strategic leadership at Austin Peay State University and a bachelor of science in business administration at Bethel College.

“I would like to thank Chancellor Tydings and members of the Board of Regents for allowing me the opportunity to serve as the next President of TCAT Paris and McKenzie,” Huffman said. “Both of these institutions have a long history of produc-

ing quality graduates and a servant mindset for the communities they serve. I want to continue and build on this long-standing tradition. I know with the help of the students, faculty and staff, it is possible. I have witnessed how a technical education can play a major role in changing someone’s life and have a positive impact on their community. I would like to continue to provide opportunities for both students and communities to grow.”

Willie is a native of Henry, a 1977 graduate of Henry County High School, 1981 graduate of Bethel University and a 2012 graduate of Austin Peay State University, where he earned his master’s degree.

Huffman started his career as a student recruiter at Bethel and advanced to assistant director of admissions. He started at the State Area Vocational Technical School, where he worked as student counselor and in financial aid. He transferred to the sister

school in Paris, where he advanced to vice-president of the school under the direction of Dr. Brad White.

Celebrating McKenzie's oldest business and historical record

Tornado of 1997

It Just Fell From the Clouds

In recent weeks, Mother Nature has waged war in the Southeast with a barrage of heavy rains and tornadoes.

With each passing tornado watch and warning, we dodged a serious bullet. In 1997, that was not the case.

On Saturday, March 1, 1997, around 5:15 p.m. a funnel cloud was spotted going over Richardson Subdivision. The tornado left a trail of damage estimated at over \$2 million. 42 homes were damaged with 13 mobile homes destroyed. 10 businesses were hit; Tommy's Carpet was destroyed and scattered along Highway 79.

The Carroll County Electric Department manager at the time, Lynn Compton, said about 90 percent of the damage to electric poles and lines was confined to an area along Highland Drive from Gaines Manufacturing to

Forrest Avenue.

Patrons at the former Catfish Restaurant had front row seats as the tornado crossed Highland Drive. From their vantage point, the funnel struck Carroll County Lumber and moved down the road to Tommy's Carpet. In its trail, the remnants of the businesses were scattered along the highway as the tornado moved to Forrest Avenue Trailer Court.

Witnesses at the start of the tornado were all in agreement in the essence of how the tornado just fell out of a cloud and bounced along its path. It seems as if it all

started near Oak Manor Road where it destroyed 11 greenhouses owned by Trent Johnson. From there, it moved through the Richardson Subdivision bouncing along Winston Avenue, Blackburn Avenue, Richardson Avenue and Windol Street. From the Richardson Subdivision, the tornado moved towards Kencindot Street damaging Gaines Manufacturing Company before aligning itself with a path along Highway 79/Highland Drive.

That same weekend, Arkansas was hit by 20 tornadoes, cutting a path 250 miles long and leaving 24 dead.

HUNKER DOWN WITH KES

Leon Didn't Always Have The Right Answer

One Easter Mom dressed me, Leon and David Mark just alike. Good golly Lord America! It was like one of those Egyptian plagues!

Leon was twelve, I was seven, and Dave was eighteen months younger. Black pants, white short sleeve shirts, black ties and black Buster Brown shoes.

I still carry the scars from that evangelical Sunday.

From the ankles up, the damage was psychological. The feet were an entirely different deal. And if you were ever imprisoned in a brand new pair of rock hard, concrete soled, steel encased, wire laced Buster Brown's, you know exactly what I'm talking about! Listen, I still have a blister on my left heel...

To the best of my recollection Mom sold two hogs to cover our forage into the fashion world.

We had to pry Leon out of the car when we got to the church. Those shoes had me walking like a cardboard Frankenstein as I attempted to negotiate the front steps. The only upside was the wind didn't have a chance of lifting me off the ground.

And then, as a Hemmingway or F. Scot Fitzgerald might inscribe, "things took a downward turn"...

Every single boy under the age of eighteen had on a white short sleeve shirt, black pants and a black tie. We were running around like a black and white rendition of an Energizer Bunny commercial...without the drum and sunglasses of course.

Leon thought we were dressed like a juvenile Mor-

mon Tabernacle Choir without their robes on. I had no idea what he was talking about; which was about the only normal thing happening on this first Sunday in April.

Mr. Ed Wiley read that scripture in Sunday School about Mary Magdalene getting up before daylight and going down to the tomb. I don't remember what she did there because I got to counting all the Buster Brown shoes in the room.

I'm not sure this is scriptural but between Sunday School and big church we'd most always mosey across the street to Y. D. Moore's service station. We didn't all have a nickel for the outside Coke machine, but some did. We'd recount the week, share a story or two and make some after school plans for Monday.

On this special Sunday, we

mostly stood around looking awkwardly alike. I would have killed for a camel hair frock and a wide leather belt. If it was good enough for John the Baptist...

We marched into church like, well I guess, a robe-less juvenile Mormon Tabernacle Choir. Without a doubt, we inspired the writing of the Pete Seeger classic folksong, "And they're all make out of ticky-tacky, and they all look just the same."

After our choir finished "Up from the grave He arose..." and Mr. Aaron Bradfield prayed over the offering we settled in for Bro. Hatcher's Easter sermon. He hadn't even gotten Mary Magdalene full awake before my mind drifted to rabbits.

Now, the Bible is chocked full of lambs. There is a fair amount of cattle, pigs, lions, camels and a big fish or two. And lots of birds! But

I was hard pressed to come up with any verses about rabbits...unless they were hopping around in Leviticus or Deuteronomy.

Billy Graham is the only guy that I was for dead certain sure had read those books.

My seven year old mind was on a crusade. How and why are rabbits associated with Easter? I was trying to remember what they had to eat at that Last Supper besides bread.

It just didn't seem to me there was any connection whatsoever between a death, burial, resurrection AND a furry bunny rabbit.

Now, full disclosure, my not understanding didn't stop me from biting the ears off of every chocolate bunny I could get my hands on! I was young and curious but I was not crazy. I remembered that verse in Hezekiah about never looking a gift horse in the mouth...Bro. Hatcher was comparing some of us to doubting Thomas when

my mind hopped to "how come" eggs are involved in this saga. They made less sense than rabbits!

We celebrate one of the most sacred days of the year by decorating eggs and "oo-hing and aahing" over multicolored rabbits. I'm sure there is some Pharisaical medieval story that puts all of this together. Mark me down with Thomas on some of this stuff!

I asked Leon when we were getting in the car about this puzzling combination. "Well, it's simple." He was never without an answer. "When Jesus was a boy back in Nazareth he had a pet rabbit that would carry the basket when they went to collect the morning eggs."

He didn't know either.

We all three limped into the house shedding our ties and white shirts as we pondered Easter, rabbits, painted eggs and a ransom given for all...

Respectfully,
Kes

March is Extension Month

March has been designated as Extension Month throughout America. The Extension Service was established in 1914 through the Smith-Lever Act which required an Extension Service presence in each county. The goal of the Extension Service is to improve the lives of the people through education and research. The roots of the Extension Service were laid before the Smith-Lever Act. The Morrell Act established a system of land grant universities. The Hatch Act of the late 1800s created agricultural experiment stations at the land grant universities. The Smith-Lever Act created the mechanism by which research-based information would be disseminated from the Experiment Stations and Universities to the people throughout the State.

The Extension Service has played an important role throughout time. In the 1930s Home Demonstration Clubs taught farm women food canning practices to help get through the Great Depression. In the 1940s the Extension Service was one of the agencies that sold war bonds. The Extension also encouraged planting Victory Gardens to help increase the food supply during World War II. The Extension Service worked with Rural Electrification Administration (REA) in electrifying rural America.

In the 1950s Extension worked with World War II vets to teach modern agricultural practices. In the 1980s counties implemented a variety of research trials.

The Carroll County Extension Service is administered through the University of Tennessee Institute of Agriculture. Programs are conducted in Agriculture

and Natural Resource Management, Rural Community Development, 4-H, and Family and Consumer Science.

4-H is conducted through all five county school systems and with the Home School Group. 4-H is available to students in grades 4-12. The purpose of 4-H is to teach life skills to youth. 4-H meets monthly in classrooms throughout the county. Educational programs are conducted which support testing standards for the grades. Contests that promote the development of life skills are also conducted in the clubs. Out-of-school activities such as camps, conferences, judging events, project activities, workshops and citizenship events are all part of 4-H.

Family and Community Science programs teach residents programs in human development, environmental health and housing, community health, consumer economics, and nutrition and food safety.

Programs in Ag and Natural Resources include work with beef and row crop producers, vegetable producers, Homeowners, landowners, and small farmers. Advanced Master Beef classes are taught annually, assistance with Tennessee Ag Enhancement Grants, and Pesticide Training and Certification are also parts of the ag program. The Extension Service also works with those opening small ag-related business ventures.

The Carroll County Extension Staff includes Michelle Sanders — Administrative Assistant, Lacey Yele — Family and Consumer Science Agent, and Kenny Herndon — County Director/Ag and Natural Resources Agent. WE are currently in the process of hiring a 4-H Agent.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Huntingdon Police Reports

Over \$50,000 stolen — The Huntingdon Police Department is investigating the recent theft of over \$50,000 in cash from a Huntingdon business.

According to the report by Officer Richard Crossno, he responded on March 14 to a call about a possible burglary at Mi Pueblito Restaurant on Elks Lodge Road. Crossno spoke with employees who showed him a broken front window and a broken brick on the floor. During the course of the investigation, officers found that the cash register had been broken into, and a safe and lockbox in the office had been opened and all the contents taken, except for a few penny rolls. Officers contacted Christian and Dianna Ceda, who run the restaurant but were out of town at the time, and they said there had been over \$50,250 in cash in the safe. Officers also reviewed video from surveillance cameras, which showed a tall man wearing a mask and a white or gray sweatshirt and hoody break in through the window between 1 a.m. and 2:10 a.m., break into the cash register, and then go into the office and stay for a long time. Officers questioned several employees at the scene.

Drug Possession — Kristin Brooke Plunkett of Cedar Grove was cited for drug possession during a March 12 traffic stop in Huntingdon.

According to the report by Officer Michael Verner, he stopped a Honda minivan at a local convenience store due to out-of-date tags. While speaking with the male driver, Verner detected the odor of marijuana. A computer check showed the license of the male driver, who was not named in the report, was suspended, and the license of Plunkett, a passenger in

the vehicle, was revoked. Plunkett was found to be in possession of a small amount of methamphetamine and a pipe used for smoking drugs.

Multiple Charges — Samuel Gregory of Huntingdon was charged with attempted aggravated burglary, disorderly conduct, and public intoxication following a March 10 incident in Huntingdon.

According to the report by Officer Labe Ezell, he responded to a call about an attempted break-in at a residence on Bridgeman Street. Upon arrival, Ezell observed three people coming out of the woods, and they told Ezell that they had chased a man who had tried to break into the house through the woods. They said the man was wearing bright yellow. Shortly thereafter, Lt. Angie Barker observed a man wearing bright yellow shorts staggering along Bridgeman Street. Ezell made contact with Gregory and observed that his arms and legs appeared to have scratches on them. Ezell reported that Gregory allegedly tried to kick in the door of the house, made death threats and shouted racial slurs toward a neighbor who confronted him, and appeared to be under the influence of an intoxicating substance.

Drug, Weapons Violations — Shawn P. Bradley of Huntingdon was charged with possession of a schedule IV drug and possession of a weapon by a convicted felon during a March 17 traffic stop in Huntingdon.

Officer Michael Verner reported that he pulled over a blue Ford SUV after getting a call about a possible drunk driver and observing the vehicle stop in the lane of traffic and almost get hit by another vehicle while pulling out onto Highway

22 North. Verner identified Brandy L. Hardin as the driver and asked her if she had been drinking or taking drugs. While giving Hardin field-sobriety tests, Verner observed that she could not stand up very well, and Hardin refused to submit to a blood test. Bradley, who was a passenger in the vehicle and has a felony conviction out of Henry County, was found to be in possession of 12 Xanax pills, a loaded 22 rifle, and a loaded nine-millimeter magazine. The report did not list any charges against Hardin.

DUI, Drugs — Stella L. Siggers of Huntingdon was charged with DUI (second offense), possession of methamphetamine, and drug paraphernalia following a March 21 traffic accident in Huntingdon.

According to the report by Officer Carlton Cupples, he responded to an accident on West Paris Street, and upon arrival, he found that a 1997 Chevy S-10 driven by Siggers had run off the roadway and crashed into a white fence. Cupples observed that Siggers was disoriented and her speech was slurred. When asked if she was injured, Siggers said she was okay. After she was checked out by EMS responders, Cupples tried to give Siggers field sobriety tests, but she was unable to complete them. She did agree to take a blood test. Cupples and another officer observed pill bottles and a small plastic baggie in plain sight in Siggers' purse inside the vehicle. A search of her purse yielded two glass pipes with methamphetamine residue, three empty pill bottles with the labels removed, and a baggie containing a substance that tested positive for meth.

McKenzie Police Reports

Auto Burglary, Possession of Drug Paraphernalia — Michael A. Gilbert, 37, Magnolia Avenue, McKenzie was charged with attempted burglary of an automobile on March 18. Officer Jeremiah Brooks responded to Park Street shortly after noon to a report of an automobile burglary in progress. The owner of the vehicle witnessed Gilbert jump into her unoccupied car and attempt to steal it. Nothing was determined to be missing. Officer Brooks took Gilbert into custody and found a crystal-like substance in a baggie and a smoking pipe.

Driving While Suspended, Simple Possession, Manufacturing Meth — Zachary E. English, 30, Hamilton Street, McKenzie and John David Forrest, 31, Clear Lake Road, McKenzie were charged with offenses after a traffic stop on March 26. Officer Dalton Raspberry received a call from an off-duty officer who stated he witnessed English driving and knew his license to be suspended. Raspberry was assisted by Officer Mark Boaz at the scene.

Raspberry questioned if there was anything illegal in the vehicle. After a consent search, officers found a needle in English's back pocket, digital scales, tablets believed to be Ecstasy, a torch lighter, a dark glass pipe, 1.2 grams of a leafy-

green substance believed to be marijuana, a woman's wallet with a driver's license and another needle.

English was charged with driving on suspended - first offense, drug paraphernalia, possession of marijuana.

Forrest was charged with drug paraphernalia and possession of schedule I with intent to resale.

An Emily Hood arrived at the scene in an attempt to take possession of the vehicle as a holder of a valid driver's license. She was arrested because there was an active failure to appear warrant out on her in Weakley County. She was transported to Carroll County Jail for extradition to Weakley County. Another driver arrived and was able to take possession of the Dodge Durango and also drive Mr. English, who was cited into court and not immediately arrested.

While en route to jail, Forrest confessed the officers did not find another concealed tub of drugs hidden in Forrest's clothes. Forrest did not want the additional charge of bringing contraband into a penal facility at the jail. When Forrest and Officer Raspberry were in the sally port at the jail, Forrest presented the tub of methamphetamine.

A sally port is an area with interlocking doors at the jail. Only one door can open at a time. The door locks are controlled by cor-

rections officers.

Driving on a Suspended License — Ricky J. Lott, 38, Magnolia Avenue, McKenzie was charged with driving on a suspended license-second offense and violation of financial responsibility after a traffic stop on March 22.

According to the report by Deputy Townes, he responded to the intersection of Rochell Road and Highway 22 regarding a call about a vehicle being shot multiple times. Upon arrival, Townes spoke with Jolene Shaltis and Dennis Wright, who said that West fired five shots into the engine of their car and then drove off toward McKenzie. Shaltis said that she and Wright had been following West in order to talk to him about an incident involving Wright's girlfriend. Shaltis said that at one point they got West to stop, and when they got out to talk to him, he rolled down his window and started shooting toward their Toyota Prius, hitting it five times. Deputies later located West parked at the entrance to a field off Veterans Drive in Huntingdon. Two firearms and 800 rounds of ammunition were found in West's possession.

Stolen Vehicle — Deputies are investigating the recent theft of a vehicle from private property near Bruceton.

Lawrance Vetrone, Jr. told deputies on March 23 that his 2018 Polaris Razor was stolen from his front yard on Roundhouse. Vetrone de-

scribed the vehicle as blue and white with tower speakers and black front wheels and white back wheels. The vehicle was valued at \$25,000.

Scam — Deputies are looking into a recent scam involving the loss of money.

According to the report by Deputy Jackie Wallace, a bank official with the Johnsonville TVA Credit Union contacted the Sheriff's Department on March 25 and notified them that a customer, who is a Bruceton resident, had been the victim of a scam. The victim told Wallace that an individual claiming to be a drug enforcement agent from Maryland called him, said that he had a warrant out of Texas, and instructed him to withdraw \$15,000 in cash and ship the money via UPS to an Illinois address. The victim said that he did as instructed. Wallace noted that the package was picked up at a UPS center under the name Castillo Simon, but there was no video evidence showing the person picking up the package.

Trespassing — Denise Christina Arnold, 40, of 41 Church Street, McLemoresville, was charged with aggravated criminal trespassing following a March 21 incident in McLemoresville.

According to the report by Deputy Cody Walker, he responded to a call about a home invasion at a Main Street residence. A female resident told Walker that

she was asleep when Arnold walked into her home without permission. Arnold was transported to the Carroll County Jail.

Drug Charges — Drew Logan Autry, 27, of 4452 Ephesus Church Road, Hollow Rock, was arrested on drug charges following a domestic incident on March 20.

According to the report by Deputy Kenny Tucker, deputies responded to 4620 Ephesus Church Road after Autry's grandmother, Debra Williams, called the Sheriff's Department regarding her grandson. Williams told deputies that they got into a verbal argument about Autry spraying and using ether inside her home, and, at one point, Autry tried to stab his uncle with a chainsaw file and then left and started walking down Pardue Road.

Upon arrival, deputies found Autry and his uncle engaged in a verbal argument. Tucker noted that Autry smelled of ether, was acting very nervous, and was attempting to walk away. Before being searched by deputies, Autry said he had a small amount of marijuana in his possession.

During their search of Autry, deputies found a small glass container containing a substance the tested positive for methamphetamine, a glass pipe containing a small amount of marijuana, a small knife, a glass container of a liquid believed to be ether, numerous plastic baggies, and small metal containers with old coins and jewelry in them.

Upon arrival, deputies could hear a male arguing with a female as they knocked on the door. After being unable to get anyone to come to the door and having reason to fear for the female's safety, deputies forced entry into the residence and made contact with a female resident, whose face was visibly battered and bruised. McKenzie Girls' Summer Softball Holds Jamboree

MCKENZIE (March 27) — McKenzie summer softball leagues held a kickoff jamboree at McKenzie Park on Saturday. The event started with a prayer and singing of the National Anthem and the introduction of the teams. Each of the teams lined the inner-most area of the outfield of the high school softball field. The array of colors of uniforms were beautiful as the young competitors readied for competition. For some, it was their first season and others had a few years of competition. McKenzie Elementary School Principal Tonya Brown threw the first pitch as Assistant Principal Josh Kee served as the catcher. The day's events were shortened as a thunderstorm made its way to McKenzie.
